284 **THE ROYAL OAK, 250 ST JOHN'S WAY, N19 3RJ - PREMISES LICENCE REVIEW (Item B1)**

The licensing officer introduced all parties. She stated that documents had been circulated from Ei Group and the police setting out actions and conditions agreed upon following discussions between the parties.

The police officer reported that this review related to an incident in mid-October. A male was assaulted outside the venue and the outcome could have been fatal. He was taken to hospital by his father. The venue did not call the emergency services

and they chose to obliterate the crime scene through cleaning. A summary review was held on the 23 October 2021 and the licence was suspended, pending the full review hearing. The position of the police initially was that the licence would be revoked but since that time the licence holder decided to withdraw from the licence and submitted his keys to the leaseholder and a licence transfer was submitted. The police engaged with Ei/Stonegate, who were in agreement with the severity of the issue and together had put forward a suitable schedule to enable the venue to be kept open. These contained unusual stipulations including a soft opening, a six month closure and body worn video. The legal adviser had made minor changes to ensure that these were practicable for conditions should the Sub-Committee be minded not to revoke the licence. The police submitted that they were content with these thorough and robust conditions assuming a suitable management operator could be found for the premises.

In response to questions, the police stated that the difference this time was that the previous operator had left and the proposed management would be Ei/Stonegate. If there were further issues and the licence was reviewed, the police would consider this as the last chance. It was considered that the risk was around the operator of the venue. The Chair was concerned that there may have been other incidents at the venue which the police were not aware of and he would not wish to be in this position again. The police considered that if the options submitted did not satisfy the Sub-Committee they could not offer anything else. Conditions did not mean anything if they were not upheld. The police stated that they would rather see the venue open if it could be run safely. They had been reassured by the licence holder who was committed to running a safe venue. The licence holder held a long lease and did not want a closed pub. The licence holder and the police had worked together and the police did not consider any more could be done. The police also considered that, if the venue closed, patrons would go to other local venues. This licence holder was aware of the risks, knew the nature of the operations and it would be a heavily conditioned licence. Other venues may be less robust.

The Licensing Authority fully supported the application by the Police. They stated that the venue had a chequered history and it was good to see the schedule for re-opening. There had been a serious incident in 2015, which police had not been called to, a review following a serious incident in 2019 and this latest incident. The Licensing Authority stated that they fully supported the suggested programme but stated that this was a challenging area. They did not wish to see pubs closing but this premises needed very robust management to ensure that there were no further incidents of this type. Public Health supported the review and had concerns regarding public safety. There was a clear link between assaults and alcohol consumption and they supported the proposed conditions.

The licensee's representative stated that Ei was the leaseholder of around 4000 pubs including community pubs. They were a responsible operator. The lease had been granted 36 years ago. Since 2013, at the time of the incident in 2019 and for this incident, the previous licence holder had been the tenant and he had employed the designated premises supervisor (DPS). The DPS was on the premises on the evening of the most recent incident. The victim had been targeted and the issue

was the handling of the aftermath. The actions of staff and the DPS, who cleaned all the evidence were reprehensible. The client did not seek to justify these actions. Following the suspension of the licence in October the tenant wished to walk away from the venue and Ei was pleased to accept. The client had not been involved in previous events. This was a national operator. The list of measures put forward went well beyond the normal. The client was content to remain closed for six months to demonstrate the new operation, the DPS must be approved by the police and there would be a soft reopening, with an increased hour each month, which meant that a full reopening would be at least ten months away. Hours would then be reduced to 11pm. CCTV would be improved both inside and out and the licence would be held in the client's name for at least 12 months. Any transfer offer after that time would need to be approved by the police. There would be undercover bi-annual checks made, body worn cameras were to be worn, there would be a proper barring system and continued oversight by the area manager. The community should have a pub but not any associated crime which had not been taken seriously by irresponsible management. He stated that the proposals were a proportionate response.

In response to questions, the Director of Licensing at Ei stated that there had been a change in ownership in March 2020 and the owner had not been aware of any incidents prior to 2019. A person of the right calibre would be appointed as designated premises supervisor after discussions with the police. There would be more frequent regional manager visits and it was proposed that further unannounced visits would take place every four to five weeks. The licensee's representative stated that the regional manager visits could take place every four to five weeks in the first instance. The Chair was concerned that only four visits a year had been thought to be acceptable. The Sub-Committee needed to consider public safety. Residents of the area had said that they were pleased now it was closed. The Chair would not wish to explain to people why he had allowed somebody else to be injured or worse. The Director of Licensing for Ei stated that visits from the regional manager would last between 6-8 hours at a minimum of four times a year. There would also be review meetings with the police every four weeks and frequent visits from the Regional Director. The licensee's representative stated that Ei/Stonegate was one of the most responsible operators unlike the previous licence holder. Conditions had been offered as part of a number of measures but the premises would be observed and further actions taken if necessary. The licensee's representative stated that Ei/Stonegate had taken over 19 months before but would not have been able to remove the tenant if they had not been in breach of their lease. Freeholders could not take on every licensing responsibility. The Chair considered that a responsible landlord would want to look at the history of the venue he was taking on. The licensee's representative stated that there had been no evidence of concern over the past 19 months and the police had not said that there were any issues with Stonegate as an operator. As soon as they were appointed as the licence holder, Stonegate liaised with the police and produced a large set of measures. It would not be a problem if visits were to be increased. Problems had been with previous management. The premises would be opened gradually, Stonegate would keep hold of the licence and the police would be

involved with the choice of DPS. Stonegate was the responsible licensee. If there was anything else to add they would be happy to discuss that.
There could be some venues with weak management that were run by customers. The licensee's representative stated that this would not be the case for this premises. This was a national operator and would set rules from the very beginning. It was better if individuals were managed well in pubs and barred if necessary. This operator was committed to a safe drinking environment. It was suggested that there could be a security risk assessment which was periodically discussed with the police.

In summary, the police stated that if the Sub-Committee was not happy with the measures proposed they should revoke the licence as they could not offer any further reassurance. The Licensing Authority stated that the measures which included a gradual reopening were good. Stonegate was a reputable operator and it was suggested that they could remain as the licence holder rather than the proposal to transfer the licence after a year. If they wanted the premises to remain open that may be an option that could be considered. The officer from public health wanted safe and well run premises and asked that the Sub-Committee look at all available options.

The licensee's representative stated that the condition regarding regional visits at 8c) of the proposed conditions could be amended to have monthly meetings for the first year at least. There would be periodic meetings with the police and a full security risk assessment prior to reopening. It was also proposed that Ei remain the licence holder for two years prior to any future transfer but it was stated that any transfer would need police consent. He considered it was better to have a pub that was run safely in the hands of a reputable operator than no pub at all.

RESOLVED

1) That the premises licence in respect of The Royal Oak, 259 St John's Way, N19 3RJ be revoked.

2) That the interim step of suspension to remain in place pending the final determination of any appeal.

REASONS FOR DECISION
The Sub-Committee listened to all the evidence and submissions and considered the material provided. The Sub-Committee reached the decision having given consideration to the Licensing Act 2003, as amended, and its regulations, the national guidance and the Council's Licensing Policy.

The Police stated the reasons for bringing the review as being the actions of venue staff following an incident that occurred outside the premises in mid-October 2021. Venue staff failed to call emergency services and deliberately cleaned the crime scene. The Police stated that their initial stance was that they would invite the Sub-Committee to revoke the licence but that events since the summary review hearing had changed their position. The licence holder had returned the keys to the

leaseholder and the licence had been transferred to Ei Group. The DPS had gone and Ei Group had engaged with the Police and an extensive schedule of proposed conditions had been agreed including that the premises would remain closed until at least May 2022 and would have a 'soft' reopening which would mean that the premises would not operate their full hours for at least ten months.

In response to questions, the police officer confirmed that he was of the opinion that the package of measures put forward was the best that the police and the licence holder could collectively offer and if this did not satisfy the Sub-Committee then the Sub-Committee should revoke the licence.

The Sub-Committee heard from the Licensing Authority that they supported the application by the Police. Although it was good to see the licence holder engaging with the Police the premises had a chequered history. There had been a serious incident in 2015, the 2019 review and now this review. The Licensing Authority would support a six month closure and soft reopening but the premises would need very robust management and revocation may be the only way to ensure that there were no further incidents. The officer from Public Health confirmed that they supported the police application.

