3	Children's Services	Adult and Community Learning	Not filling vacant posts, reduction in management costs and relocating Adult and Community Learning from 3 Corners to Finsbury Library.	85
4	Children's Services	Adventure Play	Maintain adventure play by securing additional income.	124
5	Children's Services	Children Looked After	Cross-cutting savings from PAUSE project.	113
6	Children's Services	Data and Performance	Align data analysis more closely with corporate priority outcomes.	36
7	Children's Services	Early Help	Generate additional payment by results income by ensuring staff in other teams such as Children In Need, Families First and Targeted Youth are supported to claim for work where the whole family has been supported.	320
8	Children's Services	Employment, iWork	Not filling vacant posts; use of funds from planning gain to meet the cost of a construction job coach post instead of core funds; and recouping recurrent underspend on childcare bursaries.	120
9	Children's Services	Libraries	Move to online notifications and move to digital phone system.	35
10	Children's Services	Libraries	Saving from vacant posts.	35
11	Children's Services	Libraries	Reduce stock budget to match demand.	30
12	Children's Services	Looked After Children	A move to purchase additional HASS accommodation where previously more expensive accommodation has had to be used for young people.	325
13	Children's Services	Partnerships and Support Services	Reduce central support services.	85
14	Children's Services	Safeguarding & Family Support	Delete the currently vacant policy officer role as tasks absorbed into other parts of the service.	54
15	Children's Services	Safeguarding & Family Support - all (except CIN and LAC)	Introduce a 2% vacancy factor for posts in business support, safeguarding and quality assurance and early help (not in Children In Need and Children Looked After).	145
16	Corporate	Community Infrastructure Levy	More strategic use of CIL.	8,000
17	Corporate	Members' Pension Scheme	Remove the £40k ongoing provision currently reserved to fund a Members' pension scheme, which cannot be used because of legislative barriers.	40

## **APPENDIX B - GENERAL FUND SAVINGS 2018-19**

#	DIRECTORATE	SERVICE	SUMMARY DESCRIPTION	2018-19 £000s
18	Environment and Regeneration	All	Further growth in commercial waste income.	250
19	Environment and Regeneration	Depots	Income from recharges to external users of the Waste Recycling Centre.	380
20	Environment and Regeneration	Fleet	Savings in fleet hire, maintenance and running costs as fleet is replaced by new more efficient vehicles.	500
21	Environment and Regeneration	Greenspace and Leisure Services	Generate additional income in Greenspace and Leisure, through increased management fee due from our leisure contract (£350k); increased park events including at Finsbury Square (£275k); and additional income from selling tree services (£15k).	640
22	Environment and Regeneration	Highways and Lighting	Convert street lighting lamps to LED.	200
23	Environment and Regeneration	Highways and Lighting	Additional advertising income from new on-street advertising contract.	200
24	Environment and Regeneration	Planning and Development	Reduce management within the Planning and Development division.	200
25	Environment and Regeneration	Planning and Development	Additional planning income will be generated by increasing fees for pre-application advice and planning performance agreements. Increased fees for 2018-19 have been proposed following a benchmarking exercise with adjoining boroughs. The proposed fee increases mean that the Islington fees remain on a par with similar boroughs, and that developers make a fair contribution towards the cost of funding the service.	120
26	Environment and Regeneration	Public Protection	The division has a number of vacant posts that can be deleted with no detrimental impact upon current service levels. These include 7 support officer roles in various service areas cross the division (5.75 FTE) and an Environmental Health Operations Manager post (0.75 FTE).	257
27	Environment and Regeneration	Street Environment Services	Reduce reliance on overtime.	90
28	Environment and Regeneration	Traffic & Parking	Introduce a surcharge of £2 per hour for diesel cars to use pay and display bays. This will help improve air quality in the borough and income received will be applied to the parking account where any surplus is ring-fenced to be spent on highways, transport and environmental activities.	1,200
29	Environment and Regeneration	Traffic & Parking	A new parking contract commenced in September 2017. Introductions of new technologies has allowed the new contract to be procured at a lower cost base.	1,200
30	Housing and Adult Social Services	Adult Social Care	Develop a new delivery model for in-house services including reablement. Redesign services to take a strengths based approach that is more personalised and focuses on employment for working age adults. Ensure residential premises are able to provide a home for life.	1,600
31	Housing and Adult Social Services	Adult Social Care	Move to a new model of commissioning primary prevention services with strategic partners. This will consolidate our current offer and support a whole life course approach to prevention across the borough, strengthening community, family and personal resilience.	500

## **APPENDIX B - GENERAL FUND SAVINGS 2018-19**

#	DIRECTORATE	SERVICE	SUMMARY DESCRIPTION	2018-19 £000s
32	Housing and Adult Social Services	Adult Social Care	Better target mental health resources. Review mental health day services provision to strengthen recovery.	300
33	Housing and Adult Social Services	Adult Social Services	Using the Improved Better Care Fund grant to stabilise the social care system, with an emphasis on supporting our older residents through developing sustainable integrated pathways with health partners.	1,000
34	Housing and Adult Social Services	Adult Social Services	Deliver night support – a responsive service that can undertake visits, deliver assistance or provide call outs. Savings would be generated by reducing waking night provision and instead meeting these needs through night visits.	217
35	Housing and Adult Social Services	Adult Social Services	Expansion in intermediate care provision. Conversion of 20 units from Sheltered to Sheltered Plus – allowing us an intervention offer for older people who need support at night, to stop them going into residential care. These will be introduced with the agreement of providers on a phased basis.	197
36	Housing and Adult Social Services	Adult Social Services	A new offer of employment and day opportunities. This will be built around individuals accessing specialist support for finding jobs, or interacting with mainstream facilities. This offer would be open for 18-65 year olds across LD, PD and MH services, based upon a cost and volume framework.	55
37	Housing and Adult Social Services	Housing General Fund - Housing Needs and Private Housing Partnerships	Ongoing programme to reduce staffing costs through channel shift, improve processes and restructure to deliver the Housing Needs and Private Housing Partnerships service with fewer staff.	250
38	Housing and Adult Social Services	Housing needs and strategy	Increase HRA recharge income to the General Fund to cover eligible services.	150
39	Housing and Adult Social Services	Housing Related Support	Review housing related support pathways to ensure accommodation models are supporting personalised and strengths-based approaches to Adult Social Care. Specifically, enabling step-up and step-down support.	50
40	Housing and Adult Social Services	Learning Disabilities	Efficiencies in service provision for learning disability clients. Ensure care meets service users' needs, reduce excess care and support people to lead more independent lives with universal services.	1,300
41	Housing and Adult Social Services	Strategy and Commissioning	Drive contract efficiencies. Develop new commissioning approaches across North Central London, re-negotiate contracts, strengthen annual uplift process for spot contracts and use dynamic purchasing system.	500
42	Housing and Adult Social Services	Strategy and Commissioning	Reduce commissioning capacity. Hold vacancies, review transactional processes and develop a stronger Adult Social Care Commissioning offer.	360
43	Public Health	Public Health	Contract variation in the exercise on referral and weight management service, which is expected to have limited impact on service delivery.	20
44	Public Health	Public Health Commissioning - Health Visiting	Deleting vacancies due to national recruitment issues which currently mean that posts are left consistently unfilled, therefore leading to a reduction in staffing budgets.	263
45	Public Health	School Age Services	Achieve savings in the oral health contract by increased targeting of the fluoride varnish scheme to younger children, and some reduction in general oral health promotion activities. Move to a new model of supporting children and families around weight issues, through the development of an integrated health promotion model for school aged children.	151
46	Public Health	Sexual Health	Reduce staffing costs whilst maintaining services by combining roles and increased sharing across two boroughs as part of the young people's sexual health network.	155

