Islington Council

Dear Sir/Madam

Licence Application:

Zara Cafe 163 Hornsey Road London N7

Your ref WK/121367184

I refer to your undated letter in relation to the above.

I am an elderly resident of premises in the vicinity of the Applicant Premises. Please therefore keep confidential and delete my name and details from any records in this regard.

I wish to lodge my objection to the application for a premises licence for the following reasons:

Prevention of Nuisance

1. The application is (naturally) being made to increase business, however this will increase noise emanating from the premises and increase noise from patrons arriving and leaving late at night. The attendant shouting, screaming, door slamming and fighting in addition to that already existing as a result of the immediately adjacent Eaglet Pub negatively impact on my and others' peace and quiet generally and form a nuisance.
2. When the Applicant Premises was until recently operating late night music/dancing establishment, the noise, thumping and drumming sounds emanating from the un-insulated premises and especially when the door was left open or opened and closed very frequently by patrons was unbearable as will any return to this activity for the opening times applied for.
3. The Applicant Premises has a large plate glass window area and no sound proofing, the noise which will undoubtedly be generated by or attributed to the premises will be excessive
4. The existing Eaglet Pub, together with the effects of the licence application at 116 Seven Sisters Road (your ref 129895), already produces an excess of noise late in the night, both from revellers entering and leaving and from music noise escaping therefrom. The excessive licensed opening hours for the applicant here will make matters worse in this regard, especially if the Premises is not properly sound-proofed.

Crime and Disorder

1. Whilst the operators of the existing Applicant are no doubt decent people, on past performance of late night openings of other premises nearby, the area attracts various unsavoury characters who regularly fight, shout obscenities and generally, vomit and urinate in the street, often against or over my own property.
2. Revellers of those premises find it convenient to congregate outside my premises after hours and to continue to consume food and drink. Items of alcoholic drink packaging, bottles and fast food

purchased in the vicinity are then left to litter my property and make entrance and exit therefrom slippery and dangerous as a result of the spilled food and drink and urine. This is not acceptable. Again, it is feared that the existing nuisance will increase unacceptably with the granting of a late licence to the Applicant.

3. The congregation of youths and their irresponsible behaviour, which is attributable to the late opening, will be terribly intimidating especially to a person of my age.
4. The Police are called at regular intervals to intervene in fights at or outside other premises such as the adjacent pub, the Eaglet. The late closing of the Applicant's premises will only lead to increased local tension between the revellers of the various premises. The Police resources are already stretched in the Borough and the issues deriving from a late licence will only make them worse and reduce effective policing generally.

Public Safety

1. There already is insufficient parking for revellers to attend the existing establishment, and the granting of a very late licence to the Applicant will make the congestion in Seven Sisters Road, Hornsey Road and the surrounding area even worse.
2. The narrow Hornsey Road is already difficult for the passage of fire/ambulance/police vehicles and busses. The late opening will prolong and exacerbate this problem.
3. Taxi cabs and private vehicles (which are still being used as mini cabs illegally) are attracted to the area in search of fares from revellers. When the Eaglet shuts now, there is already a great amount of disruption (more shouting, door slamming, U turns in the road, car alarms sounding etc); therefore granting a late licence to the Applicant will increase the intensity of this nuisance and for longer periods. I have a Blue Badge but am usually unable to use it as I cannot find a place to stop the car sufficiently close to my home because of the parking problem created by the existing establishments.
4. In the past, I have had occasion to complain to the managers of the Eaglet as to excessively noisy and early deliveries of supplies. Obviously, with increased trade from late opening to the Applicant Premises such deliveries will be more frequent and of longer duration. The disruption will be intolerable especially after a late opening night.

In my opinion, the combination of increased traffic congestion, noise pollution, reveller and Police activity would, resulting from the granting of a late Licence to the Applicant would lead to an unacceptable deterioration in the quality of my and others' life and in the nature of the district as a whole.

I would urge you not to grant a licence for the late opening times sought by the Applicant but to decline the application.

Yours sincerely

***Please detail the evidence supporting your representation. Or the reason for your representation.
Please use separate sheets if necessary***

To prevent public nuisance

We are making our representation for the minimisation and prevention of risk of noise pollution to neighbouring residential occupiers. We make the following observations:

I note there are residential properties in the vicinity of the licensed premises. The potential for noise outbreak to the annoyance of residents in these properties is highly likely.

I have concerns regarding the impact from regulated entertainment on nearby neighbours, due to the late hours applied for.

The Noise Team therefore object to this licence. I would add that the objection will be withdrawn provided the paragraphs below are accepted as conditions.

Suggested conditions that could be added to the licence to remedy your representation or other suggestions you would like the Licensing Sub Committee to take into account. Please use separate sheets where necessary.

- 1. The licensee shall appoint a noise consultant or sound engineer who is a member of the Institute of Acoustics or Association of Noise Consultants to prepare a scheme of sound insulation and noise control measures to prevent persons in the neighbourhood from being unreasonably disturbed by regulated entertainment from the premises. The scheme shall be submitted for approval by the Council, and the approved scheme fully implemented to the satisfaction of the Council within 28 days from the date of the licence.**
- 2. All amplified music played within the premises shall be subject to the control of an entertainment noise control system (sound limiter). All pre-recorded music played through the in-house music system shall be controlled by an automatic electronic noise limiting device which restricts the sound system output to below pre-set threshold levels. The device shall be installed and calibrated to the Council's satisfaction within 28 days from the date of the licence and the calibration certificate forwarded to the Licensing Team. If there are any changes in the distribution and type of loudspeakers or amplification equipment serving the in-house sound systems, then the noise control systems shall be re-calibrated to ensure the agreed music levels are not exceeded. The calibration certificate shall be forwarded to the Licensing team.**
- 3. The controls for the entertainment noise control systems shall be located in a secure, lockable cupboard or similar location. Access to the entertainment noise control systems shall be restricted to the Licensee and designated manager.**
- 4. An acoustic consultant or sound engineer who is a member of the institute of Acoustics or Association of Noise Consultants shall calibrate the entertainment noise control system annually. The calibration certificate shall be forwarded to the Licensing Team 28 days from the anniversary of the granting of the licence and should include details on the equipment being used in the premises at the time of calibration.**

	<ol style="list-style-type: none">5. Windows and doors to the premises will be kept closed, except for entry and exit and for health and safety reasons, at all times when noise generating regulated entertainment is taking place.6. Prominent, clear and legible notices must be displayed at all public exits requesting the public to respect the needs of local residents and to leave the premises and area quietly.7. Drinks not to be consumed outside the premises at any time.8. No rubbish including bottles will be moved, removed or placed in outside areas on Sundays or Bank/Public Holidays and between the hours of 22:00 and 07:00 other days of the week.9. No deliveries on Sundays or Bank/Public Holidays and between the hours of 22:00 and 07:00 other days of the week.