The Sub-Committee heard from the Licence Holder's representative that the licence holder is a responsible, national operator that operates 4000 pubs. At the time of the incident, the previous licence holder had the tenancy of the premises and was entirely responsible for the operation of the premises. The DPS present at the time of the incident, was employed by the previous licence holder. Ei Group had nothing to do with this and did not try to justify it. Ei Group were glad to accept the previous Licence Holder's termination of the tenancy and transferred the licence into their name. Ei Group is a national operator of repute and wants to get the running of these premises right. The list of measures offered went well beyond the three month suspension suggested by the Licensing Authority. If the Police was not satisfied with the proposed new operator and DPS the premises would not open. The hours would be permanently reduced to 11pm. The licence would be in the name of Ei Group for at least 12 months. The Police would have the power to name people to be barred from the premises. There would be area manager oversight.

The Sub-Committee considered the proposed conditions, reduction in hours and removal of a DPS and concluded that these measures would be insufficient to protect public safety and prevent crime and disorder at the premises. The Sub-Committee was of the view that, in light of the chequered history of the premises and the previous modifications to the licence, the proposed conditions were not sufficient to make a difference to the operation of the premises. The Sub-Committee was concerned that the nature of the incident, a targeted attack on the victim, was indicative of community safety issues in the wider area. The Sub-Committee was also concerned that the nature of the actions taken by staff following the incident suggested that the management had lost control of the premises and that it was being controlled by the clientele. In these circumstances, the Sub-Committee was not satisfied that the change in management or conditions proposed would be sufficient to tackle these issues and promote the licensing

objectives. The Sub-Committee had to consider the safety of the public and concluded that the only way to guarantee the safety of the public was to revoke the premises licence.

The Sub-Committee decided that it was proportionate and appropriate for the licence to be revoked.

The Sub-Committee considered the option of imposing additional conditions but concluded that there were no conditions that could have been applied that would have tackled the issues raised by the police.

The Sub-Committee also considered the option of suspension but concluded that a suspension would not have served to resolve the problems identified by the Police and would not be sufficient to promote the licensing objective of crime and disorder and public safety.

The Sub-Committee considered whether it was appropriate for the promotion of the licensing objectives for the interim steps to remain in place, or if they should be modified or withdrawn. For the reasons as detailed above, the Sub-Committee decided that it was proportionate and appropriate for the suspension to remain in place until any appeal was finally determined.

Councillor Phil Graham welcomed everyone to the meeting and officers and members introduced themselves. The procedure for the conduct of the meeting was outlined.

286 APOLOGIES FOR ABSENCE (Item A2)

Apologies for absence were received from Councillor Marian Spall.

287 DECLARATIONS OF SUBSTITUTE MEMBERS (Item A3)

Councillor Alice Clarke-Perry substituted for Councillor Marian Spall.

288 DECLARATIONS OF INTEREST (Item A4)

There were no declarations of interest.

289 ORDER OF BUSINESS (Item A5)

The order of business would be as the agenda.

290 BELIZE, 171 FARRINGDON ROAD, EC1R 3AL - NEW PREMISES LICENCE (Item B1)

The licensing officer introduced all parties to the application. There were no residents present at the meeting. She stated that a letter from the applicant and two conditions accepted by the Licensing Authority had been circulated. The Licensing Authority had therefore withdrawn their representation. A video showing the layout of the premises could be shown if required.

The applicant's representative stated that the licence could have been transferred but the applicant wished to have a stricter licence which would satisfy all potential issues. All of the three responsible authorities had withdrawn their representations following conditions being agreed. The applicant had written to the residents detailing the conditions and hoping to allay fears but had received no response. The applicant stated that he had 20 years' experience supervising licensed premises and had held a personal licence for over 30 years. He had also held a premises licence in shops where he had been the store manager. He said that the premises would be well managed, it was not that large and customers would need to book a

table and be seated. All staff would be extensively trained and they had the help of a training consultant to ensure that they would remain fully compliant. They had been trained in Challenge 25, drug policies and would not serve customers who were drunk.

In response to questions it was stated that part of their policy was to ensure that women were safe in the bar and restaurant. They would have security in place and would assist females to get taxis if needed. The training consultant would train staff so that they could look out for any distress signs and these policies would be in place. They had tried to reach out to residents who objected but had received no response. They could have talkback events in the future to allow local residents to give their suggestions and observations which would give guidance to show how they could move forward. They had live entertainment downstairs and they wanted up to twenty people to be able to stand to see the entertainment if their views were blocked. Only customers sitting down would be served alcohol. They may move to a delivery service in the future and would be happy to accept a condition about non-motorised vehicles.

In summary, the applicant's representative stated he would provide his details to residents if the licence was granted. It was expected that customers would be seated and served at the tables in the basement however, if there was an event the 20 allowed to stand would allow for freedom of movement for families. The licence proposed was a far better option than the previous one.

RESOLVED

1) That the application for a new premises licence, in respect of Belize, 171 Farringdon Road, EC1R 3AL, be granted to allow:-

   a) The provision of regulated entertainment by way of performance of dance, live music and recorded music. Monday to Saturday from 11am until midnight and on Sundays from 11am until 11pm

   b) Late night refreshment Monday to Saturday 11pm until midnight.

   c) The sale of alcohol, on supplies only, Monday to Saturday from 11am until midnight and Sunday from 11am until 11pm.

   d) The premises to be open to the public, Monday to Saturday from 11am until midnight and Sundays from 11am to 11pm.

2) Conditions detailed on pages 49 to 53 of the agenda shall be applied to the licence with the following amendment:-

   - Condition 40 shall read. The ground floor of the premises shall operate as a restaurant where the supply of alcohol shall only be to a person seated taking a table meal there and for consumption by such a person as ancillary to the meal.

- The basement shall operate as a seated bar where the supply of alcohol is by waiter or waitress service only to a person seated. There shall be a maximum of 20 persons in total, standing across the basement and outside area.

- All deliveries shall be made by non-motorised vehicles.

REASONS FOR DECISION

This meeting was facilitated by Zoom.

The Sub-Committee listened to all the evidence and submissions and read all the material. The Sub-Committee reached the decision having given consideration to the Licensing Act 2003, as amended, and its regulations, the national guidance and the Council's Licensing Policy.

The Sub-Committee took into consideration Licensing Policies 2 & 3. The premises fall within the Clerkenwell cumulative impact area. Licensing policy 3 creates a rebuttable presumption that applications for the grant or variation of premises licences which are likely to add to the existing cumulative impact will normally be refused following the receipt of representations, unless the applicant can demonstrate in the operating schedule that there will be no negative cumulative impact on one or more of the licensing objectives.

Three local resident objections had been received but no residents attended. Conditions had been agreed with the noise team, the police and the licensing authority so they had withdrawn their representations.

The Sub-Committee noted that the hours sought were not within the hours specified in licensing policy 6.

The Sub-Committee heard that a previous licence held by another party still existed but this had been suspended for a number of years for failure to pay the fee. It was open to the applicant to pay the fee and for the licence to be transferred into his name but the applicant's representative explained that the applicant wanted stronger conditions in order to satisfy all potential issues. At the meeting the applicant said that there might be deliveries in the future. He agreed to a condition regarding the use of non-motorised vehicles.

The Sub-Committee heard evidence in response to questions that the applicant wanted to involve residents and was concerned about the safety of women and it was part of the policy to ensure that women were safe in the bar and restaurant and would be escorted to taxi cabs by doormen if necessary.

The Sub-Committee was concerned that there was some ambiguity about the condition proposed by the Licensing Authority regarding service of alcohol to 20 standing people in the bar. They considered that this might lead to the venue becoming more of a bar than a restaurant. The Clerkenwell cumulative impact policy refers to a high number of complaints about intoxicated people in the street.

The Sub-Committee concluded that the granting of the licence with the agreed conditions would promote the licensing objectives. The Sub-Committee was satisfied that the operating schedule demonstrated high standards of management and that the proposed use, with the extensive conditions agreed and an amendment to the Licensing Authority proposed condition to clarify that people had to be seated to be served alcohol, meant that the premises would not add to the cumulative impact.

The Sub-Committee was satisfied that granting the premises licence was proportionate and appropriate to the promotion of the licensing objectives.

295 **HOLLOWAY FOOD STORE, 59-61 SEVEN SISTERS ROAD, N7 6BH - EXPEDITED REVIEW APPLICATION (Item C1)**

The licensing officer introduced all parties and stated that there was nothing further to add to the circulated report.

