Subject: Statement of Internal Control

1. Synopsis

- 1.1 Islington is determined to achieve the goals set out in "One Islington". One of the features that underpins that aim is the achievement of a robust internal control framework.
- 1.2 This report sets out the statement on internal control for 2005/06 approved at Corporate Services Committee on 27 June 2006.

2. Recommendation

- 2.1 To note the draft statement on internal control for 2005/06 - set out in Appendix A.

3. Background

- 3.1 The Accounts and Audit Regulations 2003 require the publication of a Statement of Internal Control with the financial statements.
- 3.2 Although the Statement of Internal Control is published with the financial statement, it is not confined to just financial matters, but is a broad reflection of the whole governance of the Council. It is an important document, in that it demonstrates that Islington is reviewing its governance arrangements, taking steps to improve them and communicating to users and stakeholders how better governance assists in the delivery of better quality services.
- 3.3 Islington's system of internal control reflects its control environment and underpins its organisational structure to achieve and promote continuous improvement.

- 3.4 The Regulations recommend the Statement is approved at a meeting of the Council or delegated committee and that, following approval, it should be signed by the most senior officer and most senior member of the Council.
- 3.5 The sources of information for the preparation of the statement were:
Performance Improvement Division
Monitoring Officer
Corporate and Departmental Risk Registers
Internal Audit
External Audit

4.3 Equality Implications

- 4.3.1 There are no direct equalities implications.

5. Conclusion and reasons for recommendations

- 5.1 The Statement of Internal Control, attached as Appendix A, indicates the Council's control environment and once approved will form part of the Statement of Accounts.
