## **AGENDA FOR THE ENVIRONMENT AND REGENERATION SCRUTINY COMMITTEE**

---

Members of the Environment and Regeneration Scrutiny Committee are summoned to a meeting, which will be held in on **4 July 2023 at 7.30 pm.**

Enquiries to : Emma Taylor  
Tel : 020 7527 3486  
E-mail : [democracy@islington.gov.uk](mailto:democracy@islington.gov.uk)  
Despatched : 26 June 2023

### Membership

Councillor Tricia Clarke (Chair)  
Councillor Clare Jeapes (Vice-Chair)  
Councillor Fin Craig  
Councillor Mick Gilgunn  
Councillor Ruth Hayes  
Councillor Claire Zammit  
Councillor Angelo Weekes  
Councillor Caroline Russell

### Substitute Members

Councillor Ernestas Jegorovas-  
Armstrong  
Councillor Praful Nargund  
Councillor Jason Jackson  
Councillor Toby North  
Councillor Dave Poyser  
Councillor Heather Staff  
Councillor Flora Williamson

**Quorum is 4 members of the Committee**

<b>A. Formal Matters</b>	<b>Pages</b>
1. Apologies for Absence	
2. Declarations of Substitute Members	
3. Declarations of Interest	

If you have a **Disclosable Pecuniary Interest\*** in an item of business:

- if it is not yet on the council's register, you **must** declare both the existence and details of it at the start of the meeting or when it becomes apparent;
- you may **choose** to declare a Disclosable Pecuniary Interest that is already in the register in the interests of openness and transparency.

In both the above cases, you **must** leave the room without participating in discussion of the item.

If you have a **personal** interest in an item of business **and** you intend to speak or vote on the item you **must** declare both the existence and details of it at the start of the meeting or when it becomes apparent but you **may** participate in the discussion and vote on the item.

- \*(a) **Employment, etc** - Any employment, office, trade, profession or vocation carried on for profit or gain.
- (b) **Sponsorship** - Any payment or other financial benefit in respect of your expenses in carrying out duties as a member, or of your election; including from a trade union.
- (c) **Contracts** - Any current contract for goods, services or works, between you or your partner (or a body in which one of you has a beneficial interest) and the council.
- (d) **Land** - Any beneficial interest in land which is within the council's area.
- (e) **Licences** - Any licence to occupy land in the council's area for a month or longer.
- (f) **Corporate tenancies** - Any tenancy between the council and a body in which you or your partner have a beneficial interest.
- (g) **Securities** - Any beneficial interest in securities of a body which has a place of business or land in the council's area, if the total nominal value of the securities exceeds £25,000 or one hundredth of the total issued share capital of that body or of any one class of its issued share capital.

This applies to **all** members present at the meeting.

4. Minutes of Previous Meeting	1 - 6
5. Chair's Report	
6. Order of Business	

7. Public Questions

For members of the public to ask questions relating to any subject on the meeting agenda under Procedure Rule 70.5. Alternatively, the Chair may opt to accept questions from the public during the discussion on each agenda item.

<b>B.</b>	<b>Items for Decision/Discussion</b>	<b>Pages</b>
8.	Membership and Terms of Reference 2023-24	7 - 10
9.	Selection of Scrutiny Topic 2023-24	11 - 12
10.	Libraries and Heritage - Q4 Performance Report	To Follow
11.	Employment & Skills - Q4 Performance Report	To Follow
12.	Environment & Transport - Q4 Performance Report	To Follow
13.	Net Zero Carbon Programme - Q4 Performance Report	13 - 60
14.	Proposed Work Plan 2023-24	61 - 62

**C. Urgent non-exempt items (if any)**

Any non-exempt items which the Chair agrees should be considered urgent by reason of special circumstances. The reasons for urgency will be agreed by the Chair and recorded in the minutes.

**D. Exclusion of press and public**

To consider whether, in view of the nature of the remaining items on the agenda, it is likely to involve the disclosure of exempt or confidential information within the terms of the Access to Information Procedure Rules in the Constitution and, if so, whether to exclude the press and public during discussion thereof.

**E. Confidential/exempt items** **Pages**

**F. Urgent exempt items (if any)**

Any exempt items which the Chair agrees should be considered urgently by reason of special circumstances. The reasons for urgency will be agreed by the Chair and recorded in the minutes.

The next meeting of the Environment and Regeneration Scrutiny Committee will be on 12  
September 2023

London Borough of Islington

## **Environment and Regeneration Scrutiny Committee - 27 March 2023**

Minutes of the meeting of the Environment and Regeneration Scrutiny Committee held at Council Chamber, Town Hall, Upper Street, N1 2UD on 27 March 2023 at 7.30 pm.

**Present:**      **Councillors:**      Clarke (Chair), Heather (Vice-Chair), Jeapes, Craig, Gilgunn, Hayes, Zammit, Weekes and Jegorovas-Armstrong

### **Councillor Tricia Clarke in the Chair**

**88**      **APOLOGIES FOR ABSENCE (Item 1)**

None.

**89**      **DECLARATIONS OF SUBSTITUTE MEMBERS (Item 2)**

None.

**90**      **DECLARATIONS OF INTEREST (Item 3)**

None.

**91**      **MINUTES OF PREVIOUS MEETING (Item 4)**

**RESOLVED:**

That the minutes of the meeting held on 20 February 2023 be confirmed as an accurate record of proceedings and the Chair be authorised to sign them, with an ammendemnet to the work plan that Better(GLL) will attend a future meeting.

That the minutes of the meeting held on 3 October 2022 be confirmed as an accurate record of proceedings and the Chair be authorised to sign them.

**92**      **CHAIR'S REPORT (Item 5)**

The Chair reminded everyone about the special meeting that had taken place on 18<sup>th</sup> April 2023, this would be a virtual meeting to allow as many residents and external stakeholders to attend at possible. It had consisted of various breakout discussion groups on how The Council had met their net zero 2030 target.

The Chair further commented on the issue of menstrual waste and told the committee that Marks and Spencer had good value washable period pants and encouraged those that menstruated to look into these as a sustainable option for when they menstruate.

The Chair told the council of the City nature challenge that would take place on 31<sup>st</sup> march via zoom and she would have been happy to forward this onto members that had been interested.

Finally the Chair informed the committee that Councillor Convery had circulated a report on the decarbonisation of the pension fund.

**93 ORDER OF BUSINESS (Item 6)**

The order of business changed so that item B8 was presented after Item B12

**94 PUBLIC QUESTIONS (Item 7)**

Public questions were taken after each Agenda item.