The Sub-Committee viewed the CCTV in relation to the incident provided by the police. In response to a question the police stated that there had been two members of the public involved. He stated that this review had been brought under S53A of the Licensing Act. The premises were licensed for alcohol and associated with serious crime. S53A powers were specifically aimed at tackling serious crime and disorder, in particular the use of guns and knives. The police had sought legal advice and the use of S53A was supported. This incident was so serious that immediate steps must be taken. The police considered that it was fair to describe the knife used as a Rambo knife and not one used to open boxes. He would not think that it was appropriate that it had been used to slash a member of the public. It was accepted that the violence had been instigated by the drunk male victim. Staff had removed him from the store and the victim than threw fruit and the glass door which was possibly smashed in the process. Staff did not call the police, they armed themselves and attacked the male. Against the licensing objectives and a breach of licence conditions, the police were not called to the premises. The suspect had now handed himself into the police and had been arrested on suspicion

of grievous bodily harm and the possession of an offensive weapon. On the following day there had been a further incident at the premises. A male entered the premises followed by another male who was friends with a member of staff. This male was punched which caused a facial injury and the loss of teeth. The police were not called as required. This incident was still under investigation. He stated that the sale of alcohol brought with it additional control and management. This incident highlighted that this control was not present at the venue. Proper management and control was essential to prevent crime and disorder. He had no faith in the current management and invited the Sub-Committee to suspend the licence to allow further engagement and to mitigate the risk in relation to the sale of alcohol. This was not the first time that issues regarding staff behaviour had come to light.

In response to questions it was stated that the victim had not bought any alcohol from the premises. The window had been smashed and the victim had instigated the incident. The police stated that the issue began initially inside the shop but he was not sure that anything had been purchased. When viewing the CCTV provided the police were confident that the weapon had been a Rambo knife. The police had a record of previous incidents which had not been included in the report as it had been put together at short notice. The police considered that although the incident was not alcohol led it was relevant to the incident and the other breaches that the police had witnessed which indicated the irresponsible management of the venue.

The licensee's representative asked the Sub-Committee if they had received their submissions and this was confirmed. He stated that the police had chosen to show one minute of CCTV which had been selective and had chosen not to show the remaining 58 minutes. There had been four males causing a disturbance in McDonalds which then moved along the road to cause a disturbance at this premises. They had been warned by the security guard from McDonalds. The males were not customers but only attacked the premises. He did not say that this was appropriate behaviour. This was not a Rambo knife. No expert had confirmed this. The member of staff had been suspended although the incident had not been instigated by him. The Sub-Committee could not determine a future court decision. He was shocked that the police tried to introduce additional incidents. It had been confirmed that the male was not inside the shop. The licensee was happy to engage with the police and show the CCTV. There was no need to call for the police as they were already present at the scene. The perpetrators went away and then returned in a sustained attack. The staff member was beaten. It was not as simplistic as shown in the CCTV at the meeting. There had been four males involved and not two. Staff were using self-defence. He was not condoning the use of the knife but the knife was used to open the boxes in the premises and was not carried as a weapon. The police had stated that the incident had started in the shop but this had not been the case.

In response to questions, it was noted that when the client was called to the scene he asked if the police had been called and he helped the police by showing them the CCTV. The knife was in the kitchen shop and police could pick it up at any time. Staff needed to open boxes with knives and the member of staff already had the

knife when the attack happened. It was noted that the member of staff was not present when the police arrived. The knife seen on the CCTV was a kitchen knife for domestic use. His client had suspended the member of staff and he would not be going back to work in the premises.

In summary, the police stated that the knife used was a key piece of evidence and suggested that if it was in the possession of the licensee it should be handed in immediately. A serious crime had taken place which met the test of Section 53A. The victim had called the police but this should have been done immediately by staff in the premises. There had been two incidents in response to serious violence. The sale of alcohol was not well managed. The licence should be suspended. He also stated that another member of staff had been found to be in possession of drugs.

The licensee's representative stated that they had no knowledge of a report of drug possession and the police wished to introduce this issue in order to revoke the licence. There had been no evidence submitted regarding a further incident. He reiterated that the alleged victim had not entered the shop at any time as indicated on the full CCTV footage.

RESOLVED

That the Sub-Committee decided to impose the following interim steps with regard to the premises licence in respect of Holloway Food Store, 59-61 Seven Sisters Road, N7 6BH with immediate effect and until a full review hearing has taken place.

An additional condition to be added to the premises licence:-

That the member of staff arrested in relation to the incident on the 13 February 2022 is not permitted to return to the premises until the conclusion of the criminal investigation into the said incident.

REASONS FOR DECISION

The meeting was facilitated by Zoom.

The Licensing Sub-Committee considered whether it was necessary to take interim steps pending a full licence review. The Sub-Committee took into account the oral and written representations from the police and the legal representative of the licence holder.

It was common cause that the victim had been part of a group of people who had damaged the premises and threatened the staff on 13th February 2022 and that instead of immediately calling the Police to the scene one staff member took matters into his own hands and stabbed one of the members of the group who then reported the incident to the Police.

A criminal investigation has been launched by the Police into the incident and one staff member has been arrested. That staff member has had his employment suspended by the licensed premises.

The Sub-Committee determined that it was necessary to impose interim steps to promote the licensing objectives. The Sub-Committee determined that the added condition referred to above was reasonable and necessary.

The meeting ended at 2.30 pm

SUBJECT: PREMISES LICENCE SUMMARY REVIEW RE: HOLLOWAY FOOD STORE, 59 – 61 SEVEN SISTERS ROAD LONDON N7 6BH

Synopsis

1.1 In accordance with Section 53a of Licensing Act 2003 the premises licence was the subject of an expedited / summary review application by the Metropolitan Police on 16th February 2022.

1.2 This application relates to an incident involving serious crime, namely an assault with a knife resulting in serious injury.

1.3 On Sunday 13th February 2022, Police were called to Seven Sisters Road, N7 by a male stating he had been injured. Police attended and found a male with apparent knife related injuries. These injuries consisted of a deep laceration to the forearm, a 5cm slash to the face and a 12cm slash injury to the stomach.

1.4 The victim informed Police that he had been assaulted by two men working in the nearby shop who had a 'big machette'. This shop was identified as the Holloway Food Centre.

1.5 Subsequent investigation has revealed that the victim of the attack was drunk and was causing a disturbance within the venue. Upon leaving, the victim has thrown fruit at the shop and has damaged the glass door.

1.6 CCTV footage from the venue and nearby cameras has been interrogated. Footage shows the victim causing a disturbance outside. A male can be seen walking towards the victim who is stood still in the road. The male has in his possession a large 'Rambo'

style knife. The male can be seen to make a slashing movement with the knife towards the victim.

1.7 This male has been identified and is confirmed to be a member of staff from Holloway Food Centre. The CCTV also shows another male with a large stick chasing the victim. This male has also been identified and is a member of staff from the Holloway Food Centre.

1.8 The victim was taken to hospital for treatment for the knife injuries. His condition is not life threatening however follow up treatment will be required for his arm injury.

1.9 Attending officers found that the two males involved had left the scene. At the time of writing, the two suspects involved have not been traced by Police.

1.10 The Police state they have serious and immediate concerns regarding the management of this venue and no confidence that they can operate without posing a risk to public safety. That in their view that such critical failings and actions by management and staff constitute ongoing risk of serious crime.

1.11 On the 18th February 2022 the Licensing Sub-Committee considered whether it was necessary to take interim steps pending a full licence review. The Sub-Committee took into account the oral and written representations from the police.

1.12 The Sub-Committee decided to amend the licence of Holloway Food Store, 59 – 61 Seven Sisters Road, London N7 6BH to add as additional condition that stated. The member of staff arrested in relation to the incident on the 13 February 2022 is not permitted to return to the premises until the conclusion of the criminal investigation into the said incident.

3. Background / History

3.1 The premises licence is currently held by Eshabil Kavak who transferred onto the Premises Licence in October 2020.

3.2 Mr Kavak also became the designated premises supervisor at the premises in November 2020.

3.3 The premises were granted a 24 hour alcohol licence in 2006.

3.4 The summary review application is subject to supporting representations from the Licensing Authority and the Council Trading Standards Team.

3.5 The Police Licensing Team has submitted additional evidence in support of the review. These are all attached as Appendix 3.

3.6 Licensing Officers and Police have visited the premises since the review and found that the premises was breaching three of its license conditions.

3.7 At the time of publishing the report the licence holder hadn't submitted any supporting documents.

4. Recommendations

4.1 To determine the application to review the premises licence under Section 53A of the Licensing Act 2003.

4.2 The Committee must, having regard to the application and any relevant representations, take such steps as mentioned in Section 53C(3) of the Act (if any) as it considers appropriate for the promotion of the licensing objectives.

