Subject: PREMISES LICENCE NEW APPLICATION
RE: MOONLIGHT SUPERMARKET, 131-133 HOLLOWAY ROAD, LONDON, N7 8LX.

1. Synopsis

- 1.1 This is an application for a new premise licence under the Licensing Act 2003.
- 1.2 The new application is to:
 - i) Allow the sale by retail of alcohol, off supplies only, 24 hours a day 7 days a week.

2. Recommendations

- 2.1 To determine the application for a new premises licence under Section 17 of the Licensing Act 2003.
- 2.2 To consider the representation from the Police in the light of the revised Secretary of State Guidance to Local Authorities issued on 25th April 2012 namely:

The Licensing Authority should accept all reasonable and proportionate representations made by the Police unless the Authority has evidence that to do so would not be appropriate for the promotion of the Licensing Objectives.
- 2.3 To consider that this address is in the Holloway and Finsbury Park Saturation or "Cumulative Impact Policy" of Islington. This special policy creates a rebuttable presumption that applications for new premises licences, club premises certificates, or variation applications that are likely to add to the existing cumulative impact will normally be refused, unless the applicant can demonstrate why the operation of the premises involved will not add to the cumulative impact or otherwise impact adversely on the promotion of the licensing objectives.

- 2.4 If the Committee grants the application it should be subject to:
- i. conditions prepared by the Licensing Officer which are consistent with the Operating Schedule (See appendix 3);
 - ii. conditions recommended by responsible Authorities (see appendix 3);
 - iii. any conditions deemed necessary by the Committee to promote the four licensing objectives.

3. Background

3.1 Papers are attached as follows:-

- Appendix 1: application form;
Appendix 2: representations;
Appendix 3: suggested conditions and map of premise location.

3.2 Proposed licensee, Mr Cihangir Eren, currently holds a 24 hours licence for the sale of alcohol, off supplies only, for the premises situated at 135 Holloway Road.

3.3 The Licensing Authority has received 4 letters of representation, none of which are from people who requested that they remain anonymous.

4. Planning Implications

4.1 No planning issues have been identified.

5. Conclusion and reasons for recommendations

5.1 The Council is required to consider this application in the light of all relevant information, and if approval is given, it may attach such conditions necessary to promote the licensing objectives.

Proposed Conditions

- ~~No alcoholic goods will ever be purchased from sellers calling to the shop.~~
- ~~The licensee will immediately report to Trading Standards any instance of a caller to the shop attempting to sell alcohol.~~
- ~~No spirits in re-sealed cases will be purchased.~~
- ~~Invoices (or copies) for all alcoholic goods on the premises will be kept at the shop and made available to officers from the council, police or HMRC upon request.~~
- ~~A stock control system will be introduced, so that the licensee can quickly identify where and when alcoholic goods have been purchased.~~
- ~~An ultra-violet light will be available at the premises for the purpose of checking the UK Duty Stamp on spirits as soon as practical after they have been purchased.~~
- ~~If any spirits bought by the company have UK Duty Stamps that do not fluoresce under ultra-violet light, or are otherwise suspicious, the licensee shall identify the supplier to Islington Trading Standards and HMRC as soon as possible.~~
- ~~The licensee shall adopt the Challenge 25, the Retail of Alcohol Standards Group's advice for off-licences.~~
- ~~The licensee shall ensure that staff are trained about age-restricted products and ensure that they sign to confirm that they have understood the training. The licensee shall keep records of training and instruction given to staff.~~
- ~~The licensee shall put arrangements in place to ensure that before serving alcohol to young persons, staff ask to see accredited proof of age cards for example proof of age cards carrying the 'PASS' logo (and no others), a Passport, or UK Driving Licence bearing the photograph and date of birth of the bearer.~~
- ~~The licensee shall require staff to note any refusals to sell to young people in a refusals log. The refusals log shall be checked and signed monthly by the designated premises supervisor. The refusals log shall be made available for inspection by the licensing team, police or trading standards.~~
- A digital CCTV system shall be installed, operated and maintained inside and outside the premises [subject to planning permission] in agreement with the Police. The system will enable a frontal head and shoulders image of every person entering the premises. The system shall record in real time and operate whilst the premises are open for licensable activities. The recordings shall be kept available for a minimum of 31 days. A working copy shall be supplied free of charge to a Police Officer within 24 hours of any request to assist in the investigation of a crime or apprehending or prosecuting an offender. It is the responsibility of the premise to download any recording requests.
- Incident Book to be maintained and checked and signed weekly by DPS.

