The venue is in a residential area and over the last six months has seen a considerable amount of crime relating directly to the venue.

There was a recent TEN's granted at the venue on 30<sup>th</sup> October 2013 and during this event, staff seemed to appear to struggle with the operation. Items that were pointed out at this time were:

- Door supervisors were not controlling the queue and which was spilling across the pavement, causing people to walk in the road to pass.
- There appeared to be no control by door supervisors over customers walking across the road through traffic to the off-license across the road to 'pre-load'
- There was no control over the outdoor smoking area, meaning customers were blocking the pavement and causing others to walking in the road to avoid the smokers
- There was no control at the front door, allowing /preventing access to the facility by door supervisors. This caused blockage at the front door.
- There was no obvious circuit of the building being walked by security staff as was promised by the applicant. If this had happened, there would not have been noise complaints or ASB.
- 

However, should the Committee consider that the TENs be agreed, then this responsible authority recommend that the following conditions be placed on the notice:

- At least one (1) SIA licensed door supervisor shall be walking the perimeter of the building at all times to deal with ASB and noise issues.
- The premises shall provide a designated smoking area which will be supervised by a dedicated member of staff at all times when in use.
- The premises shall have a safe and effective dispersal plan for the end of the event to ensure all patrons leave the premises swiftly and quietly.

There was a TEN at this premises on 30 October. Noise Patrol were called and their report is pasted below:

Phoned comp at 2333hrs. Visited at 2345hrs and on arrival heard very loud bass music and saw approx. 80-100 people some outside the Rotary bar and others on the streets- City Rd and Featherstone St, smoking, drinking and having loud conversations. There was also empty bottles, cans and general rubbish on the pavement outside the bar. The noise was a nuisance. Spoke to the general manager, Sol Negron, who said that it was a private party and the music will be lowered at midnight. The premises closes at 4am.  
CM06 (Nuisance witnessed, referred to Case Officer)

I contacted the resident that called Noise Patrol the following day and they stated the music carried on after Noise Patrol had left the area and after midnight.

I have checked the TEN for 31 October and it was timed from 00:01 until 04:00. The same undertakings were given in that they stated alcohol would be sold for consumption on the premises only. At the time of the Noise Patrol visit on 30 October, the TEN was not actually running as the timings applied to 00:01 – 04:00 on 31 October. However there is a noise condition on the premises licence as follows that were clearly not being enforced at the time of their visit:

1. Patrons entering and leaving the premises shall be managed to prevent causing a public nuisance.

Noise Team has no confidence that the licensing objective of the prevention of public nuisance will be promoted by this event and we ask that Licensing Committee refuses this application.

Anne Bremer