## **APPENDIX B - GENERAL FUND SAVINGS 2018-19**

#	DIRECTORATE	SERVICE	SUMMARY DESCRIPTION	2018-19 £000s
47	Public Health	Sexual Health Services	Secure saving from having transformed the way we pay providers for genito-urinary medicine and sexual health services (through having negotiated a new London-wide tariff) and having redesigned sexual health services.	650
48	Public Health	Substance Misuse	Transform and integrate services for residents and families with substance misuse needs, to support earlier intervention and recovery.	1,130
49	Resources	All department	Review of all budgets to remove any surpluses and underspends. This will not affect service delivery as it is a technical adjustment to reflect current spending patterns in the budget.	300
50	Resources	All department	Vacancy management across the directorate.	200
51	Resources	Assembly Hall	Reflect the higher income already being collected in the budget.	60
52	Resources	Business Rates	Growth in retained business rates income based on forecast for the current year.	2,000
53	Resources	Council Tax collection	Expand the Debt Recovery Team by 5 staff and collect additional council tax income over and above the cost of the staff employed.	300
54	Resources	Facilities Management	Facilities Management efficiency savings.	200
55	Resources	Financial Management	Continued active management of the council's cash flow, borrowing and lending to deliver further savings.	3,600
56	Resources	Financial Operations and Customer Services	Reduction in spend on benefits processing with the gradual introduction of Universal Credit.	600
57	Resources	Financial Operations and Customer Services	Increase council tax collection rate from 97% to 98%.	400
58	Resources	Legal Services	Increase Legal Services income.	20
59	Resources	Property	Generate additional income across our property portfolio.	856

## Memorandum of Understanding

### THE GREATER LONDON AUTHORITY and THE LONDON BOROUGHS and THE CITY OF LONDON CORPORATION (together the "Participating Authorities")

#### 1 Legal Effect and Definitions

- 1.1 This Memorandum of Understanding is produced as a Statement of Intent by the Participating Authorities and shall not be legally binding.

**COLC** means the City of London Corporation, acting by the Common Council in its capacity as a local authority and billing authority;

**DCLG** means the Department for Communities and Local Government;

**Designation Order** means the designation order made by the Secretary of State for Communities and Local Government pursuant to his/her powers under Schedule 7B, Paragraph 34 of the LGFA 1988 a draft of which is annexed at Appendix 1;

**Government** means Her Majesty's Government of the United Kingdom;

**Lead Authority and Accountable Body** means the City of London Corporation acting in its capacity as a local authority and a Participating Authority who shall act as the Accountable Body and lead in managing the Pool's resources, day-to-day financial management of the Pool and the financial interactions with the Government in relation to the Pool and shall constitute the key contact between the Government and the Pool;

**Leaders** mean the leaders (including elected Mayors where applicable) of the Participating Authorities or, in the case of the COLC, the Chairman of the Policy and Resources Committee of the Common Council;

**LGFA 1988** means the Local Government Finance Act 1988 (as amended);

**London Boroughs** means the 32 London boroughs as set out at Appendix 2;

**London Local Authorities** means the London Boroughs and the City of London Corporation in its capacity as a local authority;

**NDR Levy Regulations** means Non-Domestic Rating (Levy and Safety Net) Regulations 2013 (SI 2013/737) (as amended);

**NDRR Retention Regulations** means Non-Domestic Rating (Rates Retention) Regulations 2013 (SI 2013/452) (as amended);

**ONS** means Office for National Statistics;

**Participating Authorities** means the London Boroughs, the City of London Corporation (**COLC**) acting in its capacity as a local authority and the Greater London Authority (**GLA**) (and **Participating Authority** shall be construed accordingly);

**Pool** means the London business rates pool for 2018-19 between the Participating Authorities in accordance with this Memorandum of Understanding;

**Section 31 Grant** means grant paid by a Minister of the Crown to a local authority in England in accordance with section 31 of the Local Government Act 2003;

**Strategic Investment Pot (SIP)** means the funds made available for strategic investment pursuant to top slicing in accordance with paragraph 6.1.3 which shall be used by the Participating Authorities following the Lead Authority's approval to fund projects that will deliver economic growth for London;

**Strategic Investment Projects** means projects which are potentially eligible for strategic investment from the SIP.

## 2 **Background**

- 2.1 This Memorandum of Understanding (**MOU**) between the Participating Authorities sets out the basis on which the Participating Authorities have collectively agreed to operate the Pool and distribute the financial benefits. No provision with this MOU is intended to create any legal relations between the Participating Authorities.
- 2.2 The Participating Authorities agree to act collaboratively and to co-operate with each other in utmost good faith.
- 2.3 Autumn Budget 2017 confirmed government commitment to the London Business Rates retention pilot for 2018/19. This was formally confirmed in a Memorandum of Understanding on the London 100% business rates retention pilot 2018/19 signed by the

Mayor, the Chair of London Councils, the Minister for London and Secretary of State for Communities and Local Government.

- 2.4 The Government has prepared the draft Designation Order attached at Appendix 1 to this Memorandum of Understanding, which establishes the Pool, and shall reflect this in the Provisional Local Government Finance Settlement in December 2017.
- 2.5 The Government is committed to giving the Participating Authorities greater control over the revenues they raise. Subject to the evaluation of the Pilot, the Government will work with London Local Authorities and the GLA to explore the options for grants including, but not limited to: Public Health Grant and the Improved Better Care Fund being transferred to the Pool; the potential for transferring properties in London on the central list to the local list where appropriate; and legislative changes needed to develop a joint committee model for future governance of a London pool.
- 2.6 The Government shall undertake a qualitative evaluation of the progress of the Pool based on the current research programme for the existing business rate retention pilots, with additional focus on the governance mechanism and decision-making process, and the scale of resources dedicated to strategic investment.
- 2.7 Subject to an evaluation of the governance mechanism for the Pool (see paragraph 7), the Government shall explore legislative changes needed to develop a joint committee model in future.

### **3 Aim/Rationale of the Pool**

- 3.1 The Pool will aim to improve the well-being of the communities the Participating Authorities serve in London. By working together, they can retain a greater proportion of business rate growth within London, providing opportunities to further economic growth as well as building financial resilience.

### **4 Principles of the Pilot Pool**

- 4.1 The Participating Authorities hereby confirm their agreement to participate in compliance with this MOU and confirm that they have resolved or intend to duly and properly resolve to accept the Designation Order in satisfaction of Schedule 7B, Paragraph 34(2) of LGFA 1988.
- 4.2 From 1 April 2018 the Participating Authorities shall retain 100% of their non-domestic rating income<sup>1</sup>. The Participating Authorities shall also receive Section 31 Grant from the

---

<sup>1</sup> As defined in the Non-Domestic Rating (Rates Retention) Regulations 2013 (SI2013/452) (as amended).

Government in respect of changes to the business rates system. Section 31 Grant shall amount to 100% of the value of the lost income.