**95 Q3 PERFORMANCE REPORT (2022/23) - ENVIRONMENT & TRANSPORT (Item 9)**

The Executive Member for Environment and Transport presented this item.

The figures in E1, particularly in Q1 and Q2, explained why there had been a reduction in recycling and waste. Q1 showed a reduction due to contaminated timber being burned rather than recycled, this was an error by the contractor and had been rectified for future which would have led to more accurate figures. In Q2 the reduction came from the extreme hot weather leading to a reduction in organic waste. These therefore had been specific issues that led to reductions rather than overall trends.

The Executive Member further told the committee £2 million had been invested to focus on recycling on estates.

The Executive Member then answered questions from the committee, the following key points were raised:

- She explained recycling was a percentage of waste collected so therefore this figure is down because recycling had decreased not overall waste.
- Questions over the £2 million investment arose and the Executive Member clarified this was new investment money for estates recycling that would be used for better facilities and infrastructural improvements. As well as 2 officers being recruited to help with specific work surrounding this such as 'doorstep' engagement and more individual conversations with residents to increased education o recycling.
- Keith Townsend explained that there had been a large drop in the waitlist for cycle hangars due to the team finally being able to work through the historic backlog and contacting those on the waitlist, many of whom had withdrawn for various personal reasons.
- The committee wanted clarity on what was happening with SHIN, the Executive Member explained the work had shifted to more debt advice and that the Council would continue to invest for the next couple of years.
- Many concerns were raised on the issue of fly tipping. Officers in response explained that the Council aims to remove 90% in 24 hours, this figure is currently at 93%, which is the best figure in London for least fly tips. This also meant that most of the time they had been removed before people got a chance to report and therefore this could have explained the reduction in reports. However, councillors pointed out that fly tipping was still a big issue on certain estates and hotspots for this still existed. Officers further explained that there would be a review of street cleansing operations to maximise resources and technology. There had needed to be a balance to ensure there is sustained action to manage hotspot areas.
- Officers also clarified on road sweeping that side roads should be cleaned 5 times a week and if workers had any difficulties doing this it had been reported to a supervisor.

- The Council would work harder to make residents more aware and put out more information on how to recycle household white goods.
- Officers also explained that they had to do a Planning Performance Indicator Review, so they had to come back with further information on residual waste at a later date.

**ACTION:**

Officers to provide information on the planning performance indicator review and residual waste.

**RESOLVED:**

That the report be noted

**96 Q3 PERFORMANCE REPORT (2022/23) - LIBRARIES AND HERITAGE (Item 10)**

The Executive Member for Equalities, Culture and Inclusion presented the report

Key Points were raised in the discussion:

- The executive member explained that the restructure of the council had led to a delay to progress being made for libraries but now this was well underway.
- Councillors suggested stocking literature and other library amenities in different languages to appeal to those that may not have English as a first language. The executive member explained they had already begun making progress on this but hope to expand further with the increase of Ukrainian refugees in the borough.
- Councillors suggested increasing comms on what was available in libraries, such as audiobooks, magazines, e-books, to begin to appeal to a wider audience.
- The Executive member said they would explore behaviour changes as to why there had been a decrease in usage in libraries even since the end of the pandemic.
- Post-covid libraries needed to be reinvented to engage more people, possibly by hosting exhibitions. Suggestions were made by councillors to explore the possibility of making libraries a point of socialising for the community, with the possibility of opening a café or hosting community events in the facilities.
- The Executive member explained these were all very good suggestions but there had been issues of funding and space but she was happy for the committee to present these ideas for her to take further.

**97 Q3 PERFORMANCE REPORT (2022/23) NET ZERO CARBON PROGRAMME (Item 11)**

Sarah Hitchcock presented the report. She explained most of the programme was on track and hitting targets with a few delays in certain areas such as transport where a new project manager had been recruited. There had also been delays in buildings due to funding, but this was picking up pace now. They had also secured funding in certain areas such as more funding for tree canopy covers and funding bids had been put in for decarbonisation plans on corporate buildings.

Key points in the discussion were raised:

- Sarah explained the team had been working hard to address concerns in Bevin Court on new heat sources.
- Over queries on key fob operated recycling bins for flats above shops, it was explained this is an added cost and the most effective method for increasing recycling was to place waste bins next to recycling bins to make sorting waste easier.
- There had been ongoing engagement plans in which external people had been brought in to deliver events and provide skills on how to increase engagement in this

area. As well as looking at other councils that had been successful with this such as Hackney Council.

- In response to concerns over Bright Sparks it was explained that they were working hard to try to rejuvenate this so that it can benefit Islington residents. Moreover, if the NLWA can get this up and running it will allow residents to have the same access as they did before.
- Additional funding had been allocated to schools to cope with increased Energy Caps as well as all schools being contacted and asked for feedback on a Schools Recycling Service.
- Conversations around recycling centres had taken place but it was difficult to facilitate these due to nature and size of certain goods recycled, for example white household goods.
- The Council were aiming to make pavements and people friendly streets as inclusive as possible to ensure there were dropped curbs and space on pavements for wheelchair users, but this had been difficult with restricted space and street trees.
- Councillors asked for more information on green jobs from the Executive Member for Inclusive Economy and Jobs.

**ACTIONS:**

Executive Member for Inclusive Economy and Jobs to circulate information on green jobs.

**RESOLVED:**

That the report was noted.

**98 SCRUTINY REVIEW - DRAFT RECOMMENDATIONS (Item 8)**

Councillors had the following suggestions for the draft recommendations:

- Add another point (v) to point 1: NLWA to report back to the Council and the Scrutiny Committee on the scope for mixed waste sorting to maximise the recovery of recyclable materials, alongside promoting initiatives in the community to change behaviour to increase the reduction, reuse, and recycling of waste.
- Point 3 reword as follows: Work with London Councils to lobby government for greater regulatory powers on managing the reduction of residual waste, particularly on supermarkets and retail bodies to enable the reduction, reuse, and recycling of waste both in their own supply-chains and for their customers.
- Recommendations to improve the publicity on use of libraries.
- To work with the NLWA on apprenticeship and other opportunities.

**RESOLVED:**

That the above recommendations be added and/or amended to the recommendations report.

**99 WORKPLAN 2022/23 (Item 12)**

**RESOLVED:**

That the workplan and responses to previous actions arising were noted.

