02.08.18	Approval to contribute £900K to the conversion of the ground floor of St Anne's care home.	<p>Nursing home beds in-borough remain in high demand and it is very unlikely that this will change in light of continued demographic pressures.</p> <p>The conversion at St Anne's will increase capacity by 15 beds. The current provider of St Anne's care home is willing to organise the works which will reduce overall costs for the Council as the works will be managed by an external contractor.</p>	<p>Commissioning alternative provision from the independent sector.</p> <p>Alternative sites such as Bridgeside Lodge, Lennox House and Highbury Grove were considered as part of the feasibility exercise. However, the necessary changes to the current use of the sites was not deemed viable largely due to the impact this would have on those services</p>	N/A	N/A