- 4.3 In moving to 100% rates retention, the DCLG shall not pay Revenue Support Grant (**RSG**) to the London Local Authorities in 2018/19. The equivalent value of the notional RSG in 2018/19 is set out in Appendix 3. Tariffs and top-ups will be adjusted accordingly to reflect both the 100% retention of rating income and higher funding baselines.
- 4.4 The Participating Authorities shall not be subject to more onerous rules or constraints under the 100% rates retention Pilot than they would have been if they had remained subject to the 67% retention scheme in place in 2017-18 (which reflects the incremental impact of the GLA's partial pilot as a result of the rolling in of the GLA's RSG and the Transport for London investment grant). No "new burdens" will be transferred to the Participating Authorities and participation in the Pilot will not affect the development or implementation of the Fair Funding Review.
- 4.5 Levy and safety net payments due from/to the Pool shall be calculated in accordance with the NDR Levy Regulations, as if the Participating Authorities were not 100% pilots, but instead were operating under the 50% rates retention scheme adjusted for the GLA's partial pilot for 2017-18 which is continuing as part of the Pool and increased the locally retained share to 67%.
- 4.6 However, notwithstanding the calculation of levy and safety net payments under the NDR Levy Regulations, the Government shall calculate levy and safety net payments due from/to the Pool on the basis that it has a "zero levy rate" and "safety net threshold" of 97%, and that the Participating Authorities will be retaining 100% of London's business rates income. The difference between any sums due under this calculation and the levy/safety net due shall be paid to the Pool via a Section 31 Grant.
- 4.7 This Pool shall be without detriment to the resources that would have been available collectively to the Participating Authorities under the current local government finance regime, over the four-year settlement period. This includes current 67% scheme growth, and reflects Enterprise Zones and "designated areas" where the designations made by the Secretary of State came into force on or before 1 April 2018, along with other special arrangements, such as the statutory provision to reflect the unique circumstances of the COLC, as currently contained in Part II of Schedule 7 to the Local Government Finance Act 1988 and paragraph 1(2) of Schedule 1 to the Non-Domestic Rating (Rates Retention) Regulations 2013.

## 5 **Term of MOU**

- 5.1 This MOU comes into effect from 1 April 2018 and shall continue to be in place unless terminated in accordance with paragraph 5.2 and 11 below ("Dissolution of the Pool").
- 5.2 Were the Pilot to be revoked or the Government to decide that the Pilot should cease after one year (such year commencing on 1 April and ending on 31 March), then the Pool shall lapse at the end of that year and shall be dissolved in accordance with the provisions contained in paragraph 11 below. However, were the Pilot to be continued, the Pool shall continue up to 31 March 2020 unless otherwise agreed in writing by all the Participating Authorities or unless any Participating Authority should choose to leave the Pool in accordance with paragraph 11.2 below.
- 5.3 The Pool will not continue beyond 31 March 2020 without the unanimous written agreement of all Participating Authorities.

## 6 **Distribution of any financial benefit**

- 6.1 This MOU shall constitute the framework agreement for the operation of the Pool in which:
- 6.1.1 each of the Participating Authorities shall receive at least as much from the Pool as they would have individually under the previously applicable 67% retention scheme;
- 6.1.2 the distribution of net additional benefit through growth in business rates collected in London will, subject to paragraph 6.1.3, be allocated to Participating Authorities on the basis of the following proportions:
- (a) 15% to incentivise growth by allowing the Participating Authorities where growth occurs to keep a proportion of the additional resources retained as a result of the Pool;
  - (b) 35% to reflect the Settlement Funding Assessment;
  - (c) 35% according to each Participating Authority's per capita formulation as calculated by the ONS projection for the relevant year (starting with 2018); and
  - (d) 15% for the SIP (see paragraph 10 below).
- 6.1.3 the GLA shall be allocated 36% of each of the sums falling within the sub-paragraphs (a) to (c) above, in order to ensure that such resources as are not top-sliced for the SIP shall be shared between the GLA and the London Local

Authorities in the ratio 36:64, in accordance with the principle previously agreed by London Councils and the GLA in the joint business rate devolution proposals to the Government in September 2016<sup>2</sup>.

## **7 Governance**

- 7.1 The Participating Authorities have resolved to delegate administrative functions in respect of their powers as billing authorities<sup>3</sup> under the NDRR Retention Regulations to COLC acting as the Lead Authority and pursuant to s101 Local Government Act 1972 or Section 9EA(1) of the Local Government Act 2000 where the authorities operate executive arrangements to COLC as the Lead Authority and Accountable Body.
- 7.2 The GLA has resolved to delegate administrative functions as a major precepting authority under s.39(1)(aa) of the Local Government Finance Act 1992 to COLC.

## **8 Lead Authority**

- 8.1 COLC shall act as the accountable body to Government and administer the Pool and provide a secretariat with the assistance of the GLA and London Councils for assessing the Participating Authorities' applications for the SIP against the criteria set out in 10.3.
- 8.2 The GLA shall provide transactional support to the COLC, including treasury management issues and making any monetary transfers between billing authorities in respect of the Pool on behalf of the Lead Authority including any sums due to the GLA. These monetary transfers between participating authorities will be collected or paid by the GLA on the basis of a schedule of payments which will be determined by the COLC in agreement with the Pool, reflecting the Government's payment requirements and scheduled instalment dates. This reflects the fact that the GLA already has the systems in place to manage payment flows to and from billing authorities for the existing business rate retention scheme. The GLA shall also transfer any sums required to COLC based on the schedule of instalments agreed with DCLG so that COLC as Lead Authority can pay the net tariff payment payable by the Pool as approved in the Local Government Finance Settlement. COLC shall also transfer any sums it receives from DCLG in safety net payments to the GLA so that it can distribute this to eligible authorities if applicable.
- 8.3 The Lead Authority's standard responsibilities shall include but not be limited to:
- 8.3.1 all accounting for the finances of the Pool and the SIP including payments to and from the Government;

<sup>2</sup> <http://www.londoncouncils.gov.uk/node/30451>.

<sup>3</sup> Paragraph 45 (Interpretation) of Schedule 7B defines a "relevant authority" as a billing authority in England, or a major precepting authority in England. The list of billing authorities at Schedule 5, Part 1 of the Non-domestic Rating (Rates Retention) Regulations 2013/452 includes the GLA and the London Boroughs<sup>3</sup> as billing authorities and the GLA is also a precepting authority pursuant to section 39 (1) of the Local Government Finance Act 1992.

- 8.3.2 management of the Pool's collection fund;
  - 8.3.3 receiving payments from Participating Authorities and making payments to central government on behalf of Participating Authorities on time;
  - 8.3.4 maintaining a cash account on behalf of the Pool and paying interest on any credit balances;
  - 8.3.5 liaising with and completing all formal Pool returns to central government;
  - 8.3.6 administering the schedule of payments between Pool members in respect of the financial transactions that form part of the Pool's resources;
  - 8.3.7 providing the information required by Participating Authorities in preparing their annual statement of accounts in relation to the activities and resources of the Pool;
  - 8.3.8 leading on reporting to understand the Pool's position during and at the end of the financial year;
  - 8.3.9 responsibility for the net tariff payment to central government as well as the internal tariff and top up payments to the Pool Authorities;
  - 8.3.10 all audit requirements in relation to the Pool;
  - 8.3.11 production of an annual report of the Pool's activity following final allocation of funds for the year;
  - 8.3.12 the administration of the dissolution of the Pool;
  - 8.3.13 all communications with the DCLG including year-end reconciliations;
  - 8.3.14 the collation and submission of information required for planning and monitoring purposes.
- 8.4 The Lead Authority's role in relation to the SIP shall include but not be limited to:
- 8.4.1 maintenance and support of the Pool's governance arrangements and the methodology for the allocation of resources;
  - 8.4.2 assessment and preparation of reports on applications for the SIP supported by London Councils and the GLA in accordance with the agreed criteria.

8.5 The Lead Authority shall prepare reports with proposed recommendations as to SIP allocations and shall circulate the reports to the Participating Authorities for consultation at least 6 weeks in advance of Congress meetings and each Participating Authority shall decide in its absolute discretion and in accordance with its own governance process and scheme of delegation whether that Participating Authority wishes to recommend to the Lead Authority that a Strategic Investment Project is supported or rejected and if rejected together with its reasons for such recommendation. The Lead Authority shall pay due regard to each of the Participating Authorities' responses and may only decide to approve any Strategic Investment Project which meets the majority decision-making arrangements detailed below at paragraph 10.4.