4.3 The steps stated in Section 53C(3) of the Act are as follows:

a. the modification of the conditions of the premises licence;

b. the exclusion of a licensable activity from the scope of the licence;

c. the removal of the designated premises supervisor from the licence;

d. the suspension of the premises licence for a period nor exceeding three months; or

e. the revocation of the premises licence.

4.4 The Committee also have the option to:

a. leave the licence in its existing state; and

b. has the power in relation to steps a) and b) detailed at 4.3 to provide that the modification and exclusion only has effect for a limited period not exceeding three months.

5. Conclusion and reasons for recommendations

5.1 The Council is required to consider this summary review application in the light of all relevant information, and must take such steps as is considers appropriate to promote the licensing objectives.

5.2 The Council is also required to consider whether the interim measures continue pending any appeal.

Venue Background:
The Holloway Food Centre is a 24 hour licensed off licence and grocery store based on Seven Sisters Road, N7.

Incident: - CAD 1346/13FEB22 - CRIS 2703650/22 -
At 0449 hrs on Sunday 13th February 2022 Police receive a call from a male stating he needs Police as there is 'too much blood'. Police arrive on scene at 0503 hrs to a male standing in the road outside the premises initially presenting with a deep cut to his forearm. The male states he has been attacked by 2 men who work inside the shop who have injured him with a machete. [from CCTV later accessible it appears to be a silver bladed Rambo type knife with a black sheath]. The male also had a slash to his face approx. 5cm long and a slash wound to his stomach that was 12cm long.

After administering first aid, Police entered the shop spoke to a staff member who provided his personal details. He stated the male outside had caused issues and damaged the shop front window. The staff member stated he could not show the premises CCTV to officers as he could not work it and would need the manager and was alone in the shop. A crime scene was set up due to the amount of blood outside the premises, injuries sustained and the allegation made. A further witness approached police and stated 2 shopkeepers from the premises had attacked both him and the male with the knife wounds.

At 0600 hrs the owner of the premises arrived to work the CCTV and it became apparent that there were 3 shop workers present at 0453 hrs but only 1 remained on police arrival following the call from the injured male. The attack had possibly been as early as 0429 hrs. Limited available CCTV available to be viewed by investigating officers [noted to be showing the incorrect time by 1 hr in any case] captures one shop keeper in possession of a Rambo style knife approach the injured male [appears to be after any initial incident and damage to the shop door] with victim standing on road away from shop. The shopkeeper approaches the victim whilst holding the knife and makes a slashing and thrusting movement towards him at stomach height at 0429 hrs. This is clearly not in self-defence. One shop worker also appears to be armed with a wooden pole or large stick during the incident. It is not clear if the knife injuries evident when police are notified and attend are sustained at 0429 hrs or in prolonged periods off of CCTV view prior to police arrival.

Specialist digital investigators will be required to visit the premises to obtain any other available angles or footage it is believed. Of note: - At no stage did the venue contact either ambulance or Police but do find time to brush and sweep down the outer pavement and adjust produce displays.

Officers attending are not able to locate the weapon used or the 2 shop workers said to be involved. At the time of writing the victims injuries are deemed by medical staff to be non-life threatening. A Police report states one will need further specialist medical appointments for assessment to see if he regains feeling in his arm.

Submission: Having reviewed the available evidence in this case, the Police are of the view that immediate steps are necessary to deal with the risk posed by the operation of this venue. Staff members employed at the venue have had immediate access to a large Rambo style knife. Staff have reacted wholly inappropriately to a minor disturbance by a drunk male. Instead of calling the Police, 2 of the staff members have taken it upon themselves to attack the male with one causing significant injuries using a huge knife. Following the incident, no call was made to Ambulance or Police by venue staff. Police suggest this lack of action was intentional, in order to allow for the suspects to make good their escape, dispose of the weapon involved and eliminate incriminating forensic evidence. These deliberate actions have delayed vital initial investigations and obliterated any potential forensic evidence, frustrating the Police investigation. On this occasion it appears the victim was lucky to escape life threatening injury. Circumstances and nature of injuries suggest that repeated blows with a knife were made to cause serious injury.

It is the view of Police that multiple and grave failings have been identified and demonstrate a stance completely at odds with any responsible operation and indeed opposing the Licensing Objectives. It is concerning that staff appear to have to hand immediate access to such deadly weapons. They have caused a minor disturbance to escalate, that could have easily been diffused or dealt with by a call to Police, into a potentially life threatening assault.

Police have considered other enforcement options open to them. However, mindful of the current and ongoing risk, and specifically the fact that the venue has made decisions contrary to (and in breach of), a licence that already states any instances of crime and disorder at the premises shall be reported to the police immediately, it is not felt that the venue can safely operate.

Police enter this application for the panels urgent attention and ask that consideration be given to suspending the premises licence in question pending full review. The criminal investigation is active and ongoing at this time in an effort to locate the suspects involved.

Respectfully submitted for members consideration, PC 3472CN Tim Livermore. Islington Police Licensing Team.

Notes for guidance

1. A certificate of the kind mentioned in the form must accompany the application in order for it to be valid under the terms of the Licensing Act 2003. The certificate must explicitly state the senior officer's opinion that the premises in question are associated with serious crime, serious disorder or both.
   Serious crime is defined by reference to section 81 of the Regulation of Investigatory Powers Act 2000. In summary, it means:
   - conduct that amounts to one or more criminal offences for which a person who has attained the age of eighteen and has no previous convictions could reasonably be expected to be sentenced to imprisonment for a term of three years or more; or
   - conduct that amounts to one or more criminal offences and involves the use of violence, results in substantial financial gain or is conduct by a large number of persons in pursuit of a common purpose.

   Serious disorder is not defined in legislation, and so bears its ordinary English meaning.

2. Briefly describe the circumstances giving rise to the opinion that the above premises are associated with serious crime, serious disorder, or both.

I am a Superintendent * in the Metropolitan Police Service.

*Insert rank of officer giving the certificate, which must be superintendent or above.

I am giving this certificate because I am of the opinion that other procedures under the Licensing Act are inappropriate in this case because:

(Give a brief description of why other procedures such as a standard review process are thought to be inappropriate, e.g. the degree of seriousness of the crime and/or disorder, the past history of compliance in relation to the premises concerned)

This application relates to an incident involving serious crime, namely an assault with a knife resulting in serious injury.

The matter has been recorded as GBH with intent and is being investigated as such. CRIS 2703650/22 refers.

This incident is directly linked to the Holloway Food Centre, 59 - 61 Seven Sisters Road, N7. The suspects involved are staff members, working at the venue at the time of the incident.

On Sunday 13th February 2022, Police were called to Seven Sisters Road, N7 by a male stating he had been injured. Police attended and found a male with apparent knife related injuries. These injuries consisted of a deep laceration to the forearm, a 5cm slash to the face and a 12cm slash injury to the stomach.

The victim informed Police that he had been assaulted by two men working in the nearby shop who had a 'big machete' This shop was identified as the Holloway Food Centre.

Subsequent investigation has revealed that the victim of the attack was drunk and was causing a disturbance within the venue. Upon leaving, the victim has thrown fruit at the shop and has damaged the glass door.

CCTV footage from the venue and nearby cameras has been interrogated. Footage shows the victim causing a disturbance outside. A male can be seen walking towards the victim who is stood still in the road. The male has in his possession a large 'Rambo' style knife. The male can be seen to make a slashing movement with the knife towards the victim. This male has been identified and is confirmed to be a member of staff from Holloway Food Centre.

The CCTV also shows another male with a large stick chasing the victim. This male has also been identified and is a member of staff from the Holloway Food Centre.

The victim was taken to hospital for treatment for the knife injuries. His condition is not life threatening however follow-up treatment will be required for his arm injury.

Attending officers found that the two males involved had left the scene. At the time of writing, the two suspects involved have not been traced by Police.

Police were called to this incident by the victim. Staff did not call Police or ambulance at any point.

I have considered authorising a standard review of the premises licence, however I do not feel this step to be appropriate given the circumstances.

This incident was so serious, and actions by the venue staff so grave and concerning, that in my view the case should be put before a licensing committee as soon as possible in order for measures to be put in place to address the risk that this venue poses. Given the circumstances, I recommend an immediate suspension of the premises licence.

I have serious and immediate concerns regarding the management of this venue and no confidence that they can operate without posing a risk to public safety.