Dear Sirs

Re: Moonlight Supermarket, 131-133 Holloway Road, N7

With reference to the above application, I am writing to inform you that the Metropolitan Police, as a Responsible Authority, will be objecting to this application as it is our belief that if granted the application would undermine the Licensing Objectives.

The venue is situated in the 'Holloway Road stress area', a locality where this is traditionally high crime and disorder and there are concerns that this application will cause further policing problems in an already demanding area.

It is for these reasons that we are objecting to the application.

Should you wish to discuss the matter further please contact your details on **0207 421 0194/0248** or via email, ni_licensing@met.police.uk

Yours sincerely,

Dear Sirs

Re: Moonlight Supermarket, 131-133 Holloway Road, N7

With reference to the above application, and further to my earlier letter on the matter I now include the crime statistics and other information relevant to the local of these premise. It is with these facts in mind that Det Ch Insp Wallace has made his comments regarding the application and it is on these facts that Islington Police object to the application for an Alcohol Licence in this " stress area "

Should you wish to discuss the matter further please contact your details on **0207 421 0194/0248** or via email, ni_licensing@met.police.uk

Yours sincerely.

I formally oppose the granting of this licence application on behalf of Islington Police. This statement provides the rationale for my decision.

Over recent years Islington has experienced rapid growth in its night time economy. The cumulative effect of this is a heavy footfall of persons who are not resident in Islington Borough but who are present between the hours of 8pm and 6am to take advantage of the extremely vibrant night-time economy.

Unfortunately there has not been commensurate increase in public services. Each new license or extension of an existing license will create additional demand on a range of public services. There is a direct link between the number of persons in public places who have consumed alcohol and the number of violent assaults that take place in that public place. This 'new' business for the police will involve reporting and investigating more instances of theft, anti social behaviour, drunkenness and serious assaults. No additional police resource will be available to cope with this extra demand. More people will be the victims of crime and more people will be injured.

The number of Police personnel available both in terms of uniform deterrence and investigative capacity is at its lowest between the hours of 11pm and 8am. At a time when both Police resources are being severely squeezed long with the resources available to NHS I would strongly resist increasing the number of persons who have consumed alcohol onto the streets of Islington. I have dwindling resources to deal with the consequences. The average investigation into an allegation of Grievous Bodily Harm costs Islington Police £2000 to investigate. Last year Islington investigated over 350 such crimes. This takes no account of the costs to the NHS. It also takes no account of the thousands of alcohol-related Actual Bodily Harm and Common Assault investigations that are taken on by Islington Police every year.

In an area that is already saturated with Licensed Premises it is just not sustainable to keep increasing the number of people on those streets after midnight. No matter how well any establishment is run internally their very business case is based on growing the number of people who end up on the streets of Islington having been drinking. As local public services are already stretched then the inevitable consequence of granting more post-midnight licences is an increase in the number of victims of serious violence. I would ask that the licence application be rejected.

Alcohol Issues - LBI Only

London Ambulance data indicates that between December 2011 and November 2012 (most recent data available) ambulances were called to 96 incidents in the area (Islington only) where alcohol was noted as a feature. Data mapped according to output areas highlights the area around Highbury Corner in the south, and Holloway Road near London Met university/Holloway Road in the north.

Temporal data for the town centre indicates that alcohol related attendances fluctuate throughout the day, but peak at 17:00, 20:00, and 02:00 hours. The general trend data indicates that call out levels were higher in the hours before midnight.

Key Issues

The figures for below highlight some of the key issues linked to alcohol and the night time economy within 500m of Moonlight Supermarket. Offences listed have occurred during the hours of 8pm to 6am between January 2012-December 2012.