8.6 The Lead Authority may resign from its role on 3 months' written notice to all the Participating Authorities (or longer if required by the Government or where another Participating Authority is neither ready nor willing to assume the role of Lead Authority).

## 9 **Participating Authorities' responsibilities**

9.1 The Lead Authority on behalf of the Pool will need full and accurate relevant information (the "**Reporting Information**") from each of the Participating Authorities in order to enable the Lead Authority to make payments to Government and to and from the Participating Authorities. The Lead Authority shall request the Reporting Information and each Participating Authority shall provide timely Reporting Information to the Lead Authority.

9.2 Each Participating Authority shall make or receive payments to or from the Lead Authority based on the schedule of payments dates referred to in paragraph 8.2.

## 10 **Strategic investment**

10.1 The GLA commits that the GLA's share of any net financial benefit as calculated using the formula at paragraph 6.1.2 shall be spent on strategic investment.

10.2 The combination of the GLA share and the SIP shall as a result of the formula set out in paragraph 6.1.2 make up approximately 50% of the net additional benefits arising from the Pool.

10.3 The SIP shall be spent on projects that:

10.3.1 contribute to the sustainable growth of London's economy and an increase in business rates income either directly or as a result of the wider economic benefits anticipated;

10.3.2 leverage additional investment funding from other private or public sources; and

- 10.3.3 have broad support across London government in accordance with the proposed governance process (see paragraph 10.4 below).
- 10.4 The COLC as Lead Authority shall decide which projects shall be allocated SIP funding following prior consultation with the GLA and the London Boroughs, reflecting decision-making principles designed to protect Mayoral, borough and sub-regional<sup>4</sup> interests, previously endorsed by Leaders and the Mayor of London. These are that:
- 10.4.1 both the GLA and the majority of the London Local Authorities shall have agreed to recommend a Strategic Investment Project for approval; and
- 10.4.2 for these purposes the "majority" shall constitute two-thirds of the London Local Authorities save that where all Participating Authorities in a single sub-region disagree the decision shall not be deemed agreed;
- 10.4.3 if no majority consensus on allocation of the SIP to Strategic Investment Projects can be agreed to enable the Lead Authority to make a decision then the available resources in the SIP shall be rolled forward for future consideration until the resources are spent.
- 10.5 The COLC decisions on Strategic Investment Project allocation shall be taken twice a year to ensure that reports back on Strategic Investment Project allocation decisions coincide with meetings of the Congress of Leaders and the Mayor of London.
- 10.6 Each Participating Authority agrees that it shall ensure that any Strategic Investment Project which it proposes to implement shall be within its powers as a local authority, compliant with public procurement and state aid law, the public sector equality duty and all other legal requirements and proper accounting practices.

## 11 **Dissolution of the Pool**

- 11.1 The Pilot is presumed to operate for 2018-19 only in respect of which the Government will make the Designation Order. Were the Pilot to continue, the Pool will be assumed to continue but any Participating Authority may give notice to leave during the operation of the Pool in accordance with paragraph 5.2 above.
- 11.2 Any Participating Authority seeking to leave the Pool should inform DCLG and all other Participating Authorities as soon as possible. In the event of one or more Participating Authorities leaving the Pool, this Pool would cease to operate at the end of 31<sup>st</sup> March of that year and the Pool would be dissolved in accordance with the provisions of this MOU.

<sup>4</sup> London Councils' map of sub-regions is annexed at Appendix 4. For these purposes, the sub-regions are defined as the Central, West, South and Local London sub-regions as defined for devolved employment support arrangements. If in the future, boroughs wished to change the initial groupings that could be achieved by agreement of the Pool member authorities.

Once the Pool has been established, any Participating Authority leaving the Pool must notify the other Participating Authorities by 30<sup>th</sup> September in any year, to allow the remaining Participating Authorities time to seek designation of a new pool for the following year.

- 11.3 The Lead Authority shall make the necessary calculations and submit the required returns associated with the dissolving of the Pool and shall deal with all outstanding applications in relation to the Pool's SIP following dissolution of the Pool in accordance with paragraph 11.2 above.
- 11.4 In the event that the Pool is dissolved in accordance with paragraph 11.2, the Lead Authority shall distribute to the Participating Authorities any resources held on behalf of the Pool in accordance with the distribution formula set out at paragraph 6.1.2 above, subject to holding back funds required for the resolution of any outstanding appeals relating to the period of the Pool's operation.
- 11.5 COLC shall continue to act as Lead Authority for as long there are any outstanding Pool responsibilities.
- 11.6 The remaining Participating Authorities of the Pool may in their discretion agree to form a new pool and, if they wish, include new members for the following year (subject to a new designation order being made by The Secretary of State for Communities and Local Government).

### Draft Designation Order

## Department for Communities and Local Government

Dear ----,

Further to the announcement in the Budget that the Greater London Authority, the Common Council of the City of London and the 32 London Boroughs are to pilot 100% business rates retention in 2018-19, in accordance with paragraph 34(1) of Schedule 7B to the Local Government Finance Act 1988 (the "1988 Act"), the Secretary of State herewith designates the following authorities as a pool for the purpose of the relevant provisions of the 1988 Act:

- The Greater London Authority
- The Common Council of the City of London; and

The London Boroughs of:

- Barking and Dagenham
- Barnet
- Bexley
- Brent
- Bromley
- Camden
- Croydon
- Ealing
- Enfield
- Greenwich
- Hackney
- Hammersmith and Fulham
- Haringey
- Harrow
- Havering
- Hillingdon
- Hounslow
  
- Islington

- Kensington and Chelsea
- Kingston upon Thames
- Lambeth
- Lewisham
- Merton
- Newham
- Redbridge
- Richmond upon Thames
- Southwark
- Sutton
- Tower Hamlets
- Waltham Forest
- Wandsworth
- Westminster

All members of the Pilot pool have agreed to this designation.

The designation has effect for the year beginning 1st April 2018 and for each subsequent year, unless revoked.

This designation is made subject to the conditions below.

1. The authorities to which this designation relates must appoint a lead authority to exercise the following functions:
  - To make and receive, on behalf of the Pilot pool members, payments in respect of any top ups and tariffs, levy and safety net and safety net on account payments to and from the Department.
  - To make and receive payments between members of the Pilot pool as determined by the governance agreements.
  - Administration (including the operation of the dissolution arrangements) of the Pilot pool, in accordance with the governance arrangements.
2. If this designation is revoked, the authorities covered by this designation must take the following step before the revocation takes effect:
  - Comply with the dissolution arrangements established in the Pilot pool's governance agreement.

Local authorities in the Pilot pool will have 28 days beginning with the date on which the draft Local Government Finance Report is published to consider if they wish to continue to be designated as a Pilot pool. Provided that no authority within the Pilot pool requests the Secretary of State to make a revocation during that period, the Pilot pool will come into effect on 1 April 2018, meaning that all local authorities covered by the designation will remain in the Pilot pool for the full financial year.

If a member of the Pilot pool decides it no longer wishes to be designated as part of a Pilot pool for 2018-19 it must notify DCLG using the e-mail address in the following paragraph. If a local authority

exercises this option to request revocation of the designation before the date of publication of the Provisional Local Government Finance Settlement 2018-19, the rest of the Pilot pool cannot continue. The Secretary of State will then revoke this designation and the local authorities identified as part of this Pilot pool will revert to being considered as individual authorities for the purposes of the business rates retention scheme.