It is my view that such critical failings and actions by management and staff constitute ongoing risk of serious crime.

Age if under 18 **Over 18** ..... (if over 18 insert 'over 18') Occupation: Police Officer.....

This statement (consisting of: ....7..... pages each signed by me) is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated anything in it which I know to be false, or do not believe to be true.

Signature: T. Livermore PC 3472 CN Date: 07/03/2022 .....

I am PC Tim Livermore. I have worked for the Metropolitan Police for 14 years. I am currently a licensing officer for Central North Borough Command Unit working on Islington Borough.

The role involves undertaking patrols of licensed premises; offering assistance to patrons and management on all related matters; assisting with the investigation into, and prevention of, crime on licensed premises; and ensuring that venues fully uphold the licensing objectives.

I submit this further statement in addition to my initial application dated 16/02/2022 to provide a current update as to circumstances and background checks around the premises licence review at :

Holloway Food Centre, 59-61 Seven Sisters Road N7 6BH [Licence number LN/2537-041120].

An application was earlier submitted by myself for summary licence review under S53A of the Licensing Act 2003 dated 16/02/22. This application was accompanied by a certificate signed by Supt Rowlands certifying that in his opinion, the premises is associated with serious crime.

That matter was put before the committee on 18/02/2022 and having received advice around the circumstances it was the determination of the committee that there be interim steps applied pending a full review hearing, now scheduled for 17/03/2022.

Again, and as submitted in my initial statement, this matter revolves around an allegation of serious violence involving weapons by staff members at the venue and the actions at the time of staff at the venue in question and standards of management there . A subsequent report has also now been received for a separate incident of violence associated with the premises at 0009 hrs on 14/02/2022.

The criminal investigation into both these matters is ongoing.

Incident Outline:

- During the early morning of 13th February 2022 the Police receive a call at from a male giving the shop location which is a 24hr licensed convenience store stating there is 'too much blood'. Police now know this male to be the victim of the stabbing.

Signature: T. Livermore PC 3472 CN Signature witnessed by: .....

2004/05(1): MG 11(T)

- Officers attend the address and an allegation is formally made to them by a male with multiple injuries that he has been attacked by shop staff at the location one of whom was armed with a knife , another was armed with a pole or a stick. Initial actions are undertaken by both Police and Ambulance Services. Only 1 of the 3 staff members on duty remains on scene upon police arrival. The staff member remaining is searched for weapons but was found to be in possession of class B drugs.

- Following footage of the assault being obtained it is clear that the incident is ongoing for some time. None of the 3 staff at the venue call Police at any stage during or after the incident. This action would likely have diffused the situation. Police were only notified as a result of a call from the victim. The response from a responsible operator would have been to call the Police when the incident was occurring instead of taking matters into their own hands. The collective actions of staff was wholly unacceptable, criminal and disproportionate to the circumstances. Furthermore, staff chose to flee the scene in order to avoid the consequences of their actions.

- Following the initial investigation, Police conduct a man hunt for the staff member involved in the knife assault owing to the fact he fled the scene. Numerous enquiries at known addresses are conducted to no avail.

- In the days following the incident, the suspect for the knife assault is arrested when he attends a police station. He is the nephew of the premises licence holder and his jacket is seized by officers as it is believed he was wearing it at the time of the stabbing from CCTV recovered by officers attending. The knife was a silver bladed black handled commando or Rambo type knife with a large blade that seems to have had a sheath from footage of the assault . A knife of this type has no place in a retail venue.

- The Police investigation is ongoing into the knife incident. A separate report the following evening 14/02/22 when a different male states that he was assaulted and had his teeth knocked out by someone known to shop staff in front of the venue. From information received by Police, the suspect attends the venue and meets with a staff member. The staff member is present with the suspect when he assaults the victim. Staff at the venue again failed to call Police to this incident.

- The premises has not been able to demonstrate that staff on duty have been trained or are able to operate and produce CCTV or to keep the records required by the current premises licence during engagement since the knife incident. The manager, Mr Kaykusuz who stated it was 'his licence' on a subsequent visit to the premises has stated that he can not operate or use the CCTV system sufficiently to download CCTV if requested and police should attend to do it if they want it. The premises did not have an incident log book as required either.

- Mr Kaykusuz although regularly at the premises as the leaseholder and manager is not believed to be a suitable premises licence holder or designated premises supervisor due to a

conviction in February 2017 at the premises for possession of an offensive weapon and a public order offence after chasing a customer from the premises with a hockey stick police indices state.

- The venue offered evidence at the summary review hearing that the knife involved was at the venue and Police were welcome to collect it. This is not case. Police have attended and to date the knife has not been recovered.

Background Timeline : **Timeline of events/engagements March 2022-present**

Engagement
Date: 16/03/2020

Visit under taken with colleagues from Trading Standards. Council 'No Knife Shop' campaign re premises that do not need to be stocking knives as part of their core offer agreeing to stop stocking them in interests of public safety and immediate availability. The PLH and DPS for the premises were shown as Mustafa Atici but he was not present and told he is rarely there. Idris stated the premises would not stop stocking knives now as they had a large stockholding and kitchen products were a best selling line for them especially in the evenings. Scheme leaflet left with Idris. Idris was told Mustafa would have to be contacted as he was the PLH and DPS and after initially saying that the premises would continue selling knives Idris then said it might be that they would stop once current stocks were sold.

Engagement
Date: 09/06/20
Return visit as part of Islington Trading Standards led No Knife initiative. Previously stated premises would consider no longer stocking knives once stock sold down. Licensing queries made still re who owns or runs as DPS/PLH [Mustafa Atici] was still absent. Staff stated owner was Idris Kaykusuz but was not present and premises still stocked knives. Letter re initiative left and police licensing card left.

Offence: Homophobic Public Order/Assault
References: 2712687/20
Date:11/06/2020
Time: 0837
Report to police that male staff member in his thirties with a beard had made homophobic remarks and verbally assaulted a customer and then thrown items of stock at them until they had left shop. Crime report closed after informant stated they did not wish to speak to police or progress as a crime.

Visit conducted on 18/06/2020 at 1330 hrs. Visit conducted and paperwork completed with store manager, Idris Kaykusuz as DPS/PLH not present . Idris stated he believed complainant was a regular customer who regularly purchased K cider and he and staff member involved had made up after a misunderstanding over a 'joke' and customer had been in since. Venue opening 24 hrs seven days a

week as per licence and had a 16 camera CCTV system installed with a recently newly fitted hard drive. 3 cameras covering front of store, 1 covering rear delivery area and other 12 sited in store.

Licence breaches identified on visit were no general incident log book kept or clear age verification policy. Letter send to DPS/PLH as premises has been invited to engage re breaches and give assurances and evidence of steps taken to address and comply with their current licence conditions and provided with police recommendations in regard to their dated Council premises licence. Letter returned on 06/07/2020 PLH and DPS Mustafa returned as not known at address. Idris supplied a different address for him in Enfield. Letter reposted, Council licensing support manager informed and response sent to Idris asking him to have Mustafa officially inform the council of his change of address to correct licence. This letter also latter returned as not known at this address. Checks made after visit following queries from Idris found he was arrested at the premises in 2017 and convicted of offensive weapon and public order offences after chasing customer from store with a hockey stick [the premises does not stock sports goods]. Idris had asked for advice as stated he had a recent conviction for a weapons enabled assault at a nightclub that meant he might not be able to be the DPS but the premises arrest was not mentioned. It was not clear that the above ever came to attention of then police licensing team at time or if council licensing were aware as no other incident references found.

Engagement
Date: 30/09/2020
Return visit made due to lack of engagement since last visit and clear PLH does not reside at licence address and no contact details for him with post being returned to Police. Spoke with manager Idris who stated he and his new business partner Eshabel Kavak will be transferring the licence to themselves as Mustafa Atici is stepping down and that also Eshabel Kavak who has a personal licence with Haringey Council will be applying to be the designated premises supervisor at the premises. Confirmed that once he is the PLH police looked forward to engagement re the recommended conditions for 24 hrs licence there as discussed and passed on in earlier emails after the crime related visit police made in June 2020. Mr Kaykusuz was still aware that it would likely not be before MAR2023 that he would be line for a personal licence or to become the designated premises supervisor at this store or elsewhere himself following earlier convictions.

Application
Date: 04/11/2020
Summary: Premises Licence Transfer & DPS Transfer received and processed for Eshabel Kavak changing from Mustafa Atici who had never been able to be traced or contacted. Now Mr Kavak has formally taken over after police crime visit in JUN20 noted he would be approached to progress the recommendations to 24 hrs licence discussed and agreed in principle then after breaches and management lapses.