- There were 93 violent offences, including:
 - 1 threat to kill
 - 6 GBH
- There were 423 property crimes, including 36 personal robberies.

Borough Comparison Figures

The figures below show borough wide statistics for alcohol violence, alcohol related offences, and 999 calls with an **alcohol qualifier**. The time period in question is January 2012-December 2012 unless stated:

- There were 692 violent offences involving alcohol.
- The borough suffered 1622 crimes with alcohol as a contributing factor.
- Police were called to 657 emergency calls involving alcohol.
- There were 1846 violence offences between the hours of 2000-0600.
- There were 6754 property crime offences between the hours of 2000-0600.
- The London Ambulance Service attended 1417 incidents in Islington between Dec 2011 and Nov 2012 where alcohol was recorded as a feature.
- Islington has a known cohort of street drinkers. These individuals often congregate in favoured places such as particular parks or areas of street pavement. Between Jan 2012-Dec 2012, outreach teams recorded a total of 212 contacts with street drinkers across the borough.

North Central London

Licensing Act 2003

**Representation from NHS North Central London (Islington Public Health) on behalf of health bodies providing services in Islington
Moonlight Supermarket, 131-133 Holloway Road, London, N7 8LX.**

I am submitting a representation against the application to vary the premises license to permit the sale of alcohol 24 hours a day from the above premises. This representation is on behalf of NHS North Central London's Islington Public Health Department, which as a health body is a responsible authority.

The impact of alcohol is particularly great in Islington with some of the greatest levels of alcohol-related problems in London, including:

- The highest rate of alcohol-specific deaths in men in London
- One of the highest rates of alcohol-related hospital admissions in London
- Significantly higher levels of alcohol-related violent crime and claimants of incapacity benefit where main medical reason for being a claimant is alcoholism

St Mary's ward, in which Moonlight Supermarket is located, seems to particularly feel the affects of alcohol related harm and has higher rates of alcohol-related ambulance callouts compared with Islington as a whole.

The grounds for the representation are:

- Public safety
- Crime and disorder

The relevant policies in Islington's Licensing Policy

- Policy 2: Cumulative impact and saturation
- Policy 4: Shops selling alcohol
- Policy 7: Licensing hours

The area in which Moonlight Supermarket is located already has relatively high density of premises. Currently within St Mary's ward there are:

- 174 premises licensed to sell alcohol, equivalent to one premises for every 54 residents aged 18 and over. This is higher than the Islington average of one licenced premises per 128 residents.
- 30 premises are licensed for off-sales of alcohol only (i.e. excluding on-licences that also sell alcohol for consumption off the premises), one for every 312 residents aged 18 and over in the ward, and 4th highest rate in Islington (the Islington average is one per 374 residents aged 18 and over).
- There are four 24-hour off-licences within 300m walk of the premises, nine within 1km of the premises, and 16 within 1 mile (1.6km) of the premises.

The premises is located within the Holloway Road and Finsbury Park cumulative impact area defined in Islington's Licensing Policy 2013-2017.

I am concerned that if this application is granted it will increase the availability of alcohol for consumption off premises. This could lead to an increase in public nuisance and crime and disorder, and impact adversely on health of both those buying and consuming the alcohol and also the health of others who come in contact with them.

The area already has sufficient premises to meet demand of local residents and additional outlets supplying alcohol will be detrimental to the local residents in terms of noise and disturbance in the early hours of the morning.

Alcohol and health

Alcohol misuse imposes a major preventable burden to health and the effect of this in Islington is felt across all health services. Recent analysis has estimated that in Islington the cost of hospital admissions where alcohol was an attributable factor was £7429.9k (£39.4 per Islington resident during the financial year 2008/09¹).