The meeting ended at Time Not Specified

**CHAIR**

Law and Governance  
Town Hall, Upper Street, N1 2UD

Report of: Head of Democratic Services and Governance

Meeting of: Environment and Regeneration Scrutiny Committee

Date: 4 July 2023

Ward(s): N/A

---

## Subject: Environment and Regeneration Scrutiny Committee – Membership, Terms of Reference and Dates of Meetings

### 1. Synopsis

- 1.1. The Committee is asked to note the Committee's terms of reference and other arrangements.

### 2. Recommendations

- 2.1. To note the terms of reference, membership and dates of meetings of the Environment and Regeneration Scrutiny Committee for the municipal year 2023/24.

### 3. Background

- 3.1. The Environment and Regeneration Scrutiny Committee is one of the Council's five scrutiny committees. Scrutiny Committees carry out reviews of the council's policies, performance and practice and also consider how external organisations conduct their business to support local, accountable and transparent decision-making and to shape future policy and practice.

3.2. The terms of reference of the Environment and Regeneration Scrutiny Committee are set out at Appendix A.

3.3. The Committee membership for 2023-24 is set out below

Councillor Tricia Clarke (Chair)	Councillor Mick Gilgunn
Councillor Clare Jeapes (Vice Chair)	Councillor Ruth Hayes
Councillor Angelo Weekes	Councillor Clair Zammit
Councillor Fin Craig	Councillor Caroline Russell

Substitutes:

Councillor Jason Jackson	Councillor David Poyser
Councillor Heather Staff	Councillor Flora Williamson
Councillor Toby North	Councillor Ernestas Jegorovas-Armstrong

3.4. The dates of meetings for 2023-24 are:

- 4 July 2023
- 12 September 2023
- 17 October 2023
- 23 November 2023
- 25 January 2024
- 7 March 2024
- 25 March 2024 (Special Meeting on the Climate Emergency)
- 16 April 2024

## 4. Implications

### 4.1. Financial Implications

4.1.1. There are no direct financial implications associated with this report. The costs associated with scrutiny work are met from existing service budgets.

### 4.2. Legal Implications

4.2.1. The Council appoints scrutiny committees to discharge its statutory scrutiny functions under the Local Government Act 2000.

#### 4.3. **Environmental Implications and contribution to achieving a net zero carbon Islington by 2030**

4.3.1. There are no direct environmental implications associated with this report. Scrutiny Committees will consider and review matters relating to environmental sustainability and related issues as they arise in their work programme.

#### 4.4. **Equalities Impact Assessment**

4.4.1. The council must, in the exercise of its functions, have due regard to the need to eliminate discrimination, harassment and victimisation, and to advance equality of opportunity, and foster good relations, between those who share a relevant protected characteristic and those who do not share it (section 149 Equality Act 2010). The council has a duty to have due regard to the need to remove or minimise disadvantages, take steps to meet needs, in particular steps to take account of disabled persons' disabilities, and encourage people to participate in public life. The council must have due regard to the need to tackle prejudice and promote understanding.

4.4.2. An Equalities Impact Assessment is not required in relation to this report. Scrutiny Committees will consider and review equalities matters as they arise in their work programme.

## 5. **Conclusion and reasons for recommendations**

5.1. The Committee is asked to note its terms of reference and working arrangements.

### **Appendices:**

- Appendix A: Terms of Reference

### **Background papers:**

- None.

### **Final report clearance:**

Approved by:

**Head of Democratic Services and Governance**

Date: 26 June 2023

Report Author: Emma Taylor, Senior Democratic Services Officer

Email: [democracy@islington.gov.uk](mailto:democracy@islington.gov.uk)

## Appendix A – Terms of Reference

### ENVIRONMENT AND REGENERATION SCRUTINY COMMITTEE

#### Composition

Members of the Executive may not be members of the Scrutiny Committee.

No member may be involved in scrutinising a decision which he/she has been directly involved.

The Scrutiny Committee shall be entitled to appoint a number of people as non-voting co-optees.

#### Quorum

The quorum for a meeting of the committee shall be four members.

#### Terms of Reference

1. To carry out the functions of an overview and scrutiny committee in respect of matters relating to the Environment Directorate.
2. To scrutinise other sustainability and transport issues affecting the borough
3. To undertake, a scrutiny review of its own choosing and any further reviews as directed by the Policy and Performance Scrutiny Committee and, consulting all relevant sections of the community, to make recommendations to the Executive thereon.
4. To carry out any review referred to it by the Policy and Performance Scrutiny Committee following consideration of a Councillor Call for Action referral.

## ENVIRONMENT AND REGENERATION SCRUTINY COMMITTEE

### SELECTION OF SCRUTINY TOPIC 2023-24

The Committee is invited to select its main review topic for 2023-24.

In recent years, the Committee has reviewed the following topics:

- Net Zero Carbon 2030 strategy focusing on the Circular Economy and Green Jobs
- Behavioural Change
- Waste Management

The Committee may also request one-off reports on matters relevant to its terms of reference, the scheduling of these will be agreed following consultation with the Chair.

All scrutiny work should be supported by a clear scope, aims and objectives to guide the committee in its work.

# Net Zero Carbon Strategy Quarterly progress report (Q4)

Page 15

Environment and Regeneration Scrutiny Committee

July 2023

Agenda Item 13

# Synopsis

- The progress against the delivery of commitments in the Net Zero Carbon 2030 strategy is reported through the Council's Scrutiny function. The aim is to provide reporting of progress that is transparent, easily accessible to the community and ensures accountability to residents.
  - However, we recognise that there is scope to improve this and as the programme evolves over this coming year, so will our reporting.
- Page 14 An annual report will be prepared at the end of the year summarising overall progress against the commitments in Vision 2030.
- This report covers January to March 2023 and is split into two sections:
    1. an up-to-date **overall summary of progress and performance** on the delivery of the Net Zero Carbon Programme as at the end of the reporting quarter.
    2. a more detailed breakdown of **current projects and delivery updates**
  - This quarterly progress update is organised according to the eight different programme workstreams that are responsible for the delivery of actions. Action plans covering 2022/23 activity are set out in this report, with confirmation of their status and a brief update on each work package. These work streams are:
    - Buildings, Housing, Commercial and Infrastructure
    - Transport
    - Sustainable and affordable energy
    - Natural environment, waste reduction and recycling
    - Green Economy
    - Planning
    - Engaging, Empowering and Partnering
    - Finance and Investment

# Overview of progress to 31 March 2023

Workstream Performance

Performance is shown based on number of current projects/deliverables in each workstream's 2022/23 workplan and their status.

Overdue items are ones where the activity has missed its deadline for completion.