Engagement
Date: 09/11/20. Visit made to speak with new PLH/DPS, Eshabel Kavak. He wasn't present but a letter was left for him. He later called and confirmed receipt and gave an email address for his daughter to have it emailed to also so that she could explain it to him as she helps him with writing and reading English he stated. Police notified on 16/11/20 that Council had declined minor variation from premises

for being incorrectly completed with premises licence holder and designated premises supervisor Eshabil Kavak informed of correct way to resubmit. No resubmission to date.

Time: 0430-0500 hrs
Summary:
Details of incident leading to a summary review application submitted to first hearing where MOP/customer assaulted by staff member with weapon [from CCTV a Rambo/commando knife taken from a handheld black sheath] and receiving injuries with another staff member using a large pole or stick. Investigation ongoing . Nephew of premises licence holder working at the premises that evening subsequently arrested on attending a police station the following day after arrest enquiries made at various addresses by police units. Timings from premises CCTV obtained in criminal investigation. At 0515 hrs after first aid to victim uniformed officers attending search the one remaining shop worker present on police arrival for weapons. No weapons are found on him but he is found in possession of cannabis while working overnight at the licensed premises which he stated was for personal use and was dealt with by officers attending by way of community resolution.

Offence: Grevious Bodily Harm
References: 2703769/22 CAD 58-14Feb22
Date: 14/02/2022
Time: 0009 hrs
Police received a report of an assault the following day with a different victim to the previous stabbing incident. When uniformed officers were able to locate the victim subsequently at hospital he stated that the suspect for the assault had come out of the venue in the company of staff who he appeared to know and the suspect has made an allegation to the victim but before he can respond the suspect has punched him in the face causing serious facial injury including knocking out teeth and the victim fled in fear of further injury. No call, intervention or welfare evidenced from premises and staff complicit from details known to date. No incident pack yet provided by premises.

Engagement
Date 16/02/2022 – Police attend with Council Licensing to deliver notice re summary review application. As Mr Kavak was not present officer fully explained to Idris who had questions the reasons

and procedure and advised him to have Mr Kavak to consider consulting and instructing a solicitor with licensing experience.

18/02/22 – Licensing Sub-Committee hears submission and issues interim steps following first hearing. Solicitor representing stated that his client had the knife used from the stabbing incident secured at the premises.

Engagement
18/02/22 – Police returned to secure the knife from the stabbing at 2140 hrs on the evening of the hearing as evidential having been informed it was present. The knife wasn't there and wasn't awaiting collection. Eshabil Kavak was present and did not know about any knife awaiting collection or why this would have been said. There were 13 working knives found at the premises which Mr Kavak collected up on the first sweep of all shapes and sizes that he said staff used but were mainly all small kitchen ones. None were anything similar to what was seen on footage viewed of the stabbing incident. None appeared evidential and none were seized for the investigation. They had all been in use by staff since the incident it was stated and Mr Kavak confirmed the male arrested in relation to the incident was his nephew, Ali.

Engagement
24/02/22 – At 1305 hrs Police accompanied the Council Licensing Officer to premises for him to assess current compliance with licence and for Police to collect incident pack collated by premises for 14/02/22 incident after premises had said that it was ready on 23/02/22. No pack was ready and CCTV had not been downloaded. Manager and owner/boss [according to day shop staff] Mr Idris Kaykusuz attended the premises to open the managers officer at rear after a phone call . He knew nothing of any pack . He opened the locked manager's office and stated that even though it was a current licence condition and had been part of discussions in earlier years he could not work the CCTV and there was no general incident log-book still. He had been able to work the CCTV when police attended in June 2020 records indicated.

Engagement
03/03/22 – Police have contacted the solicitor who represented the premises at the first hearing to see if they are planning to ask for any engagement or meeting before the second hearing re the premises implementing the previous recommendations and/or, bolstered licence conditions, personal licence holder on duty while open, staff training measures, management checks or CRB checks on staff in future. Response still awaited.

Recommendations:

The incidents of concern are highlighted above and speak for themselves;

- The presence of a Rambo knife in a retail environment
- Staff arming themselves to deal with a disruptive members of the public

Continuation of Statement of T. Livermore PC 3472CN

- Staff continually failing to call Police to incidents of violence and disorder
- Staff fleeing the scene following a GBH
- Staff being found in possession of drugs
- Continued failure to adhere to the conditions of the premises licence (ie .....

Police have made efforts to engage with Mr Kavak since the incident on the 13th February. The venue have been unable to supply basic information formally requested via 'incident pack' requests. This includes incident reports and CCTV as detailed.

Both Police and the Local authority have engaged with the venue over recent years. Conditions have been suggested that would assist in safeguarding against such incidents have not been acted upon.

Although the suspect for the knife offence remains under investigation, the Police view remains that the grave severity of the initial incident as evidenced by the footage viewed and the weapons availability and willingness to use it at the venue constitute a continuing risk of serious crime and risk to the public. The further report received and a staff member in charge being found in possession of drugs are also of concern. Police checks indicating there have previous violence and weapon related convictions at the venue also cause concern re leadership, training, staff supervision and management standards.

The sale of alcohol brings with it additional risk and the need for responsible control and management. This is even more the case for a premises with a 24 hrs licence. It is clear that this responsible management is simply not present at this venue and the licensing objectives are not being upheld. Police are concerned as to the safety of the public as and when future incidents occur.

Police respectively request that the committee give serious consideration to all options available under the licensing act.

I am the above named officer TDC [redacted]. I am attached to Islington Police Station NI doing street duties attached to car CN21E. I was in the company of PC [redacted]

I was made aware of a suspect handing himself in to Islington Police Station at around 1220hrs. I now know this suspect to be Ali KAVAK (DOB 05/08/1997). He was a wanted suspect in relation to a serious assault yesterday, the 13th February 2022 at 0449hrs at HOLLOWAY FOOD CENTRE, N7 6BH. Suspect was wanted for GBH and Possession of an Offensive Weapon after a victim was stabbed causing injury.

The suspect was identified by means of a PNC check in addition to confirming his identity.

I arrested the suspect at 1226hrs on the 14th February 2022 at the front office of Islington Police Station NI. Myself and [redacted] then led the suspect over to the custody suite at Islington Police Station NI.

The necessity for the arrest was to ensure a prompt and effective investigation of the offence and to prevent the suspect from causing physical injury to themselves or others.

Suspect was calm and compliant during the whole procedure, at the time of arrest he was in the company of his cousin and his girlfriend. Officers liased with CN CID who advised for the seizure of KAVAKS jacket, documented below, alongside wet and dry swabs of Mr KAVAKS hands documented below.

The arrest of Mr KAVAK was documented on body worn video [redacted]

The jacket belonging to Mr KAVAK is exhibited as -
[redacted] - One (1) black puffer jacket, [redacted]

The swabs were placed in the CID freezer and are exhibited as -
[redacted] - One (1) left hand swab, wet, [redacted]
[redacted] - One (1) left hand swab, dry, [redacted]

Time	Date	Opid	Termid	
				Visit completed with Council at 1305-1325 hrs. No CCTV had been downloaded for 2533CN as informed and no incident pack was available for collection and DPS and PLH , Eshabil Kavak was not present neither was his daughter , Zeynib . Day staff called the 'boss' to location and he attended . He stated the licence was his and his details were Idris Kaykusuz [redacted] . He was previously spoken to a number of years ago at the premises . He opened the locked managers office and stated the premises did not have a general incident log-book or incident book as required by premises licence and he could not work the CCTV and couldn't work it himself . From previous visits and engagements Mr Kaykusuz has no alcohol personal licence but may now be able to apply due to time restrictions having lapsed . CAD can be closed and officer asking for pack to be collected has been informed .

Police call sign(s): CN 801 Night(s), CN 20 Ni[redacted]
First aid: initially given to the victim

Ambulance call sign: D433

On Sunday 13th February 2022 at approximately 0449 hours, Police received a phone call from the informant[redacted] stating that he needs Police as there is too much blood.

On Sunday 13th February 2022 at approximately 0503 hours, Police arrived on scene at 77 Seven Sisters road N7. As Police were driving down the road [redacted] stood in the road in front of the Police car to get their attention.

[redacted] straight away had shown his injury on his forearm [redacted] had a deep laceration to his forearm. [redacted] stated to officers that it was two men inside the shop that had a big machete. It was hard to fully communicate with [redacted] as he was heavily intoxicated and was getting distracted with other people around him.