As a consequence of the designation of the London Boroughs of Barking and Dagenham, Croydon and Havering in the above Pool, in accordance with paragraph 34(3) of Schedule 7B to the Local Government Finance Act 1988, the Secretary of State herewith revokes the designations under which, the London Boroughs of Barking and Dagenham, and Havering were part of the South Essex/East London Business Rates Pool and the London Borough of Croydon was part of the Surrey-Croydon Business rates Pool. Accordingly, the following pools will cease to exist from the end of the current financial year.

South Essex / East London Business Rates Pool

- Thurrock
- Basildon
- Havering
- Barking and Dagenham

Surrey – Croydon Pool Business Rates Pool

- Surrey
- Spelthorne
- Elmbridge
- Croydon
- Guildford
- Mole Valley
- Surrey Heath

Title of plan, policy and/or procedure being assessed	<b>Budget Savings Proposals 2018-19</b>
Name of Service Area Assessed	Council-wide

Date of assessment	4 <sup>th</sup> January 2018

### **1. Introduction**

The purpose of this report is to provide an analysis of the likely impact of the Council's budget savings proposals for 2018-19 on residents and employees with 'protected characteristics' as defined by the Equality Act 2010.

The nine protected characteristics are: age, disability, gender reassignment, marriage and civil partnerships, race, religion and belief, pregnancy and maternity, sexual orientation, and gender. Section 149 of the Act requires the Council to comply with the Public Sector Equality Duty (PSED) and have due regard to:

- eliminating discrimination, harassment and victimisation
- advancing equality of opportunity
- fostering good relations

The precise wording of the PSED is set out at the end of this document, in Annex A.

In addition to our statutory duty, it is our policy to also assess the socio-economic, human rights and safeguarding impact of proposals.

The council is committed to a fairer Islington and seeks to protect its most vulnerable residents. We need to understand the effect our policies and practices have on equality. Although the council is not legally obligated to reject savings that could have negative impacts on any particular groups, it must consider carefully and with rigour the impact of its proposals on the PSED as set out above, take a reasonable and proportionate view about the overall impact on particular groups and seek to mitigate negative impacts where possible.

**The overall assessment is that there is no direct discrimination in the budget savings proposals which are outlined below.**

**From the detail available, we have identified that some of the savings could:**

- have a negative impact on equality of opportunity,
- result in indirect consequences for people with protected characteristics,
- or impact on opportunities to promote good relations.

**However, wherever possible mitigations have been identified to minimise these effects.**

**In this context, the council's proposals for achieving savings are considered reasonable and have shown due regard to the PSED.**

## 2. Context

As set out in our Corporate Plan, our vision is to make Islington a fairer place – to create a place where everyone, whatever their background, has the opportunity to reach their potential and enjoy a good quality of life.

### Our priorities

In order to move us closer to this vision, we have the following priorities:

- building more council housing and supporting private renters
- helping residents who are out of work to find the right job
- helping residents cope with the rising cost of living
- providing residents with good services on a tight budget
- making Islington a place where our residents have a good quality of life.

The council has also developed a number of equalities objectives:

- reduce social isolation faced by vulnerable adults
- improve educational attainment of under-performing groups
- tackle hate crime - homophobic, race, faith, disability
- increase employment for disabled people and those with long term health conditions
- improve staff progression for BME and disabled staff

We are currently expecting to have to make £32m of savings in 2018-19, in addition to the £194m savings made over the past six years. While every endeavour is made to protect those in greatest need and at most risk, the Council is faced with some extremely difficult choices. It is inevitable that with reductions in funding levels on such a scale there will be an impact on the services we deliver, including those services provided to residents with protected characteristics.

The Government's Housing Act 2016 and ongoing welfare reforms are anticipated to have additional socio-economic impacts on vulnerable residents in Islington. However, the sale of high value homes proposal has yet to be implemented and it is not currently clear when or if it will come into effect.

There are a number of other recent developments, which should also be noted:

- Homelessness Reduction Act (HRA) and other housing related developments – the HRA imposes new duties on local authorities concerning people who are homeless or at risk of becoming homeless, significantly increasing the cost of providing services. The council is or is likely to be affected by other housing related developments including additional costs of fire safety related work following the Grenfell Tower fire, the current government review of social housing and consultation on housing need leading to increased housebuilding targets over and above the existing local plan. This is likely to impact on disadvantaged groups including women, children, Black or Minority Ethnic (BME) and people with disabilities.
- Children's Services financial pressures – Islington along with many other authorities is experiencing acute financial pressures in children's services (as well as adult social care). This includes looked after children, unaccompanied

asylum seeking children, special needs transport, supported accommodation and children leaving care. Actions to address these pressures will have a particular impact on children and young people including those with disabilities.

- Increase in interest rate from 0.25% to 0.50% - this is likely to impact on people with mortgages (in particular variable rate mortgages), savers and costs of borrowing. Although the impact is generally small, there is likely to be a disproportionate impact on disadvantaged groups who are most likely to face precarious financial circumstances.

### 3. Evidence and Demographics

Monitoring information, from sources such as the 2011 Census, the Joint Strategic Needs Assessment and The Islington Evidence Hub, show how the borough is made up and helps us to identify possible impacts and ensure that local decisions are made based upon the needs of the local population.

- **Population:** Islington has seen growth in its population from 211,000 in 2011 to nearly 232,400 in 2017, and is predicted to increase to around 254,000 by 2027, an increase of 9%. It is the most densely populated local authority area in England and Wales, with 14,517 people per square km. This is more than double the London average and more than 30 times the national average.
- **Age:** Islington has a relatively young population. The 2017 population includes over 171,000 residents aged 18 to 64, around 41,000 children and only about 20,000 (9%) over 65. The highest rate of growth will be amongst the older population (27% increase for people aged 65-84), although in absolute numbers the older population will remain the smallest age group. About one in ten people aged 16 to 64 years are claiming an out-of-working benefit in Islington. Islington has a significantly higher proportion of children under 16 living in low income households (26%) compared to England and London. 27% of primary pupils and 32% of secondary pupils are eligible for free school meals – 3rd and 2nd highest proportions in London. 44% of primary and 60% of secondary pupils received deprivation linked pupil premium. 18.7% of Islington school pupils have some form of Special Educational Needs compared with a national average of 14.4%.
- **Diversity:** Islington is a diverse borough, with Black or Minority Ethnic (BME) groups accounting for 32% of the whole population. The younger population, those aged 0-24 are more diverse than the overall population (45% of residents aged 0-24 are from a BME group). 36% of residents are estimated to be born outside of the UK; this compares with a national average of 18%. Children growing up in BME households in Islington are more likely than white children to be living in poverty.
- **Gender:** the proportions of men and women in the borough are evenly split. Life expectancy at birth for men in Islington is now 79 years, an increase of 5.5 years since 2000. However, life expectancy for men in Islington remains lower than London (80.2) and England (79.5) and is the 5th lowest amongst all London boroughs. For women in Islington life expectancy is 83.1 years and is similar to England (83.1). Men who live in the worst off areas are expected to live 8 fewer years than men living in the best off areas in the borough. 93%

of lone parents with dependent children are female. Unemployment rates among lone parents are far higher than the wider population - this is likely to affect household income and therefore deprivation levels. Instances of domestic violence are increasing, with 73% of female victims between the ages of 18 and 44 years.