Off track items are showing a delay but are not yet due to complete and may still complete on schedule.

Total	Complete	On track	Overdue	Off track
20	5	12	3	0

# Page 16 WS1: Buildings, Housing, Commercial and Infrastructure

To improve the energy efficiency and reduce the level of carbon emissions of all buildings and infrastructure. We will continue our work on the insulation of properties and seek ways of converting heating systems away from gas where possible.

# Council Owned Housing Stock Projects

Workstream Owner: Matt West

Total	Complete	On track	Overdue	Off track
17	2	11	4	0

Deliverable	Status	Start	End	Revised Start	Revised End	Status commentary (if red or amber)
<b>Council owned housing stock</b>						
There are 399 council housing estates, comprising 83 high rise, 828 medium rise and 3658 low rise and street properties. We commissioned UCL to produce a high level assessment of the different options and retrofit measures across our estates. The reports include an assessment of all high-rise properties, medium-rise, low-rise and street properties respectively with estimated costs. Detailed feasibility studies will be required once an approach to prioritising the works has been decided as part of Retrofit Implementation Plan.						
<b>Housing Stock Retrofit Options Assessment (UCL)</b>	Complete	Q3 21/22	Q3 22/23			
<b>Housing Stock Retrofit Implementation Plan</b>	Overdue	Q3 22/23	Q1 22/23		Q2 23/234	Team capacity reduced due to being pulled on to urgent project to change heating hours on estates. Also awaiting outcome from Bevin Court pilot to inform approach.
<b>Pilot estate feasibility studies &amp; implementation</b>						
Four estates were identified for a large-scale trial of low carbon heating solutions. These estates were already on the council's forward program for traditional repair works to be undertaken when the council declared a climate emergency so work progressed to establish whether we can repair the heating and hot water systems using a low carbon approach. Some estates such as Harry Weston and Newbury House had specifically requested a low carbon repair solution. Feasibility studies will be undertaken and a delivery programme established where feasible. Timetable being developed for each feasibility study, with the likely completion for all pilots in 2025.						
<b>Harvist Estate</b>	On Track	Current	Q4 24/25			
<b>Bevin Court</b>	On Track	Current	Q4 24/25			
<b>Newbury House</b>	On Track	Current	Q4 24/25			
<b>Harry Weston</b>	On Track	Current	Q4 24/25			
We secured £4.2million of match funding from central government for delivery of works at 403 properties to bring them up to EPC C or above. Retrofit measures to be installed include internal wall insulation, loft insulation, room-in-roof insulation, draft-proofing, heating controls.						
<b>Deliver energy efficiency measures at 32 street properties</b>	On Track	Q4 21/22	Q2 23/24			
<b>Secure central government funding and deliver measures at 371 properties</b>	On Track	Q1 22/23	Q1 25/26			

# Buildings, Housing, Commercial and Infrastructure projects

Workstream Owner: Matt West

Deliverable	Status	Start	End	Revised Start	Revised End	Status commentary (if red or amber)
<b>Council owned new build</b>						
To refurbish existing end of terrace property and build a new 3-storey 3-bed house at Highbury Quadrant to ultra low energy design standard. A prototype for LBI, exploring options for highly sustainable refurbishments and new builds.						
<b>Deliver Highbury Quadrant Low Carbon Exemplar Home</b>	On Track	2022	2024			
To build 72 flats on Vorley Road to Passivhaus standard, alongside a library and GP Surgery						
<b>Vorley Road Passivhaus Pilot</b>	On Track	2020	2026			
Collect heat and electricity meter readings to measure how well newly built homes on Redbrick Estate are performing and where improvements could be made.						
<b>Redbrick Estate Monitoring &amp; Metering</b>	On Track	2022	Q2 23/24			
<b>Housing Association owned properties</b>						
There are 48 Housing Associations operating in Islington with a total housing stock of 16,693 dwellings. 8 Housing Associations own 82% of the stock.						
Carbon emissions baseline and insights	Complete	Q4 21/22	Q1 22/23			
Deliver engagement strategy and communications plan	On Track	Q3 22/23	Q1 23/24			
<b>Private landlords, owner -occupiers and tenants</b>						
Around 60% of properties are in the private sector. There are 35,527 privately rented properties in Islington						
Carbon emissions baseline and insights	Complete	Q4 21/22	Q1 22/23			
Develop marketing, behaviour change and engagement strategy	Overdue	Q4 21/22	Q3 22/23	TBC	TBC	Revised dates TBC. Working on options internally to create capacity to resource.
Explore loan scheme options appraisal	On Track	Q4 22/23	Q2 23/24			

# Buildings, Housing, Commercial and Infrastructure projects

Workstream Owner: Matt West

Deliverable	Status	Start	End	Revised Start	Revised End	Status commentary
<b>Council-owned corporate buildings and infrastructure</b>						
Assess corporate buildings for gas boiler replacement feasibility	Complete	Q2 22/23	Q4 22/23			
Prepare Heat Decarbonisation Plans for 32 Schools	Complete	Q4 21/22	Q4 22/23			

<b>Non-council commercial buildings</b>						
Develop and deliver marketing, behaviour change and engagement strategy	Overdue	Q4 21/22	Q4 22/23	TBC	TBC	Revised timeline forthcoming. An internal working group is working to better establish understanding of the sector and how to target an offer.
Business audit scheme monitoring and evaluation	On Track	Q4 21/22	Ongoing			