There is a growing body of evidence that an increased number of alcohol outlets results in significant increases in both alcohol consumption and alcohol-related harm, including injury, violence and medical harm. Evidence from a number of countries indicates reducing alcohol outlet density can have an impact on reducing violence and problem drinking. There is also strong and reasonably consistent evidence that changes in hours or days

of trading can have a significant impact on volume of alcohol consumed and rates of alcohol related problems^{2,3,4,5,6} North Central London

Impact of alcohol on health in Islington

The impact of alcohol on health in Islington is particularly severe. Alcohol-specific hospital admissions are those which are wholly related to alcohol (e.g. alcoholic liver disease or alcohol overdose). Islington has the second highest rate in London for hospital admissions where alcohol is the specific cause of admission. For men the rate is also significantly worse than England, with Islington having the 24th highest rate out of 326 boroughs nationally.

Currently Islington has one of the highest rates of alcohol-related hospital admissions (all hospital admissions in which alcohol is likely to have played a part, for example injuries/falls or high blood pressure) in London. The rate for both men and women is significantly worse than the England average. Increases in alcohol related admissions have been much higher in Islington than in England as a whole. For instance, in Islington, the increase in alcohol-related admissions in men was 39% and 44% for women between 2003/04 and 2009/10, compared to increases of 25% for both men and women in England.

St Mary's Ward

Ambulance callouts

The data on alcohol-related ambulance callouts reflects where the ambulance attended, not where the individual lives, and therefore includes people who live outside the borough but who come into Islington to work, socialise, etc. In 2011/12, there were 193 alcohol-related ambulance callouts in St Mary's ward (8.3% of all alcohol-related callouts in Islington), compared to an average of 146 per ward. Local analysis indicates that there is a general trend of ambulance callouts increasing as the number of licensed premises increases. At the smaller geographical Lower Super Output Area (equal to an area of around 1,500 residents), there were 60 alcohol-related ambulance call-outs in the vicinity of the Moonlight Supermarket, compared to an average of 20 across all Islington LSOAs. Across Islington, 53% of alcohol-related callouts resulted in conveying a person to hospital, and 6% resulted in assistance being given at the scene or conveyed to an NHS walk-in centre – this results in a substantial use of health service resource. The pattern of alcohol-related ambulance callouts corresponds with the pattern of alcohol-related crime in Islington.

Hospital admissions

St Mary's ward had the lowest rate of alcohol-specific hospital admissions among Islington wards in 2011/12, with a rate of 384 per 100,000 people – equivalent to 39 residents admitted to hospital. The low rate of alcohol-specific hospital admissions but high rate of alcohol-related ambulance callouts reflects the status of St Mary's ward as an area attracting visitors from other parts of Islington and from outside of Islington.

Conclusion

Islington experiences some of the highest levels of alcohol-related harm in London and the cumulative availability of alcohol is one area that is likely to be impacting on this.

Rates of hospital admissions as a result of alcohol are lower in St Mary's ward than in the borough as a whole, whilst alcohol-related ambulance call-outs are higher. This suggests that the immediate impact of alcohol misuse may be experienced by visitors to the area, which is likely to correspond with the impact of alcohol misuse on crime and anti-social behaviour in the area.

There is already good availability of alcohol in St Mary's, with a higher than average density as measured by the number residents aged 18 and over per off licence.

There is evidence that increased availability of alcohol, both in terms of the time period in which alcohol is available (hours of sale) and number of premises from which alcohol is available results in an increase in alcohol related harm. The effect of this is increased pressure and costs to the NHS. The impacts are also felt across a range of groups including the council, policing and the community as a whole.

Recommendation

NHS North Central London's Islington Public Health Department recommends that:

1. The application for a licence to supply alcohol is refused.

**Licensing Act 2003- Representation from the Licensing Authority
Application: Moonlight 131-133 Holloway Road London N7**

I am submitting a representation on behalf of the Licensing Authority against the new application for a Premises Licence to permit the sale of alcohol 24 hours a day from the above premises.

The grounds for the representation are:

- Public nuisance
- Crime and disorder

The Licensing Authority is concerned that if this application is granted it will increase the availability of alcohol for consumption late at night which could lead to an increase in public nuisance and crime and disorder.

The premises is located in the Holloway and Finsbury Park Cumulative Impact area which means that the council has determined that the area is already saturated with licenced premises and any licence applications need to be carefully examined to ensure that the proposed activities, opening hours, style of operation and management arrangements contained in the operating schedule will not add to the cumulative impact to such an extent that the licensing objectives are undermined.