- **Disability:** in May 2017, there were 8,710 people on Disability Living Allowance in Islington. 26% of the working age population who identified themselves as disabled or having a long-term health problem in Islington are economically active. Based on national figures it is estimated that approximately a quarter of children living in poverty in Islington live in families with at least one disabled parent.
- **Socio-economic:** overall Islington is the 24th most deprived authority in England and the 5th most deprived in London – it ranks in the top 4 in the country for child and pensioner poverty. Every ward in Islington has at least one area that is among the 20% most deprived areas of England. Finsbury Park is the most deprived ward, where 18 out of 25 socio-economic indicators are worse than the borough average. An estimated 11,300 in Islington are overcrowded, as the average sized household size in 2011 was 2.06 people. Only 28% of all householders own their own home, less than half the national average. 14% of households are on out of work benefits and 9% are lone parents. Around 27% of households receive council tax support.

## 4. Cumulative impact of proposals for 2018-19

In the past budget savings have focused on optimising efficiencies in service delivery, including restructuring and redesigning services and restructuring contracts. In doing so the Council has sought to limit any negative impact on those with the greatest need. However, efficiency savings alone will not enable us to balance our budget and some reductions in services have been unavoidable. Where this is the case we have assessed the potential impact on groups with protected characteristics.

In addition to the impact of individual proposals, we recognise the potential for cumulative impact on groups with protected characteristics. This can happen when a series of proposals make the overall effect on a particular group more pronounced than when a single change is made in isolation.

### Overview of cumulative impacts by protected characteristic

The following table lists the proposals likely to impact each protected characteristic. In the sections following the table the potential impacts, both positive and negative, are described for each of the Council's outcome themes. Any potential cumulative impacts resulting from a series of proposals are highlighted and mitigations are proposed for any negative impacts identified.

## **Outcome A: Residents in work and financially independent**

Principal savings:

- Adult community learning (ACL) (£85k)
- Employment, iWork (£120k)
- Day Opportunities and Employment, ASC (£55k)

This outcome area has as its central focus the financial security of its most vulnerable residents through providing support to gain and retain good jobs, developing skills and maximising income. The council is committing over £5 million of expenditure in the coming year, with around £2m of that coming from the Education and Skills Funding Agency, energy grants and income generated from our innovative energy programmes such as Bunhill Energy Centre 1 and Angelic Energy.

Currently there are around 29,000 residents receiving benefits, of whom two thirds are of working age. One third of the 29,000 benefit claimants are disabled and claiming employment support allowance. The impact of national government's welfare reforms and the transition to universal credit could significantly impact our most vulnerable residents, particularly disabled residents. The council is committed to mitigating the impact of welfare reform in the year ahead, including financially through the resident support scheme and discretionary housing payments, but also by establishing a strategic group to monitor the impact and co-ordinate an effective response.

The savings proposed in this year's budget are mainly focused on efficiencies, through the co-ordination of in-house employment offerings, not filling 2.7 vacant posts and the relocation of ACL from 3 Corners to Finsbury library. This will enable courses to run during evenings and weekends making courses more accessible for working parents to upskill and has the potential to address in-work poverty.

There is unlikely to be a negative impact on residents as the savings proposed will not affect front line service delivery. The outcome based budgeting process has identified an opportunity to consolidate employment support and learning opportunities across the council so that the service can improve outcomes for residents. This can be achieved through building closer working relationships with iWork, IMAX and utilising libraries for co-location opportunities for adult community learning. The focus of all our services in this area is to reduce the impact of inequality on our most vulnerable residents, especially those experiencing socio-economic deprivation and those with disabilities, experience and help to address the rising cost of living, the impact of benefit changes and long-term unemployment.

The Day Opportunities and Employment project represents an additional positive possible benefit for residents, primarily through encouraging independence, meaningful activity and community inclusion. This will be particularly beneficial for younger people, for whom there is a limited local offer at the moment, and also for people of different races or religions or with multiple needs, for whom our current commissioning arrangements (largely focussed on primary need) cannot provide a personalised offer. However, current demographics indicate that our existing service users are predominantly older people, for whom any changes or transitions might be particularly challenging and we would attempt to mitigate any negative impacts here through consultation with service users and coproduction of their support plan following a full assessment.

## **Outcome B: Decent, secure and affordable homes**

Principal savings:

- Increase recharge to the HRA from the General Fund (£150k)

This outcome has a higher level of expenditure than any other outcome, reflecting the need to manage and maintain Islington's large social housing stock, its commitment to building new affordable homes and reducing the borough's rate of homelessness and temporary accommodation. Additionally, the council is committed to ensuring the borough has a well regulated private sector through supporting residents within the private housing sector and taking enforcement action against rogue landlords. Spend in this outcome area is divided between the General Fund, core council expenditure, and the Housing Revenue Account, which is income and expenditure for the benefit of council tenants and leaseholders. The new saving in this area results from an accounting decision to transfer some eligible costs to the HRA from the General Fund.

## **Outcome C: Children and families are able to thrive and achieve their full potential**

Principal savings:

- Placements (£325k)
- Prioritise income generation (£320k)
- Reduction in the budget for Health Visiting services (£263k)
- Service support functions: vacancy factor/ provider staffing vacancies / delete vacant policy officer post / re-align data analysis (£235k)

This outcome area is the third largest area of expenditure for the council, reflecting the critical importance of improving outcomes for children and young people, keeping them safe and protected and reducing inequality. The council, even after the savings identified, is committing to spending more than £100 million in the coming year on services for children, young people and families, and to retaining a strong focus on universal support and targeted early intervention and preventative work, building up the resilience of our families and ensuring that more children can stay with their families, rather than coming into the council's care. Much of our effort, focus and expenditure is, though, on a very small cohort of children and young people who are especially vulnerable and whose cases involve a high level of complexity and risk. Our work with these children and young people is fundamentally geared to reducing inequality by working intensively with them to improve their outcomes. We are seeing more of these cases and this is putting our services under pressure (of which financial pressure is only one component).

The savings proposed in this year's budget are mainly focused on support functions, improved commissioning approaches and generating new income, and are designed to release funding to alleviate the pressure on our frontline services. Some of the savings will not affect services to residents, like holding vacancies in support functions or deleting a vacant policy role. In some cases, this will have either a neutral or positive impact on service users: for example, placing more young people in placements that are strategically commissioned rather than spot purchased should not affect the quality of provision but will deliver it for a significantly lower cost. In other cases, there is a potential for a negative impact – for example, the national issues in recruiting health visitors are having an impact on the staffing and delivery of our health visiting service. The budget saving, though, simply reflects those vacancies: no filled posts are affected, nor is the current level of service provision to Islington families.

Any impact from these savings is mitigated and justified by the overall focus and effort of our services on reducing inequality for children in Islington: within that context, these reductions are relatively small and, through careful targeting and involvement of experienced practitioners and managers, will be focused where their

impact can be minimised. The most important action we can take in mitigation of the impact on children and young people of the financial challenge facing the council is to strengthen the effectiveness of our services to meet the challenges that children in Islington are experiencing. We can only do this in dialogue with children and young people and their families and carers, and through the Fair Futures Commission in particular as well as our other forms of engagement, we are working hard to redesign services to improve outcomes and reduce the impact of the inequality our children and young people experience.

### **Outcome D: A safe and cohesive borough**

Principal savings:

- Deletion of vacant posts within public protection (£257k)

The saving proposed under this outcome is the deletion of vacant posts to generate a saving of £257,000. Following a number of restructurings and re-organisation of the public protection division a number of vacant posts have been identified for deletion with no detrimental impact upon current service levels. These posts have been held vacant for a long period of time therefore their removal will have no impact on current staff, service levels or residents. In total 6 vacant posts will be deleted.

### **Outcome E: Residents living healthy, independent lives**

Principal savings:

- Expansion in sheltered plus housing provision (£197k)
- New model of night support (£217k)
- Use of improved better care fund (£1,000k)
- Reduction in referral/weight management contracted activity (£15k)
- Realign the substance misuse pathway (£1,130k)
- Reduce commissioning capacity (£360k)

This outcome area is the second largest area of expenditure for the council, and includes a number of key areas of work: our population based health interventions, our services centred on ensuring that older people are cared for and safeguarded, and helping people to maintain and regain the skills and confidence to live independently.

