52 **NAAR, 94 OLD STREET, EC1 9AY - NEW PREMISES LICENCE (Item B1)**

The Licensing Officer reported one update to the Sub Committee, that one representation had been withdrawn.

The Licensing Officer also informed the Sub Committee that this was a new application which if granted would supersede the existing licence, and that officers were working to get the existing licence surrendered.

The Licensing Authority, in their verbal representation to the Sub Committee, made note that the existing licence had longer, overall, operating hours than that requested in the new application put forward before the Sub Committee. If granted of which the overall operating hours would be reduced, although weekend hours would still be two hours over policy.

Licensing Sub Committee D - 7 September 2023

The Licensing Authority also put forward concerns regarding noise, and suggested a condition that all deliveries to the premises should be by non-motor vehicles such as e-Bikes and scooters.

The Police, in their verbal representation to the Sub Committee, made note that the premises initially came to their attention due to an incident under the previous operators. The current operators engaged well with the Police, to which the Police encouraged them to obtain either the current licence by way of a transfer, or a new premises licence entirely. The Police highlighted that the current operators (the applicant) had accepted their recommendations and generally made a good impression, but their objection was primarily regarding the failure of the applicant to obtain the old licence from the previous operator, and that if the licence was granted, would constitute another premises in the area that would be operating outside of framework area. The Police did, however, make clear to the Sub Committee that they were pleased the new licence applied for, will have enforceable conditions on it.

The applicant, in their verbal representation to the Sub Committee, highlighted that they had been at the premises for a number of years with no issues regarding customers and/or delivery drivers since the business started, and that when there was, they engaged with the Police immediately. The applicant stressed that the business was their living, and that they take pride in customer service and the quality of their products, and always trying to improve their service.

There were no interested parties, residential or business, in attendance at the hearing to raise verbal objections to the Sub Committee.

In summing up, the Licensing Authority highlighted that should the new licence be granted there would be fewer operating hours during the week than currently permitted, and through the conditions on the new licence, the local authority would have greater powers to enforce.

In summing up, the Police highlighted that then they visited the applicant, they discussed the proposed conditions, and was assured by the applicant that it could be abided by. The Police also went on to state that the premises was quite small, and thus the number of patrons on the premises at any given time, would also be small in number.

In summing up, the applicant stressed to the Sub Committee that they already try to alleviate crowding concerns at their premises by closing the seating area, making their servings takeaway only after a certain time in addition to restricting the menu to quickly servable items only.

RESOLVED:

That the application for a new premises licence in respect of Naar, 94 Old Street, EC1V 9AY, be granted to allow:-

- 1) To allow the provision of late-night refreshment from 23:00 until 00:00 Sunday to Thursday and from 23:00 until 03:00 Friday and Saturday.
- 2) To allow the opening hours of the premises to be from 11:00 until 00:00 Sunday to Thursday and from 11:00 until 03:00 Friday and Saturday

Conditions detailed on pages 50 to 51 of the agenda shall be applied to the licence with the following amendments:-

- Condition 10 to read. The licensee shall ensure that no internal combustion engine vehicles be used for deliveries from the premises.

Licensing Sub Committee D - 7 September 2023

- Condition 11 to read. The licensee shall ensure that drivers do not park or loiter in the vicinity of residential premises.
- Condition 12 to be deleted.

REASONS FOR DECISION:

The Sub-Committee listened to all the evidence and submissions and read all the material. The Sub-Committee reached the decision having given consideration to the Licensing Act 2003, as amended, and its regulations, the national guidance and the Council's Licensing Policy.

The Sub-Committee took into consideration Licensing Policies 2 & 3. The premises fall within the Bunhill cumulative impact area. Licensing policy 3 creates a rebuttable presumption that applications for the grant or variation of premises licences which are likely to add to the existing cumulative impact will normally be refused following the receipt of representations, unless the applicant can demonstrate in the operating schedule that there will be no negative cumulative impact on one or more of the licensing objectives.

The licensable activities and times applied for in the application were to provide late night refreshment on the premises from 11pm to 3am on Fridays and Saturdays and from 11pm to midnight on Sundays through to Thursdays.

The Sub-Committee heard oral representations from the licensing authority and the police as well as from the Applicant.

The Sub-Committee noted that there is an existing premises licence for the premises with longer permitted hours of trading and very few conditions attached. Consent has not been obtained to transfer that licence.

The Licensing Authority stated at it no longer had objections to the hours of operation but was concerned about the noise nuisance that could be created by the delivery drivers at the premises.

The Police informed the Sub-Committee that the current owner of the business had co-operated with the police in relation to this application. The Police representative stated that he was agreeable to the application being granted with the agreed conditions and that it was an improvement on the existing licence.

The Applicant stated that his business was a small one and would manage to comply with the agreed and any further imposed conditions.

The Sub-Committee was satisfied that the granting of the license subject to the agreed conditions and the added conditions referred to in the decision in relation to delivery drivers was proportionate and reasonable in order to promote the licensing objectives and that the presumption in relation to the cumulative impact area had been rebutted.

53

JIMMY AND THE BEE, 135 GOSWELL ROAD, EC1V 7JY - NEW PREMISES LICENCE (Item B2)

The Licensing Officer informed the Sub Committee that the correct opening hours were as per the front page of the report in the agenda, rather than the hours listed in the application form; the discrepancy was due to the hours being changed after the applicant had discussed with the Police.