[redacted] also had a slash to his face which was approximately 5cm long and he also had a slash to his stomach which was approximately 12cm long.

Officer's walked into 59-61 'Holloway Food centre' asking the shop keeper what had happened to the male outside. The shopkeeper [redacted] stated that the male outside was causing issues and had damaged the window inside the shop. Officer's requested CCTV and [redacted] stated that he can't access it and requires the manager to access the CCTV.

As there was blood droplets at the front of the shop, the shop and surrounding pavement was turned into a crime scene at approximately 0519 hours. Paramedics arrived on scene and had taken [redacted] to the ambulance.

friend of [redacted] approached Police and explained he was there when the incident occurred. Dawit explained that two white male shopkeepers had attacked them both [redacted] explained that he had been punched in the face and attacked also. [redacted] was also extremely intoxicated and when asked for a description of the machete, [redacted] started shouting. [redacted] started pointing out most people that was connected to the shop.

[redacted] pointed out [redacted] who was stop and searched by officers. [redacted] is connected to the shop but stated he was not present during the incident. [redacted] is partially blind.

[redacted]

In the ambulance [redacted] stated to officers that it was the white shopkeeper who had the machete and stabbed him. [redacted] was searched by officers but did not match the description.

At Approximately 0600 the shop owner [redacted] arrived and assisted officers to view the CCTV footage inside the shop.

The CCTV footage time was incorrect by +1 hour. The CCTV footage shows at approximately 0530 hours (0430 genuine time). It show an incident occurring outside the shop just out of camera span. You can see people running around. At approximately 0542(0442 genuine time) it shows the victim standing next to the shop window, it looks as if the victim [redacted] m[redacted]olice at this point. At approximately 0553 hours (0453 genuine time) it shows the victim throwing the fruit from the shop on the ground and towards the shop keeper. It also shows the glass door break, whilst staff have closed the doors. [redacted]

There was three workers inside the shop before the incident and only one remained [redacted]

on scene when Police arrived. The other two workers are [redacted] (Shop owner's nephew) and [redacted] who was stacking the shelfs. Neither of the [redacted] return inside the shop.

London borough of Islington CCTV turned towards the incident once the incident had been called in, so they did not capture the incident.

It appears that there is a wide angle camera at [redacted] which is next door to 'Holloway Food centre' which might have captured the incident.

Police were given [redacted] phone number by the shop owner as [redacted] which came back as [redacted]

Officers for early turn have been asked to seize [redacted] clothing and to add reference numbers to this report.

Knife was not present and ready for collection . Nothing was awaiting collection . Owner [redacted] was there and working behind till , [redacted] says they don't have any knife from the incident . He gathered the working shop knives he said shop had while officers present . There were 13 knives found on the first sweep at the premises that [redacted] collected up that apparently staff use of all shapes and sizes but mainly small kitchen ones . None were anything similar to that seen on the shared footage screened and available to Licensing Committee at hearing . None had or looked like they would have sheaths . No clear benefit or evidential use in seizing any of them . They have all been in use this week by various members of staff apparently anyway .

CAD: 2738/14FEB22
First Aid: VIW was taken to the Whittington Hospital

Named suspects or active leads: No known suspect
Warrant No's/Names of all officers attending scene:
[redacted]

Victim account. Police were made aware of a male who had been a victim of assault on 14/02/22 by LAS who had been called after the VIW had called them complaining of pain.
CN72E attended this call, on the way to the VIWs H/A we were updated by LAS that the VIW was being taken to the Whittington Hospital. And that we were to meet them at the hospital.
When we arrived at the hospital the VIW was still in the ambulance waiting to be taken into the assessment area at the Whittington Hospital. The VIWs story did not make much sense as to where the incident occurred. The VIW stated that he had been at the ADMIRAL CASINO prior to the incident and believed that he was being followed. The VIW was outside of a "24 hour" shop which is believed to be the HOLLOWAY FOOD CENTRE based on where he was, when a male that he believed that was following him walked into the store.
The VIW then states that the male and a shop worker then came back out of the store. Before the member of staff asked the VIW why he pushed his friend. The VIW alleged that the VIW said back to the shop worker that the male that had just come out was following him.
At this point the male that VIW1 stated was following him punched him in the face. This has allegedly knocked out several of the VIWs teeth. The VIW has then started to chase the Male, before the male has turned and attempted

14/02/2022 16:16

[redacted]

to hit the VIW again.
The VIW stated that at this point the male ran off after seeing the VIWs "skills".
The VIW was not making a huge amount of sense at the time of taking the report. He had several injuries to his face, and was missing teeth.
The VIW is happy to give a statement and support police action, however he did not wish to give the statement at the time he was making the report and wanted medical attention first.

CID SUPV

[redacted]

From these DETS it appears he was assaulted o/s a 24hr shop by a male unknown to him, no weapon seen/used. The injuries suffered by the victim would be ABH charging standard, regardless of HOCR.
The earlier linked CAD 58/14FEB22 from 00:09 hours, shows the venue to be o/s TESCO EXPRESS, 268-270, SEVEN SISTERS ROAD and he initially said he was robbed, then there is mention he has been attacked with a bottle.
The victim needs to be spoken to so it can be established what has happened so screened to CN00001 for allocation.
If further CID review required once the victim has been spoken to, Team 2 were core team at the DETS relevant time.

The following THRIVE+ provides the current threat, harm and risk assessment. It also sets out the initial investigatory actions taken by attending officers and the perceived vulnerability of any victims/witnesses. It will also set out the actions that have been taken at this early stage to prevent risk of harm recurring and set out any opportunities to address apparent harm and risk.

As the reporting officer I am mindful of the statutory requirements and responsibilities for disclosure and an investigation planning will consider all reasonable lines of enquiry leading either towards or away from an individual or suspect.

RECORD - RETAIN - REVIEW – REVEAL

N/A

HARM
Potential risk to VIW1 of using cannabis

RISK
N/A

Initial Investigation
ON SUNDAY the 13TH of FEBRUARY 2022, CAD1346/13FEB22 - Injured party at venue with multiple stab wounds. Stated that it was shop workers who had inflicted these injuries on him and a machete had been used.

Only one shop worker remained on scene, the rest had left prior to police arrival. SUS1 S&S under Section 1 of PACE 1984 – no weapons found. However, during search a small bag of cannabis found. SUS1 stated this was for personal use. SUS1 was not linked to GBH w/intent.

I am trained in the use of Community Resolutions. I have investigated this matter which I consider to be a low-level offence of possession of cannabis (class B controlled substance) and

17/02/2022 08:34

[redacted]

capable of proof. I am is experienced and can confirm the substance found in SUS1's possession is Cannabis.

Suspect fully admits having committed the offence and his identity was confirmed. The suspect, is over the 18 years and not considered vulnerable, has had the Community Resolution process of explained to him, fully understands and is willing to participate in it.
The suspect has not been previously charged / issued a caution / issued a PND or issued with a Cannabis Warning / Community Resolution for possession of Cannabis since 2009.

I therefore believe that Community Resolution is the most appropriate means of disposal in this case because:
- Offence/incident CR suitable
- Not in public interest to prosecute
- Offender fully admits offence/behaviour
- Sufficient evidence of involvement – full admission by SUS1
- Offender understands the process
- Offender agree to participate in process
- Offender accepts responsibility
- Identity of Offender confirmed
- No relevant offending history [redacted]

Following reparation agreed with SUS1:
- Provide officers with cannabis for its destruction
- Read cannabis information form on the rear of comm. resolution form

I am the above named person and my details are known to police. The following statement refers to the incident where I was assaulted by two members of staff at HOLLOWAY FOOD CENTRE, 59 SEVEN SISTERS ROAD. On 13/02/2022 I was out drinking in a pub in the area of HOLLOWAY ROAD. with some friends. We were there for approximately 2 or 3 hours. When the pub closed I then

Signature [redacted]

left. I don't remember if I was with anyone at this point. I then walked to HOLLOWAY FOOD CENTRE, so I could buy some water. I was with my friend in the shop. I only met them on this night. We were in the shop for 5 to 10 minutes. There were 3 people working in the shop. One member of staff was working behind the till, the other two were on the shop floor. I was speaking to one of the staff on the shop floor asking him for water. This man then started shouting at me "YOU GO OUTSIDE!" He was being aggressive gesturing with his arms for me to go outside. He was also pushing me in my chest towards the door. I then went outside and the man followed me out. He didn't say anything

Signature [redacted]

to me but he then went back inside, I was outside for around 5 minutes when the same man then came back outside holding a large knife. I dont remember specifically the man attacking me, the next thing I remember was ~~my friend saying~~ to the other member of staff on the shop floor saying to me "WHAT HAPPENED FRIEND. THERES TOO MUCH BLOOD" I had a jacket on which I could see a lot of blood coming out from underneath of. The blood was coming down over my hand and piling on the floor. I then lifted my sleave and saw the injury of my arm. I then called the police straight away. This was around 10 minutes to 5. police then arrived and the next I remember I was on

Signature [redacted]

my way to hospital.