The council is committed to embedding a new approach to providing prevention and early support services that concentrates not only on the assets of individuals, but wider family and community resources. Much of the council's efforts however are focussed on groups of residents who are particularly vulnerable, where conditions can often be complex and long term. Our work with these individuals works towards reducing inequality by, as much as possible, supporting people to be independent, and if this is not possible, well supported.

The new savings proposed in this year's budget include contract efficiency savings and service redesign proposals that we believe will allow us to deliver outcomes in more cost effective ways. These savings are likely to have a potential impact on people with protected characteristics as they are changes to service provision for older and /or vulnerable people living in the borough.

The expansion in sheltered plus housing provision will help reduce expenditure on domiciliary care and manage demand on more expensive residential placements for older people. Where residents are converted from sheltered to sheltered plus housing, the transition will be managed sensitively and appropriately with consultation elements. In addition to helping people to stay in their own homes, introducing wraparound sheltered plus support will help improve independence and community relations for the affected residents. It is also anticipated that other residents (currently not receiving domiciliary care) within the sheltered housing provider will experience preventive benefits from the shift to sheltered plus support. Introducing a new model of intermittent night support as an alternative to more expensive waking night provision may generate some resistance amongst residents who feel that the new offer is less supportive or reassuring. Any transitions to the new offer will therefore be instigated through personalised individual reviews and only enacted where deemed professionally appropriate. The flexibility of the new offer will likely benefit future residents who have need of night support as it can be tailored to the individual; the current waking night service is primarily geared towards older people but the new offer will be commissioned flexibly to support residents. Efficiencies in exercise on referral and weight management services may impact on population groups who are more likely to be overweight or obese, such as people from black and South Asian minority ethnic groups, or people living with a physical and/or mental health problem. These impacts will be mitigated by ensuring that these services continue to proactively target and engage these groups, and that there is good signposting and awareness of other options around physical activity and healthy eating in the borough.

The new model of integrated drug and alcohol recovery service provision aims to effectively integrate services for residents with substance misuse needs, reduce the number of contracts from nine to one, deliver efficiencies (eg reduced management and estates costs) and reduce duplication in service provision across the drug and alcohol treatment and recovery system. It will expand provision in more community based settings, in order to increase access, and should increase the number of clients accessing and successfully completing treatment. The new service is not anticipated to have any negative impacts for any individuals with protected characteristics, and should in fact provide additional support to people who would otherwise find it difficult to access services due to, for example, stigma within their community, language barriers, cultural or religious beliefs, learning disability or mental health concerns. Additionally, the RIA did not find any anticipated negative impacts on discrimination, harassment and victimisation.

## **Outcome F: A welcoming and attractive place to live, work and do business**

Principal savings:

- Assembly Hall (£60k) – new income
- Libraries (£150k) – efficiencies
- Reduction in parking contract cost (£1,200k) – contract re-negotiation
- Diesel surcharge (£1,200k) - budgetary impact available to contribute to Highway and Transportation measures
- Surplus income from recharges to external users of the Waste Recycling Centre (£380k)
- Additional advertising income from new on-street advertising contract (£200k)
- Further growth in commercial waste income (£250k)
- Reduce reliance on overtime (£90k)
- Reduce management within the Planning and Development division (£200k)

This outcome reflects the council's commitment to making the borough an attractive place by keeping the borough clean and tidy, improving air quality, providing cultural opportunities and improving the local infrastructure for all.

Islington's libraries are a vital service to the community, receiving over a million visitors in the last year. The proposed savings will not change the opening times of the libraries or our commitment to engage and provide services to the most vulnerable residents. There is a proposed saving through a move to online notifications in libraries, which has the potential to adversely affect those who are digitally excluded, affecting older people in particular. This impact can be mitigated through the continuation of our digital inclusion programme, which has provided trained staff in libraries and our customer centre who are skilled in assisting all residents, including older people, to access online services and support.

The savings proposed for this year's budget are a mixture of efficiencies and opportunities to generate additional income by increasing the assembly hall's revenue, not filling vacant posts, adjusting the expenditure on library stock and reductions in contract cost. In addition, we are reflecting in the budget the decision to introduce a diesel surcharge. The surcharge is a strategic decision to improve the air quality in our borough, which will have significant positive impact on residents' health and contribute to reducing inequality. Islington has one of the lowest car ownership rates in the country and our strategy to mitigate any potential negative impact from the surcharge is to encourage walking, use of public transport and cycling, and to ensure our roads are safe and accessible to all road users through improved cycle lanes, improved accessible transport and remedial accident reduction.

## **Outcome G: A well-run council**

Principal savings:

- Budget efficiencies in Chief Executive's department (£55k)
- Expand the Improve debt collection team by 5 members (£300k)
- Growth in retained business rates based on forecast for the current year (£2,000k)
- Vacancy management across Resources Department (£200k)
- Review of all budgets to remove any surpluses and underspends (£300k)
- Community Infrastructure Levy (£8,000k)
- Increase legal services income (£20k)
- Increase council tax collection rate from 97% to 98% (£400k)
- Savings in fleet costs (£500k)

A well run council includes the core support functions of any effective organisation: it ensures finances are well managed, and that the council complies with legal and democratic processes, supports a skilled and motivated workforce and maintains the council's physical and digital infrastructure to help deliver outcomes to residents. The work in this outcome area contributes to advancing equality of opportunity in a number of specific ways: for example, the council's Inspiring Leadership programme, designed to support BME and disabled staff to move into more senior roles and increase the diversity of our top management teams; but also more generally by making it possible for other council services to do their work.

The savings proposed in this year's budget are made up of income generation options, one-off savings, contract savings and efficiencies that we believe will allow us to deliver outcomes in more cost effective ways. In this outcome we have also looked at options for increasing income: there are proposals to increase collection through two of our main income sources, council tax and business rates, whilst still protecting the most vulnerable residents.

### **Change management**

We recognise that many of the proposals in the budget will require really effective change management to deliver the savings, to reduce the impact on residents, and, wherever possible, to improve outcomes at the same time. We are re-focusing our change programmes around our priority outcomes to bring together cross-council teams led by directors. This will strengthen our ability to see the full potential impact of change and ensure we develop robust and deliverable programmes.

## 5. Child poverty and socio-economic disadvantage

The latest data indicates that Islington has the third highest proportion of children living in income-deprived households in the country. Although we are making progress in this area, households with certain characteristics remain over-represented in local child poverty figures namely those:

- headed by a lone parent
- with three or more children
- with a disabled family member
- in Black and minority ethnic (BME) groups, particularly Black Africans
- living in overcrowded accommodation
- living in rented social housing.

Characteristic	Proposal
Lower socio-economic groups	School Age Services – oral health and integrated health model  Introduce a surcharge on diesel and heavy oil emission pricing for pay and display parking

Poorer residents tend to be heavier users of council services and so may experience disruption with the introduction of new delivery models, impacts will be mitigated by protecting those who are less able to pay. Though proposals have been prepared with an emphasis on prevention and efficient use of resources, careful planning and monitoring will be needed to manage changes.

The council has identified employment as the best option for helping families out of poverty. Many long-term unemployed people in Islington have complex needs and, in line with the recommendations of its Employment Commission, the council has been targeting resources in this area. This includes our iWork job coaching team and the Adult Community Learning service that boosts literacy, numeracy and IT skills to improve people's job prospects.

