ISLINGTON

COUNCIL MEETING – 8 JULY 2021

REPORT OF THE CHIEF WHIP

COMMITTEE APPOINTMENTS

1. LICENSING COMMITTEE

- (i) To appoint Councillor Gilgunn to the Licensing Committee for the remainder of the municipal year or until a successor is appointed.

RECOMMENDED:

- (i) That Councillor Gilgunn be appointed to the Licensing Committee for the remainder of the municipal year or until a successor is appointed.

2. PLANNING COMMITTEE

- (ii) To appoint Councillor Gilgunn as a substitute member of the Planning Committee for the remainder of the municipal year or until a successor is appointed.

RECOMMENDED:

- (ii) That Councillor Gilgunn be appointed as a substitute member of the Planning Committee for the remainder of the municipal year or until a successor is appointed.

3. HOUSING SCRUTINY COMMITTEE

- (i) To appoint Councillor Gilgunn as a substitute member of the Housing Scrutiny Committee for the remainder of the municipal year or until a successor is appointed.

RECOMMENDED:

- (iii) That Councillor Gilgunn be appointed as a substitute member of the Housing Scrutiny Committee for the remainder of the municipal year or until a successor is appointed.

OTHER APPOINTMENTS

1. ST LUKE'S TRUST

- (i) To note that Councillor Nathan has stepped down from St Lukes Trustee Ltd (previously St Luke's Parochial Trust) and to appoint Councillor Bossman-Quarshie as his successor for the remainder of his term of appointment, until 29 June 2022.

RECOMMENDED:

- (i) That Councillor Bossman-Quarshie be appointed to St Lukes Trustee Ltd until 29 June 2022 or until a successor is appointed.

2. ISLINGTON COMMUNITY CHEST PANEL

- (ii) To note that Councillor Gill has stepped down from Islington Community Chest Panel and to appoint Councillor O'Halloran as his successor for the remainder of the municipal year.

RECOMMENDED:

- (ii) That Councillor O'Halloran be appointed to Islington Community Chest Panel for the remainder of the municipal year or until a successor is appointed.

**Cllr Sara Hyde
Chief Whip**

COUNCIL MEETING – 8 JULY 2021

PROPOSED AMENDMENTS TO MOTIONS

Proposed Amendment to Motion 5: Climate and Ecological Emergency Bill

Proposed amendment to be moved by Cllr Tricia Clarke

This Council notes:

- That in July 2019, Council passed an Islington Labour motion that we have cross-party, declared a climate and ecological emergency and committed to become a net zero carbon borough by 2030
- That Islington Council has joined the UK100 alliance (www.uk100.org) of councils and have published "Vision 2030: Building a Net Zero Carbon Islington by 2030", a biodiversity strategy and a transport strategy.

This Council also notes:

- The work of Islington's Labour-run Council to reduce carbon emissions and tackle toxic air pollution
- The transformative People Friendly Streets programme, and Islington's subsequent recognition as the top-ranked London Borough by the Healthy Streets Scorecard, acknowledging our efforts on a range of measures including the reduction of carbon emissions
- The investment in this year's Council Budget, which included more than £17million in projects to support our Vision 2030 strategy and £8 million investment in further electrifying the Council's vehicle fleet and the supporting infrastructure
- That there is a Bill before Parliament—the Climate and Ecological Emergency Bill (published as the "Climate and Ecology Bill")—according to which the Government must develop an emergency strategy to limit global temperature increase to 1.5 degrees C above pre-industrial levels
- That only 4% of Islington's carbon emissions are from the Council's corporate operations and buildings
- That the Council cannot tackle the climate emergency alone and the Tory Government needs to step up with a plan to reach net zero carbon emissions much sooner than the current target of 2050
- The lack of ambition shown by the Tory Government since 2010 in tackling the climate emergency, not least in the run-up to the COP26 Conference in Glasgow

This Council further notes:

- The CEE Bill requires that the UK plays its fair and proper role in reducing greenhouse gas emissions consistent with limiting global temperature increase to 1.5 degrees C above pre-industrial temperatures; and
 - ensures that all the UK's consumption emissions are accounted for;
 - protects and restores biodiverse habitats along overseas supply chains;
 - restores and regenerates the UK's depleted soils, wildlife habitats and species populations to healthy and robust states, maximising their capacity to absorb CO2 and their resistance to climate heating;
 - sets up an independent Citizens' Assembly, representative of the UK's population, to engage with Parliament and Government

This Council therefore resolves to:

- Support the Climate and Ecological Emergency Bill, ~~through encouraging by~~ working with our local MPs to support this bill in Parliament, writing to the CEE Bill Alliance and calling on the Secretary of State for Business, Energy and Industrial Strategy to back the Bill

Further, Council resolves to continue cross party work on climate with the UK100, and pledges to:

- Continue to assess our largest impacts on climate change, prioritise where action needs to be taken and measure and monitor progress towards targets
- Reduce our emissions at source and limit the use of carbon offsets as part of the global effort to avoid the worst impacts of climate change;
- Continue cross party work to ensure Carbon Neutrality by 2030, including through joining lobbying calls of the UK100 partnership of local government
- Work with residents and our local business, third sector and public sector bodies to cut the 91% of emissions generated by non-Council sources in the borough, promoting and incentivising efforts to reduce their carbon footprint
- Campaign in the run-up to COP26 for an ambitious agreement that recognises the gravity of our situation and its disproportionate impact upon the least well-off, both at home and globally

The amended motion would read as follows:

This Council notes:

- That in July 2019, Council passed an Islington Labour motion that declared a climate and ecological emergency and committed to become a net zero carbon borough by 2030
- That Islington Council has joined the UK100 alliance (www.uk100.org) of councils and have published "Vision 2030: Building a Net Zero Carbon Islington by 2030", a biodiversity strategy and a transport strategy

This Council also notes:

- The work of Islington's Labour-run Council to reduce carbon emissions and tackle toxic air pollution
- The transformative People Friendly Streets programme, and Islington's subsequent recognition as the top-ranked London Borough by the Healthy Streets Scorecard, acknowledging our efforts on a range of measures including the reduction of carbon emissions
- The investment in this year's Council Budget, which included more than £17million in projects to support our Vision 2030 strategy and £8 million investment in further electrifying the Council's vehicle fleet and the supporting infrastructure
- That there is a Bill before Parliament—the Climate and Ecological Emergency Bill (published as the "Climate and Ecology Bill")—according to which the Government must develop an emergency strategy to limit global temperature increase to 1.5 degrees C above pre-industrial levels