# Buildings, Housing, Commercial and Infrastructure Updates

Workstream Owner: Matt West

Key updates	Summary of key risks/issues	Priority delayed deliverables	Priority upcoming deliverables - next 3 months
<b>Work package: Council owned housing stock</b>			
<p><b>SHDF Wave 1 (32 Street Properties):</b> Certification for all aspects of project now granted, so works can proceed. Double glazing planning permissions being granted and installation occurring. DESNZ have agreed to 6-month extension of programme, so works will now be completed at the end of September.</p> <p><b>SHDF Wave 2:</b> Bid was successful and £3.1million of grant funding will be provided to bring <b>371 properties</b> up to an EPC C. As of Q1 23/24 signing Memorandum of Understanding with DESNZ and agreeing terms with contractors who will deliver the works</p> <p><b>Pilot Estates:</b></p> <p><b>Bevin Court:</b> Going through final sign off of ground source heat pump installation project and assessing impact on energy bills for residents, if project is agreed upon then project team will go out to tender in Summer, with anticipated start on site in Dec/Jan</p> <p><b>Harvist Estate:</b> Piling investigations have started on site</p> <p><b>Harvist Estate:</b> Final design proposal for NZC solution being worked up and once this has been agreed, funding streams will be explored</p> <p><b>Newbury House:</b> finalising appointment of consultant to complete options appraisal</p> <p><b>Plant Rooms:</b> LBI and Switch2 have submitted a joint funding proposal to DESNZ for optimisation works within communal heating plantrooms. Awaiting outcome.</p>	<p>Issue: Work and commitment towards the grant funding is extremely time consuming and there is less capacity within teams to both apply for grants and to monitor them. Looking into option of hiring a sub-contractor so oversee the majority of works for future bids.</p>	<p>Completion of SHDF Wave 1, new completion date is September 2023. Programme has been re-profiled.</p>	<p>Commencement of SHDF 2 works</p>
<b>Work package: Council owned new build</b>			
<p><b>Vorley Road New Build:</b> The New Build has been approved by the Planning Committee, but it has yet to get full planning consent as there are some formalities to be addressed, and the application of emerging safety building requirements may not be deliverable without some design changes on staircases. The project team is hoping to go back to Planning Committee for full approval in the Summer, with anticipated start on site Dec '23.</p> <p><b>Highbury Quadrant Exemplar Home:</b> Ground works will begin on the 9th May and will run for 12 weeks.</p>	<p>Issue: Unable to go out to tender and get pre-commencement conditions until changes to plans have been made</p> <p>Risk: returning to Planning means delay in project delivery and potentially increased costs</p>	<p>Tender process has yet to begin for Vorley Road</p> <p>Start on site for Highbury Quadrant</p>	<p>Full planning consent and commencement of tender process for Vorley Road</p> <p>Commencement of works on Highbury Quadrant</p>

# Buildings, Housing, Commercial and Infrastructure Updates

Workstream Owner: Matt West

Key updates	Summary of key risks/issues	Priority delayed deliverables	Priority upcoming deliverables - next 3 months
<b>Work package: Housing Association owned properties</b>			
<p><b>SHDF Wave 2:</b> Several HAs who operate in Islington were successful for funding, LBI is contacting them to identify whether any properties in Islington were put forward as part of this funding, and if so, what energy efficiency measures are they installing</p> <p><b>Engagement Strategy:</b> An engagement strategy is being developed, with the hope that the UCL study findings can be transposed to HAs. Intention is to understand what others' NZC commitments are and how we can support one another.</p>	<p>Risk: limited engagement or aspiration from some Housing Associations on NZC due to challenges in balancing a range of priorities and government timescales being different to the council's ambition</p> <p>Risk: HAs have limited funds and are incapable of retrofitting entire stock</p>	Development and delivery of engagement strategy	Stakeholder sessions with HAs to discuss NZC agenda and how to incorporate it in their own capital investments programmes.
<b>Work package: Private residential</b>			
<p><b>MEES:</b> EPC enforcement now complete, meaning that all rented properties have upgraded to, or are being upgraded to, an EPC C or above in line with central government guidelines.</p> <p><b>SPD:</b> Moving forward with a dedicated resource in the NZC team, document will include clear guidance to residents and others who want to install carbon reduction measures in their home, engagement sessions with residents due to start in May. Extra guidance on Permitted Development Rights has also been developed.</p> <p><b>Retrofit Co-ordinator:</b> Finalising proposal to appoint a dedicated resource to define and expand the NZC offer for private residents and be a point of contact for them.</p> <p><b>Loan Scheme:</b> Finance have completed an options appraisal of the finance available for owner-occupiers. Role of retrofit co-ordinator will be to understand whether there is appetite for this and whether an offer can be curated specifically for LBI residents</p>	<p>Risk: cannot influence landlords/property owners to carry out implementation of one-off energy saving measures, despite funding being made available to subsidise the cost</p> <p>Risk: private renters are unable to implement their own retrofit measures</p>	Development of landlord awareness/engagement strategy	Approval to proceed with appointment of a Retrofit Co-ordinator SPD resident engagement

# Buildings, Housing, Commercial and Infrastructure Updates

Workstream Owner: Matt West

Key updates	Summary of key risks/issues	Priority delayed deliverables	Priority upcoming deliverables - next 3 months
<b>Work package: Council owned corporate buildings</b>			
<p><b>Council Corporate Buildings Retrofit Strategy:</b> an initial assessment of council-owned non-residential buildings has been completed, with a focus on those with gas boilers due to eligibility for central government funding. The next phase of work includes a more detailed building audit, and development of a strategy to prioritise, fund and deliver retrofit and other energy efficiency upgrades.</p> <p><b>Corporate building gas boiler replacement feasibility studies:</b> a total of 56 buildings have had feasibility studies completed, including 32 schools, 6 children’s centres/nurseries, and 18 other buildings (offices, depots, operational buildings, libraries, leisure centres)</p> <p><b>PSDS Funding:</b> 15 bids were submitted for funding in early 2023, two bids have been successful (so far). King Henry’s Walk will receive £226k and Archway Leisure Centre will receive £2m to install energy efficiency measures. Still awaiting outcome on most other bids.</p> <p><b>WRC Decarbonisation:</b> Mobilisation has begun on site for the installation of solar array.</p> <p><b>LCSF:</b> 36 feasibility studies completed which are now being used to develop a programme of works for council building decarbonisation. Some funding will be drawn from the Opportunities Fund for any small scale works less than £10k</p> <p><b>BMS:</b> aligning BMS so there is only one resource to see how much energy is being used</p>	<p>Risk: Five of the seven schools submitted for funding were showing increased energy costs as a cause of the decarbonisation measures</p> <p>Mitigation: Analysis of cost undertaken, engagement with schools ongoing.</p>	<p>Council corporate building feasibility studies and prioritisation of works</p>	<p>PSDS funding outcome, with decision made as to which approved schemes will move forward</p> <p>Development of Council Buildings Retrofit Strategy</p> <p>Secure funding through next wave of central government grants (Low Carbon Skills Fund Wave 2)</p>
<b>Work package: Non-council commercial buildings</b>			
<p><b>Energising Small Businesses:</b> ESB has had 278 applications, of which 128 have been awarded funding. A total of £168,620 has been awarded, which has delivered 161 tonnes of CO2 saving and £107k of annual cash savings. The average grant is 1,328 and results in an average saving of 1.3 tonnes and annual savings of £879</p> <p><b>Business Audit Scheme:</b> Scheme has had 19 applicants of which 15 have had audits</p> <p><b>Islington Community Energy Fund:</b> Applications for this closed on the 6th of Jan, 6 applications have been received and grant outcomes will be decided on the 23rd of February</p>	<p>Increasing energy prices limits ability for businesses to switch</p> <p>Lack of internal capacity</p> <p>Lack of incentives and support to carry out work or change energy use behaviour</p>	<p>Development of an engagement plan (part of workstream engagement plan)</p>	<p>Stakeholder engagement sessions with internal staff to discuss priorities and see how best we can engage with businesses</p>

# WS2: Transport

To reduce emissions in the borough from transport: reduce vehicular emissions by encouraging walking, cycling and public transportation. We will explore how to transform our streets, secure better cleaner and more accessible public transport services for Islington and improve air quality for residents. We will also electrify our fleet and encourage residents and local businesses to do the same by ensuring the appropriate infrastructure is in place.