In assessing this application the Licensing Authority has considered the following evidence:

The Islington Alcohol Crime Profile Aug 2011 to July 2012

The profile shows that:

- The premises is located in an alcohol related violence and crime hotspot area
- Peak levels of alcohol related crime and violence is occurring between 8pm and 4am- this is particularly noticeable at weekends
- 30% calls to the police are classified as rowdy behaviour and these calls peak between 8pm and 4am, specially at weekends

Annual Public Health Report 2012

- The premises is located on the edge of a hotspot area for alcohol related ambulance callouts
- In Islington as the density of licenced premises increases the number of ambulance callouts and alcohol related crime increases

Licenced premises in St Marys Ward

The premise is located on the boundary of St Marys Ward with Highbury East and although it is located on a busy main road it is surrounded by residential premises with high density housing to the north.

There are 172 premises licensed to sell alcohol in St Marys ward and of these 80 premises are licensed for off sales of alcohol.

There are 48 premises licensed to sell alcohol in Highbury East ward and of these 16 premises are licensed for off sales of alcohol.

In the immediate area there are the following licenced premises

Holloway Road	Main Activity	Hours
113	nightclub	24 hour
119	takeaways	alcohol sales to 11pm M-Sat

		10.30 Sun
123A	restaurant	11pm M-Sat 10.30 Sun
127	off licence	11pm M-Sat 10.30 Sun
129	restaurant	midnight
135	supermarket	24 hour
149	restaurants	2am Sun to Thurs, 4am Fri & Sat
155	restaurant	midnight
159	supermarket	11pm M-Sat 10.30 Sun
163	late night refreshment only	1am
104-106	supermarket	24 hour
126	supermarket	24 hour
130	retail shop	9pm
134	restaurant	2am Mon to Thurs, 4am Fri and Sat
138	supermarket	24 hour
144	restaurant	midnight Sun to Thurs, 5am Fri and Sat
146	club/restaurant	midnight Sun to Wed, 2am Thurs, 4am Fri and Sat
150-152	supermarket	24 hour

The area already has sufficient licensed premises to cater for demands of local residents and any additional outlets supplying alcohol in the early hours of the morning will be detrimental to the local residents in terms of noise and disturbance and increase the potential for increasing alcohol related crime and disorder.

Whilst the section 10.13 of the Guidance issued under s82 Licensing Act 2003 encourages Local Authorities to grant premises licences for shops and supermarkets to permit alcohol sales whenever the outlet is open for shopping the Licensing Authority may restrict hours where there are good reasons, based up the licensing objectives. The Licensing Authority is of the opinion that the alcohol related crime hotspot data and ambulance callout for this area provides good reasons for departing from this guidance.

In determining this application the Licensing Committee should be mindful of:

Licensing Policy Considerations

Licensing Policy 2 – ‘... the type of premises and their cumulative impact upon the area

The Licensing Authority has adopted a special policy relating to cumulative impact in relation to Bunhill

This special policy creates a rebuttable presumption that applications for new premises licences, that are likely to add to the existing cumulative impact will normally be refused, unless the applicant can demonstrate why the operation of the premises involved will not add to the cumulative impact or otherwise impact adversely on the promotion of the licensing objectives.

Licensing Policy 4- shops selling alcohol

The Licensing Authority is concerned about the adverse impact on the licensing objectives arising from the increasing numbers of shops selling alcohol for consumption off the premises. The Licensing Authority will consider restricting the

number of premises and the licensing hours in locations where representations are received and that longer hours will undermine the licensing objectives.

Licensing Policy 7- Licensing Hours

The Licensing Authority supports the principle of flexibility in its approach to licensing hours and will consider the merits of each individual application however it is mindful that Islington has become saturated with late night premises selling alcohol and it is concerned about the cumulative impact that the proliferation of late night venues and retailers in the borough is having on the promotion of the licensing objectives.

Where representations are received from responsible authorities or other persons the Licensing Authority may seek to restrict hours of opening where it is appropriate to promote the licensing objectives.