The man with the knife I had never met before. He was white, he might have had an east european accent. He was a little shorter than me with a larger stocky build. I cant remember what he was wearing but he might have had on a jumper.

The knife was a silver blade and a black handle. It was around two feet long.

After attacking me, the man has gone back into the shop. The whole incident lasted for approximately 15 minutes. If I saw him again I would recognise the man who attacked.

ISLINGTON COUNCIL LICENSING SUB-COMMITTEE DECISION FORM

Licensing Sub-Committee B – 18 February 2022

Holloway Food Store, 59-61 Seven Sisters Road, N7 6BH

DECISION

The Sub-Committee has decided to impose the following interim steps with regard to the premises licence in respect of Holloway Food Store, 59-61 Seven Sisters Road, N7 6BH with immediate effect and until a full review hearing has taken place.

An additional condition to be added to the premises licence:-

That the member of staff arrested in relation to the incident on the 13 February 2022 is not permitted to return to the premises until the conclusion of the criminal investigation into the said incident.

REASONS FOR DECISION

This meeting was facilitated by Zoom.

The Licensing Sub-Committee considered whether it was necessary to take interim steps pending a full licence review. The Sub-Committee took into account the oral and written representations from the police and the legal representative of the licence holder.

It was common cause that the victim had been part of a group of people who had damaged the premises and threatened the staff on 13th February 2022 and that instead of immediately calling the Police to the scene one staff member took matters into his own hands and stabbed one of the members of the group who then reported the incident to the Police.

A criminal investigation has been launched by the Police into the incident and one staff member has been arrested. That staff member has had his employment suspended by the licensed premises.

The Sub-Committee determined that it was necessary to impose interim steps to promote the licensing objectives. The Sub-Committee determined that the added condition referred to above was reasonable and necessary.

Licensing Authority Representation
Licensing Act 2003 – Premises Licence Review

Premises: Holloway Food Centre
59-61 Seven Sisters Road N7 6BH

Licensee: Premises Licence number:
LN/2537-041120

Applicant: Metropolitan Police Service

I am submitting a representation on behalf of the Licensing Authority in support of the application for a Premises Licence Review submitted by the Metropolitan Police Service.This representation relates to the prevention of crime and disorder and promotion of public safety licensing objectives.

Background

The licensed premises is on the ground floor of the property. The premises have been licensed since at least January 2006 for the off sales of alcohol for 24 hours per day. At the time of the Review being applied for, the licence was held by Eshabil Kavak, who transferred on to the licence and became the Designated Premises Supervisor in November 2020.

The review application

This review application presents the recent serious incident at the premises that took place in the early hours of the morning.

The review application shows disregard for the safety of customers, the Police and the licensing objectives. Staff were un-cooperative and obstructive. No calls were made to the emergency services, which is also required by licence conditions. We have serious concerns regarding the management of the premises and have no confidence that they can operate without posing a risk to public safety.

During a Trading Standards project, the licensee was found to be selling illicit alcohol that was not duty paid. They were un-cooperative with the officers and refused to take part in the No Knife scheme.

Trading Standards officers question whether the licensee can operate the business lawfully or promote the licensing objectives.

One of the licensing officers visited the premises with a member of the Licensing Police on 24 February 2022 at 13:05.

The recently requested CCTV by the Police was not available for collection this is a breach of the current premises licence Annex 2 condition 3.

“CCTV system shall be installed and maintained inside and outside the premises, including a CCTV unit, which monitors the immediate vicinity of the premises. All cameras shall continually record whilst the premises are open to the public and the video recordings shall be kept available for a minimum of 31 days with time and date stamping. Tape recordings shall be made available to an authorised officer or a police officer with 24 hours of any request.”

They spoke to Mr Idris Kaykusuz. He stated the licence was his although the he is not the named licence holder.

The Licensing Officer asked Mr Kaykusuz to let them have access to the manager's office, as the staff on duty claimed the incident log required under condition 4 was in there. When they got inside the office he stated the premises did not have a general incident log-book or incident book as required.

Mr Kaykusuz said he didn't need a log as he had CCTV and stated that none of the other off licences in the area would have logs.

Given the licence is under summary review it would be expected that the premises would be fully complying with all the licence conditions.

It was also noted that there was no sign requesting the public to respect the needs of local residents and to leave the premises and the area quietly. This was also a licence breach.

Licensing Policy considerations:

The following Policies, determined by the Licensing Authority as being appropriate topromote the licensing objectives, are relevant to this application:

Licensing Policies 5 and 6 - Licensing Hours

Licensing Policy 8 - Management Standards

Licensing Policy 14 - Alcohol Induced Crime, Disorder and Antisocial Behaviour

Licensing Policy 29 - Review of Licensed Premises

Standards of Management:

When assessing the licensee's ability to demonstrate a commitment to high standards of management the Licensing Authority will take into account whether the applicant or licensee:

- can operate the business in compliance with the licensing objectives
- is able to understand verbal and written advice and legal requirements
- can demonstrate knowledge of the licensing objectives, relevant parts of theLicensing Policy and their responsibilities under the Licensing Act 2003
- is able to run their businesses lawfully and in accordance with good businesspractices
- can demonstrate a track record of compliance with legal requirements

Where there is a history of non-compliance associated with the management of the premises, the Licensing Authority is unlikely to permit premises to continue to operate without further restrictions on review, unless there is evidence of significant improvement in management standards.

The Licensing Authority is committed to promoting high standards of management in all licenced premises and expects licensees to demonstrate this through their managementpractices. Experience indicates that where these standards are not

met, the licensing objectives are likely to be undermined.

Licensing Hours

The Licensing Authority may impose limitations on hours upon review of the licence, particularly where the premises are shown to be the focus or cause of nuisance or anti-social behaviour.

The premises is in Finsbury Park Ward which has become saturated with late night premises selling alcohol, where there is a high level of crime and anti-social behaviour such as noise, street drinkers and disturbance to local residents, that continue through the early hours of the morning.

Additionally there is an alcohol and drug dependency service very close by, catering for vulnerable people who are attracted to shops open early in the morning and selling hi strength beers and ciders.

Review of Licensed Premises

The Licensing Authority will apply the full range of powers available to it when a review of apremise licence becomes necessary, including:

- Restricting hours of operation
- Removing licensable activities from the premises licence
- Imposing additional conditions
- Require the removal of a designated premises supervisor
- Suspending a licence
- Revoking a licence.
- The Licensing Authority believes that the promotion of the licensing objectives are best achieved in an atmosphere of mutual co-operation between all stakeholders. Reviews are therefore mainly reserved for circumstances where early warnings of concerns and the need for improvement have gone unheeded by the management of the licensed premises.

Recommendation

The Licensing Authority has submitted this representation, having considered all the evidence presented by the Metropolitan Police and the Trading Standards Service. It is recommended that the Licensing Sub-Committee consider the full options available under Section 52 of the Licensing Act and fully support the Police recommendations.

Subject: TS Reps - PL Review: Holloway Food Centre,

Good Morning,

Trading Standards supports this review.

Licensing Objective
The prevention of crime and disorder

Licensing Policy Considerations
Licensing Policy 17 – "Illicit Goods"
Licensing Policies 7 & 8 – "Operating Schedule & Management Standards"

The premises was visited twice by TS as part of our illicit alcohol and tobacco project in 2021. On 24th January 2022, they were found to be selling illicit Polish Debowe and Perla Black beers that were non UK duty paid. They were asked to remove them from sale by attending officers. The premises has been uncooperative with TS officers and refused to take part in our No Knife Shop scheme when approached.

As illicit goods have been discovered at these premises, it is questionable whether the applicant is able to run their businesses lawfully and in accordance with good business practices. This also demonstrates a lack of compliance with legal requirements.

The Trading Standards Service is therefore of the opinion that this undermines the Licensing Policy and objectives and should subsequently be revoked.