# WS3: Sustainable and Affordable Energy

Page 29

To increase local generation of renewable heat and electricity, increase the uptake of affordable and renewable energy tariffs and mitigate fuel poverty. We will look to increase the use of smart, zero carbon district heating and solar power generation in the borough, considering the whole energy system. We will also continue to support residents in fuel poverty by helping them access cheaper tariffs and the benefits they are entitled to.

Deliverable	Status	Start	End	Revised start dates	Revised end dates	Status commentary (if delayed or amber / red RAG)
<b>Energy Networks</b>						
Deliver GreenSCIES New River Network	Off Track	Current	2024/25	Sep-23	2025	The Green Heat Network Fund application is delayed to August for project start from December 2023. Coordinate with contractors for contract extension to continue the design, modelling and commercial analysis. Further fund release from the Council is being requested. This has caused minor delay to OBC development. All other work is on track.
<b>Solar power generation</b>						
Solar feasibility studies on corporate estate	Complete	Current	Q4 22/23			Feasibility studies were completed on 26 buildings as part of Heat Decarbonisation Plans funded through a Low Carbon Skills Fund grant. This included solar PV feasibility and all retrofit/zero carbon measures.
Deliver solar on corporate estate	Off Track	Current	Q2 23/24			Solar PV on 4 sites (Downham Rd Depot, Fairbridge Rd Depot, Ecology Centre, Laycock Centre) to be installed by June 2023. A delay from March 2023 due to Fusion 21 contract delays. Contract now signed and Joju Solar are ordering equipment.
Promote Solar together to residents and businesses	On Track	Annual	Annual			
Support community energy schemes (ongoing)	On Track	Ongoing	Ongoing			
<b>Access to fair, green energy tariffs and tackling fuel poverty</b>						
SHINE energy and fuel poverty advice and referral service (ongoing)	On Track	Ongoing	Ongoing			
Deliver energy and cost saving measures to mainly low-income owner occupiers and private tenants (ongoing)	On Track	Ongoing	Ongoing			
<b>Renewable electricity purchasing</b>						
Ensure schools electricity is 100% renewable	On Track	Q4 23/24	Q4 25/26			Delay due date until start of 25/26, as schools budgets are under massive strain due to the increased cost of energy plus other inflationary issues This is now on track based on the new date

Page 30

# Sustainable and Affordable Energy Updates

Workstream Owner: Martijn Coolijmans

Key updates	Summary of key risks/issues	Priority delayed deliverables	Priority upcoming deliverables - next 3 months
<b>Energy Networks</b>			
GreenSCIES: Decision has been made on the design option and more design & modelling work is ongoing. New project manager is on board to develop the programme and strategy. The last piece of consultancy work needed (commercial & legal) for the Outline Business Case preparation is being procured. Stakeholder engagement is being accelerated.	There are multiple development plans on the aimed site (Peregrine) for energy centre location. The project team has been discussing with Housing and Finsbury Leisure Centre for the site use and construction arrangement.	N/A	Draft Outline Business Case, All contractors' deliverables are in place, Confirmed network design and modelling, Discuss commercial arrangement and pricing with connection customers and obtain MOU, Decision on delivery vehicle, Prepare GHNF application
<b>Solar power generation</b>			
The contract to install Solar PV on 4 sites is now signed. For the WRC, this is part of larger works.	Solar panel delivery potentially delayed due to supply chain issues.	n/a	Joju Solar to install on 4 sites, beginning with Ecology Centre (w/c 5 June 2023).

Page 4

# Sustainable and Affordable Energy Updates

Workstream Owner: Martijn Cooljmans

Key updates	Summary of key risks/issues	Priority delayed deliverables	Priority upcoming deliverables - next 3 months
<b>Access to fair, green energy tariffs and tackling fuel poverty</b>			
<p>The SHINE service continues to support residents in fuel poverty.</p> <ul style="list-style-type: none"> <li>&gt; Recruited two new energy doctors</li> <li>&gt; Recruited a new energy advisor and recruiting another</li> <li>&gt; Launched the Islington Debt Relief Fund which has supported about 10 residents in debt so far</li> <li>&gt; Completed EDF, GLA and LBI contracts. GLA extension and Camden extension are running until 31st May</li> <li>&gt; Energy doctor waiting list is exceeding 3 months</li> </ul>	<ul style="list-style-type: none"> <li>&gt; Debt and complex case demand is 200% higher than previous year which is impacting resourcing.</li> <li>&gt; Currently there are no accessible retrofit grant schemes open to refer vulnerable residents into - Working with wider Energy Services team to launch ECO 4 in Islington.</li> </ul>	0	<ul style="list-style-type: none"> <li>&gt; Complete GLA extension contract and Camden extension contract.</li> <li>&gt; 780 households supported</li> <li>&gt; 238 home visits</li> </ul>
<b>Renewable electricity purchasing</b>			
<p>Renewable electricity tariffs for council buildings and streetlighting are continuing under the new energy supply contract. Leisure centres will revert to a non-renewable tariff due to current costs.</p>	<p>Costs of renewable electricity tariffs are much higher in the council's new energy suppliers (from April 2023). While this is a NZC commitment, using carbon offset funding for this is potentially not a good use of limited resource, especially given the issues with REGOs (which are used to back renewable tariffs)</p>	<p>Switching leisure centres, schools and housing to renewable tariffs will be delayed until 2024/25 or 2025/26</p>	None