We have formed a consortium of partners to deliver intensive and tailored employment support. Through our innovative 'Working Better' project with the NHS and Job Centre Plus, we are now piloting employment coaching referrals from GPs as a way to support disabled people or residents with health conditions to get off benefits and into work – and improve their well-being at the same time.

## 6. Human Rights and Safeguarding

### Human Rights

Human rights applies to individuals, and RIAs are not concerned with individual cases. However, some of the proposals outlined in this RIA may increase the risk of the council breaching the human rights of an individual. Furthermore, some

proposals may have a disproportionate impact on certain groups, which in turn may contravene Article 14 (prohibition on discrimination on any ground).

The mitigations identified in respect of each proposal should assist in reducing the risk of a breach of convention rights, but cannot eliminate such risk altogether. The most important mitigation the council can undertake is not to allow the adoption of any policy or proposal to fetter its discretion in dealing with an individual case.

### **Implications for safeguarding in Adult Social Care**

Expansion in intermediate care provision. Conversion of 20 units from Sheltered to Sheltered Plus which will create an intervention offer for older people who need support at night to stop them going into residential care. These will be introduced with the agreement of providers on a phased basis. This should enhance the safeguarding of adults at risk as there will be increased monitoring and availability of staff during the night which could provide a vital additional safety net where currently none exists. The aim of safeguarding is to prevent abuse wherever possible so having the additional option of staff to visit at night time who know the service users well would be an excellent preventative measure.

Delivery of night support. Provide a responsive service that can undertake visits, deliver assistance or provide call outs during the night resulting in a reduction of waking night provision for service users. This proposed change to night support would not have a detrimental effect on Safeguarding adults at risk as it would only be implemented following risk assessments of individual service users and as part of a personalised approach to care provision. If a safeguarding concern highlighted a risk that would be exacerbated by reducing waking night provision alternative care arrangements would not be implemented.

Review of the key pathways and interfaces between services who offer support to residents with complex needs could offer a more joined up and personalised approach to safeguarding adults at risk which is a key area of learning from Safeguarding Adults Reviews in Islington and across the country.

### **Implications for safeguarding in Children's Services**

Safeguarding is about the protection of individuals and ensuring safe practice throughout the council's dealings with individuals. Resident impact assessments do not deal with individuals although without mitigation proposals could impact on the effectiveness of safeguarding practice. The mitigation identified for each proposal reduces very significantly the risk of poor safeguarding practice. The council's mitigation should include not adopting any policy where safeguarding practice is adversely affected.

## 7. Impact on Council employees of 2018-19 proposals

The following sections provide an update on the current council employee profile and looks forward to assess the potential impacts of proposed changes, where sufficient detail has been provided.

### Current equalities profile

The council's employee headcount is 4422. This is a reduction of 59 people since the last Resident Impact Assessment.

#### *Headcount*

There has been a 4% increase in the percentage of staff declaring their religious belief since last year. This is a positive improvement although there are still 47.4% of staff whose religious belief is unknown or who have not declared or chosen not to state their religious belief.

### **Ongoing equality issues among staff**

Employees have been encouraged to update their personal equalities profile through the 'Let Us Know' campaign. This has resulted in an increase in reporting year on year, but there continues to be gaps in our knowledge of disability, sexuality and religion as noted above. We need to continue to encourage employees to update their profile so that the information can be used to their benefit.

There are other inherent inequalities which are widely evident across society as a whole and which result, in gender imbalance, for example in roles such as caring. Inequality also impedes progression, for example in respect of the representation of women and BME accountants in senior financial strategy/policy roles.

## Impacts from proposed restructures

Seven of the proposed restructures in the 2018/19 budget RIA indicate savings will arise as a result of redundancies and a further two restructures indicate that proposals will result in a reduction in agency workers.

Of the seven proposals that propose savings through voluntary and/or compulsory redundancy two are in Children's Services, two are in Environment & Regeneration; two are in HASS, and one in Resources.

The table below shows a breakdown of the proposed redundancies by Department.

Department	Compulsory Redundancies FTE's	Voluntary Redundancies FTE's	Total
Children's	4	0	4
Environment and Regeneration	6	0	6
HASS	9	10	19
Resources	0	2	2
<b>Totals</b>	<b>19</b>	<b>12</b>	<b>31</b>

There is no voluntary redundancy scheme next year so those departments that are proposing voluntary redundancies will need to fund these from departmental budgets.

All services will carry out an indicative Resident Impact Assessments prior to formal consultation to ascertain the impact of proposals on employees.

## Mitigation for negative impacts on staff

The council recognises that a disproportionate negative impact on some groups of staff may be felt as a result of these changes, and undertakes initiatives to mitigate that impact.

These include:

Robust management of the redundancy process including:

- not filling vacancies in advance of a restructure so as many opportunities are available as possible
- using our redeployment process to support suitably qualified staff to move easily into business critical roles where the post holder has applied for voluntary redundancy.
- in many cases, additional mitigation measures will be proposed and agreed through the full Resident Impact Assessment process for specific proposals.

### Training and development:

- Providing training to ensure staff are up to speed as more activity shifts online. This channel shift will be a positive for staff in the long term, with improved productivity and flexibility, but the transition will need to be carefully managed. Assistive technologies and support may be needed for disabled staff who may face access challenges along with older staff who may be less confident using IT.
- Continuing to focus on improving progression routes for certain groups of staff to assist in making the workforce more representative, for example the Inspiring Leadership development programme (IL). This programme targets BME and disabled staff at grade P04 and below to encourage and equip them to become senior managers of the future.
- We will also continue to encourage BME staff and women to take up the coaching, mentoring and career development opportunities available in the council.

### Monitoring

- Continued monitoring of equality impacts: the impact of these changes will be monitored by the council's Executive through the annual State of Equalities report and as part of the council's commitment to staff progression and equalities objective.

### Welfare and support

- Making flexible working opportunities available where possible, including condensed hours, flexible start and end time as well as part time working.
- We are a Timewise accredited council meaning we offer a flexible working where possible to employees. Our good practice in supporting carers has recently been recognised in 2014 by 'Working Families' and we have also been awarded a London Health Workplace Charter award at 'achievement' level, demonstrating our commitment to the health and wellbeing of our staff.
- Stress management support and counselling services will be offered to staff and managers to help them cope with the additional pressures that structural change may bring.

### Engagement

- Ongoing engagement with staff equality forums and with recognised trade unions to ensure they can advise and support staff through change.

## **Annex A: Public Sector Equality Duty**

Section 149 of the Equality Act 2010 provides that:

(1) A public authority must, in the exercise of its functions, have due regard to the need to —

(a) eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act

(b) advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it

(c) foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

(2) A person who is not a public authority but who exercises public functions must, in the exercise of those functions, have due regard to the matters mentioned in subsection (1).

(3) Having due regard to the need to advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to —

(a) remove or minimise disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic

(b) take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of persons who do not share it

(c) encourage persons who share a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

(4) The steps involved in meeting the needs of disabled persons that are different from the needs of persons who are not disabled include, in particular, steps to take account of disabled persons' disabilities.

(5) Having due regard to the need to foster good relations between persons who share a relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to —

(a) tackle prejudice, and

(b) promote understanding.

(6) Compliance with the duties in this section may involve treating some persons more favourably than others; but that is not to be taken as permitting conduct that would otherwise be prohibited by or under this Act.

(7) The relevant protected characteristics are —

- age
- disability
- gender reassignment
- marriage and civil partnership

- pregnancy and maternity
- race
- religion or belief
- sex
- sexual orientation.

(8) A reference to conduct that is prohibited by or under this Act includes a reference to —

- (a) a breach of an equality clause or rule;
  - (b) a breach of a non-discrimination rule.
- (9) Schedule 18 (exceptions) has effect.