Licensing policy 8- licensing hours

When dealing with new and variation applications the Licensing Authority will give more favourable consideration to applications with the following closing times:

Off Licences

11pm – Monday to Sundays

Summary and recommendations

The premise is located in a cumulative impact area and a 24 hour off licence selling alcohol will add to the cumulative impact. In making its recommendation the Licensing Authority has considered the style and hours of operation proposed by the applicant, the management arrangements described in the operating schedule, the special considerations described in paragraphs 5, 6 & 7 of the Licensing Policy.

It has also considered whether the imposition of conditions or restrictions would be an effective solution to promoting the licensing objectives.

The Licensing Authority recommends that the application for a 24 hour licence is refused.

If the applicant can demonstrate to the Licensing Committee that the premises will not add to the cumulative impact consideration could be given to granting a licence to permit off sales of alcohol until 8pm Monday to Sunday.

Hi

I object to this as 24hrs 7days a week is excessive and is totally contrary to the aims of our new licensing policy. There are also already a number of off licenses in the nearby area and adding to this would be detrimental to local residents in terms of the likely increase in on street drinking and ASB.

Suggested conditions of approval consistent with the operating schedule

1. A digital CCTV system shall be installed, operated and maintained inside and outside the premises (subject to planning permission) in agreement with the Police. The system will enable a frontal head and shoulders image of every person entering the premises. The system shall record in real time and operate whilst the premises are open for licensable activities. The recordings shall be kept available for a minimum of 31 days. A working copy shall be supplied free of charge to a Police Officer within 24 hours of any request to assist in the investigation of a crime or apprehending or prosecuting an offender. It is the responsibility of the premises to download any recording requests.
2. An Incident Book is to be maintained. This must be checked and signed weekly by the Designated Premises Supervisor.
3. Appropriate fire safety procedures shall be in place including fire extinguishers (Foam, H₂O and CO₂), fire blanket, internally illuminated exit signs, numerous smoke detectors and emergency lighting. All alliances are to be inspected annually.
4. All emergency exits shall be kept free from obstruction at all times.
5. All customers will be asked to leave quietly.
6. Clear and legible notices will be prominently displayed to remind customers to leave quietly and have regard for the neighbours.

Suggested conditions of approval agreed with the Council's Trading Standards team

7. No alcoholic goods will ever be purchased or taken from persons calling to the shop.
8. No spirits shall be purchased in a resealed box.
9. The licensee will immediately report to Trading Standards any instance of a caller to the shop attempting to sell alcohol.
10. Invoices (or copies) for all alcoholic goods on the premises will be kept at the shop and made available to officers from the council, police or HMRC upon request.
11. A stock control system will be introduced, so that the licensee can quickly identify where and when alcoholic goods have been purchased.
12. An ultra-violet light will be available at the premises for the purpose of checking the UK Duty Stamp on spirits as soon as practical after they have been purchased.
13. If any spirits bought by the business have UK Duty Stamps that do not fluoresce under ultra-violet light, or are otherwise suspicious, the licensee shall identify the supplier to Islington Trading Standards and HMRC as soon as possible.
14. The licensee shall adopt 'Challenge 25', the Retail of Alcohol Standards Group's advice for off-licences, and promote it through the display of posters.
15. The licensee shall ensure that staff are trained about age restricted products and ensure that they sign to confirm that they have understood the training. The training shall include the assessment of age; making a challenge; acceptable proof of age; and recording refusals. The licensee shall keep records of training and instruction given to staff, detailing the areas covered, and make them available for inspection upon request by the licensing team, police or trading standards.
16. The licensee shall put arrangements in place to ensure that before serving alcohol to persons they believe to be less than 25, staff ask to see accredited proof of age: that is, proof of age cards carrying the 'PASS' logo (and no others), a Passport, or UK Driving Licence bearing the photograph and date of birth of the bearer.
17. The licensee shall require staff to note any refusals to sell to young people in a refusals log. The refusals log shall be checked and signed monthly by the designated premises supervisor. The refusals log shall be made available for inspection upon request by the licensing team, police or trading standards.