# Natural Environment Updates

Key updates	Summary of key risks/issues	Priority delayed deliverables	Priority upcoming deliverables - next 3 months
<b>Work package: Tree Canopy Cover</b>			
<p>Secured grant funding via the Woodland Creation Accelerator Fund to fund a 2 1/2 yr role to support online donation, private tree delivery, etc (grant for resources to enable tree planting). Internal interviewee has been offered the role and expected to be in post May 23.</p> <p>Tree Strategy Guidance released from Tree Council to inform Urban Forest Management Policy. UFMP timeline updated.</p> <p>Online tree planting donation up and running.</p>	<p>The delivery of the two remaining workstreams has been delayed due to resource and capacity constraints. It is hoped that the new post will enable us to get back on track but with new issues being faced and ongoing delays in other aspects of service delivery, we will explore if there is the need to outsource aspects of the workstreams. The lack of available funding for the canopy cover review and iTree eco survey including private tree stock will cause delay as the UFMP and private tree planting initiative are to be developed upon this baseline data.</p>	N/A	<p>Urban Forest Management Policy</p> <p>Develop private tree planting initiative</p>
<b>Work package: Biodiversity and engaging with Nature</b>			
<p>New London In Bloom Competition has been launched. This is the 20-year anniversary, so we are expecting a lot of positive engagement this year and high numbers of applications.</p> <p>Management plans and applications for 3 new Green Flag Parks produced and submitted for judging.</p> <p>74 environmental education events held at the Islington Ecology Centre in 2022/23</p> <p>40 Urban Forest School sessions delivered</p> <p>Brightstart partnership has led to 652 individual children and 580 individual families attending the Highbury Fields Wildlife Garden between May 21 and November 22.</p>	<p>Sally Oldfield has been appointed as the new Parks Partnership Manager so we will need to recruit a new Conservation Service Manager. This may result in short term capacity issues in this role.</p> <p>Lack of capital to fund new machinery purchase for the GM Team may slow the roll out electric replacement kit.</p>	<p>The review of the BAP has started however it is not yet complete. We have surveyed internal and external partners and have started compiling the feedback into the report.</p>	<p>Complete the review of BAP Action Plan and finalise report</p> <p>Judging to take place all current Green Flag Parks and the 3 new ones (Duncan Terrace Gardens, Grenville Road Gardens and Canonbury Square)</p> <p>Finalise the new kit requirement for the GM Service and the associated costs.</p>

Deliver a second Low Plastic Zone at Caledonian Road	Complete	Q2 22/23	Q3 22/23			
Explore options for Library of Things expansion	On Track	Current	Q1 23/24			
Deliver Repair Cafes & Reuse Events	Complete	Q1 22/23	Q4 22/23			
<b>Maximising Recycling</b>						
Extend the Better Recycling Sites programme	Complete	Ongoing	Ongoing			
Explore feasibility of expanding food waste service delivery to remaining estates	Off Track	Current	Q4 22/23			Missed the 90% target (tracking at 60%) but still on track for 100% by March 24.
Deliver on-demand recycling sack trial	Complete	TBC	Q1 24/25			
Pilot food waste collection service for flats above shops	On Track	Q2 22/23	Q1 23/24			
Expand commercial food waste collection service	On Track	Ongoing	Ongoing			

# Waste Reduction and Recycling Updates

Workstream Owner: Tony Ralph

Key updates	Summary of key risks/issues	Priority delayed deliverables	Priority upcoming deliverables - next 3 months
<b>Strategy, Engagement &amp; Operations</b>			
New Recycling and Reduction Plan 2023 - 2025 agreed			Implementing actions and milestones, reviewing governance
Deliver Circular Economy Action Plan	approximately 50% of actions are overdue from various workstreams. Change controls required. This will be discussed & monitored through the CEAP delivery team meeting		Review of existing CEAP Kick off CEAP update for March 2024
Deliver campaigns to promote waste reduction and recycling - <b>marked as complete as we will monitor this through the new RRP and review how action is tracked</b>			Review how this is tracked & reported
Coordinate Recycling Champions Scheme - <b>marked as complete as there are new updates from the RRP</b>			Review how this is tracked & reported
<b>Waste Reduction</b>			
Library of Things closed due to closure of BrightSparks, Discussions held with libraries service in relation to locating a library of things at Central library/N4 library and with Local Economies Teams in relation to opportunities in Cally Area.	Issue : <b>Bright sparks</b> 1) Property services are unable to confirm if the lease has been formally relinquished (legal issue).  2) Obligation for Housing to have value for money. Market rate rent under HRA guidance needs to change, meaning Bright Sparks would be unable to afford rent. Not clear how the rest of the cost would be covered.  <b>Library of Things</b> - agreeing new location and costs		Find movement on the lease for Bright Sparks.  Review business plan for Bright Sparks to see if its viable. What is our justification for us as a council supporting either in kind or financially Bright Sparks? <b><u>Help needed: support in reviewing the business case</u></b>  Library of Things - agree location & costs.

# Waste Reduction and Recycling Updates

Workstream Owner: Tony Ralph

Key updates	Summary of key risks/issues	Priority delayed deliverables	Priority upcoming deliverables - next 3 months
<b>Maximise Recycling &amp; Reuse</b>			
New Food Waste on estates: Now rolling out service with target date Q4 23/24.	Issue - Missing 90% target for March 23 (hit 60%) but still on track for 100% March 24.		
Flats above shops food waste trial: trial complete	Issue: Flats above shops outcomes and costs, pilot to be evaluated. Awaiting details of government funding for FW collections.		Review outcomes of the trial for flats above shop food waste, evaluation report by end June.
Thriving neighbourhoods recruitment – first estate recycle officer post filled. Recycling officer posts all filled			Start date for new recycling officer post: 9th May
Commercial recycling			<p>Selling commercial food waste recycling -Sales staff are now selling this service and will also be further promoted by our marketing strategy.</p> <p>Commercial waste recycling marketing campaign is in the process of pulling together a marketing strategy with support from, Abdoulie Jallow and Lynn Stratton</p>

# Page 50 WS7: Engaging, Empowering and Partnering

Although the council has a leading role in delivering carbon emissions in Islington, we cannot deliver on the net zero carbon target on our own. We will work closely with residents and local businesses and community groups to enable and encourage them to help our borough achieve net zero.

# Engaging, Empowering and Partnering Actions

Workstream Owner: David Hardiman

Deliverable	Status	Start	End	Revised start	Revised end	Status commentary (if delayed or amber / red RAG)
<b>Net Zero Carbon Communications Plan</b>						
Develop and deliver a programme wide communications and engagement plan for next 18 months with workstreams	Off track	Q1 22/23	Q4 22/23		Q2 23/24	
Establish a community forum to help shape our engagement programme	Off track	Q1 22/23	Q2 22/23		Q2 23/24	Initial options appraisal completed, and meetings held with various providers to establish delivery plan for a Citizen's Panel, pending internal approval for resourcing.
<b>Internal Staff Campaign</b>						
Develop and deliver staff awareness and behaviour change campaign	On track	Q1 22/23	Q4 22/23			
Develop the Net Zero Carbon Champion network	On track	Q1 22/23	Ongoing			
Develop and promote staff training programme	Off track	Q1 22/23	Q4 22/23			Timeline extended due to conversations at pan-London level about a joint approach to staff training. Approach will be reviewed once collaborative opportunities are clearer.

# Engaging, Empowering and Partnering Actions

Workstream Owner: David Hardiman

Deliverable	Status	Start	End	Revised start dates	Revised end dates	Status commentary (if delayed or amber / red RAG)
<b>Information and Events</b>						
Publish new webpages setting out the activity across the programme and progress updates	Off track	Q1 22/23	Q2 22/23		Q2 23/24	Change request needed
Develop a carbon monitoring approach and set interim targets	On track	Q1 22/23	Q2 22/23		Q2 23/24	Reduced capacity in NZC team has slowed progress but now being prioritized. Temporary data analyst appointed to take this work forward and identify next steps.
Promote and develop the Together Greener microsite and pledge tool	On track	Q1 22/23	Q4 22/23			The pledge tool was promoted as part of our package of communications around Repair Week and will be the main call to action for our ongoing six-week Go Zero campaign planned for April – June.
Deliver and collaborate on themed events to explore key challenges with our communities	Off track	Q1 22/23	Q4 22/23		Q2 23/24	We hosted a series of events in March to mark Repair Week, which 240 people attended in total. Planned activities for our Go Zero campaign include a number of Earth Day (22 April), engagement events in partnership with our anchor institutions. An independent facilitation team is developing workshop plans for a series of stakeholder engagement events, now due to take place between April and June, due to delays in procurement.
<b>Partnerships and Lobbying</b>						
Work with regional and sub-regional partners to promote and deliver action on climate change	On track	Q1 22/23	Q4 23/24			Officer continue to engage with the London Councils Climate Change programme and through that lobbying has recently taken place on funding challenges.

# Engaging, Empowering and Partnering Updates

Workstream Owner: David Hardiman

Key updates	Summary of key risks/issues	Priority delayed deliverables	Priority upcoming deliverables
<b>Net Zero Carbon Communications Plan</b>			
<p>The Net Zero Carbon Team has been completing a stakeholder mapping exercise to inform workstream engagement plans. This has proved complex due to the scale of the programme and work is ongoing.</p> <p>The Net Zero Carbon team has been working closely with Anchor Institutions to develop partnership activities for Earth Day and scope a 6 week Go Zero campaign with the Communications Team.</p> <p>The Net Zero Carbon team worked with democratic services to develop and co-ordinate plans for April's Special Scrutiny event.</p> <p>Work with Hackney Council on developing new net-zero carbon messaging and branding continues. Resident focus groups have taken place, and we're awaiting feedback from these sessions.</p> <p>The planning team have scoped out their engagement plan for the NZC Supplementary Planning document and are planning to start dialogue at April's Special Scrutiny event.</p> <p>Work continues on scoping delivery plans for a Citizen's Panel model. Meetings with various providers held.</p>	<p>A new Strategic Campaigns Advisor, with oversight over the environment portfolio, has been appointed for an April start.</p> <p>Recruitment for a Communications and Campaigns Officer, who will lead on net-zero carbon related communications, is underway.</p>	<p>N/A</p>	<p>Refine net-zero carbon messaging and branding in light of Hackney Council's review.</p> <p>Workstreams to provide steer on key objectives and milestones, to inform the production of a communications plan.</p> <p>April's Special Scrutiny event.</p> <p>Deliver 6 week Go Zero campaign in partnership with anchor institutions.</p>

# Engaging, Empowering and Partnering Updates

Workstream Owner: David Hardiman

Key updates	Summary of key risks/issues	Priority delayed deliverables	Priority upcoming deliverables
<b>Internal Staff Campaign</b>			
<p>Internal staff campaign took place to support the council's energy savings programme. This included an ask of all staff to join the council's drive to reduce energy consumption. It also promoted the positive work that we're doing to improve energy efficiency.</p> <p>Ongoing discussions with other London Councils on carbon literacy staff training offer.</p> <p>Two members of the NZC Team completed Carbon Literacy Training in February., and one took Climate Fresk training.</p>			<p>Staff training plan to be agreed. London Councils meeting scheduled to discuss joint development of staff training.</p>

# Engaging, Empowering and Partnering Updates

Workstream Owner: David Hardiman

Key updates	Summary of key risks/issues	Priority delayed deliverables	Priority upcoming deliverables
<b>Information and Events</b>			
<p>Promotion of Repair Week saw 240 residents attend local events. Collaboration with Anchor Institutions and other bodies on net-zero carbon has been promoted through our ongoing Go Zero campaign. This has included a call to action for residents and businesses to utilise the Together Greener website.</p> <p>Creation of new Let's Talk Islington engagement tool has supported early engagement on Liveable Neighbourhood project, as well as consultations on Essex Road transport improvements and the St Luke's School Street.</p> <p>3 focus groups held and work ongoing with Hackney Council on revised net-zero carbon messaging and branding.</p> <p>Ongoing updates and promotion of the Together Greener website and pledge tool, including through Go Zero campaign and at Outlandish event on carbon calculators.</p> <p>Supporting comms have continued to be delivered across the programme, most notably on the ongoing low-traffic neighbourhood roll out, on the Islington in Bloom competition, and on the food waste recycling trial on Holloway Road.</p> <p>Significant milestones including the arrival of a new 17-seater electric minibus, the publication of the new Waste Reduction and Recycling Plan, the ban on barbecues, and plans for new Passivhaus council homes at Vorley Road have been promoted by the communications team.</p> <p>Circle Indigo appointed to develop and deliver themed workshops to explore barriers to retrofit, barriers to reuse and repair and barriers to active travel.</p>	<p>Capacity across the communications team has been temporarily reduced while restructure continues and vacancies are filled.</p> <p>Recruitment for a Communications and Campaigns Officer, who will lead on net-zero carbon related communications, is underway.</p> <p>The lack of capacity in workstreams to organise events is an ongoing risk.</p>		<p>Implement new messaging and branding following completion of Hackney Council work.</p> <p>Workshops with programme leads and new NZC strategic business manager to identify calendar of activity for next calendar year.</p>