In their verbal representation to the Sub Committee, the interested party stressed that the area in and around the Triangle Estate had suffered from a lot of alcohol-related anti-social behaviour, and that the number of establishments in the area, had contributed to high instances of noise, public

Licensing Sub Committee D - 7 September 2023

urination and vomiting. The interested party cited the number of other representations that had been made regarding this application as evidence of local concern regarding anti-social behaviour. The interested party also outlined that they felt another alcohol-licensed premises in the vicinity would worsen the problem of anti-social behaviour, and that permitting the use of the outdoor space late on Fridays and Saturdays would result in increased smoke and noise. The interested party also stated that there was the possibility of noise emanating from inside the premises itself, that the increase in trading hours were significant and that there appeared to be a lack of kitchen facilities on-site.

In response to the Interested Party's representation, the Licensing Officer informed the Sub Committee that the interested party had made several points that were not in their formal submission, therefore neither the applicant or the Sub Committee would have had an opportunity to consider or verify this.

In their verbal representation to the Sub Committee, the applicant stated that they had unfortunately been unable to meet objectors in person. The applicant also went to state that they were not aiming to create a pub, but a welcoming atmosphere that was quieter than neighbouring establishments, in which they could offer such things as wine and coffee tasting. The applicant stated that their clientele is primarily from nearby universities, and that while they have not encountered any issues yet, they were aware of issues in surrounding areas. Don't think there will be an issue. There are lots of off licences and pub, target is not creating a pub. The applicant stated that they share the same concerns as residents regarding public urination and highlighted that they permit the public use of their toilets free of charge to help with the problem. The applicant also made note that they didn't believe that there would be noise from their premises, and that they were trying to be part of the local area, and not a hindrance to it.

In response to questions from the Sub Committee, the applicant informed the meeting that they operate as a coffee shop, with an outside area that had very limited seating. The applicant stated that each day they have approximately 40-45 customers, but rarely any higher, and the profile of their customers were not revellers or disruptive, but quieter and well-mannered.

In response to questions from the Sub Committee, the applicant clarified that the main form of alcohol they intend to trade with the new licence would be wine and gin, with the possibility of draft beer; either of which would only be served with a substantial meal.

In summing up, the interested party made the points that the local area suffered with alcohol-related anti-social behaviour, noise generation from other premises, and requested that the Sub Committee took this into consideration, in addition to the proximity of the premises to residential dwellings and arrangements for food preparation.

In summing up, the applicant clarified that they have different station areas that enabled them to prepare food, and they had previously turned down offers to enlarge the premises into a restaurant and/or bar. The applicant stated that they were trying to be a local business that fitted into the community.

RESOLVED:

Licensing Sub Committee D - 7 September 2023

That the application for a new premises licence in respect of Jimmy and the Bee, 135 Goswell Road, EC1V 7JY, be granted to allow:-

- 1) To allow the on-sales of alcohol from 10:00 until 22:30 Sunday to Thursday and from 10:00 until 23:30 Friday and Saturday.
- 2) To allow the opening hours of the premises to be from 07:00 until 23:00 Sunday to Thursday and from 07:00 until 00:00 Friday and Saturday.

Conditions detailed on pages 78 to 80 of the agenda shall be applied to the licence, with the additional condition:-

- That the outdoor tables are rendered unusable after 10pm and that there is no outside drinking from 10pm.

REASONS FOR DECISION:

The Sub-Committee listened to all the evidence and submissions and read all the material. The Sub-Committee reached the decision having given consideration to the Licensing Act 2003, as amended, and its regulations, the national guidance and the Council's Licensing Policy.

The licensable activities applied for was the on sales of alcohol from 10am until 10.30pm Sunday to Thursday and from 10am until 11.30pm Fridays and Saturdays.

The Sub-Committee took into consideration Licensing Policies 2 & 3. The premises fall within the Bunhill cumulative impact area. Licensing policy 3 creates a rebuttable presumption that applications for the grant or variation of premises licences which are likely to add to the existing cumulative impact will normally be refused following the receipt of representations, unless the applicant can demonstrate in the operating schedule that there will be no negative cumulative impact on one or more of the licensing objectives.

No oral submissions were presented by the Responsible Authorities. The Sub-Committee noted that the Noise Team and the Police had agreed conditions with the Applicant.

The Sub-Committee noted and considered the oral submissions from the resident that was present. His concerns were anti- social behaviour, the hours of trading and the noise that could be generated by the outside tables especially late at night.

The Sub-Committee carefully considered the oral representations made by the Applicants and were satisfied with their operating schedule.

The Sub-Committee considered that the hours requested for the licensable activities were within the framework hours of the council's policy (Licensing Policy 6).

The Sub-Committee concluded that the granting of the licence with the said conditions would promote the licensing objectives. The Sub-Committee was satisfied that the operating schedule demonstrated high standards of management and that the proposed use, with the extensive conditions agreed, meant that the premises would not add to the cumulative impact.

The Sub-Committee was satisfied that granting the premises licence was proportionate and appropriate to the promotion of the licensing objectives.

Licensing Sub Committee D - 7 September 2023

The Licensing Officer reported one update to the Sub Committee that since the publication of the report, the Planning Officer had confirmed that the premises did have the correct planning permission.

In their verbal representation to the Sub Committee, the first interested party raised concerns regarding the length of the operating hours, specifically the closing times on Friday and Saturday nights; that the premises was within a cumulative impact area; and that the restaurant had very high ceilings and that it currently had ineffective sound proofing, which the interested party said would result in noise reverberating and affect residents above. The interested party also stated that the premises had always closed at 11pm because of noise issues and cited the closing times of other restaurants in the vicinity to support their representation.

In their verbal representation to the Sub Committee, the second interested party raised concerns regarding noise, and stated that there had been noise issues with previous occupants of the premises, despite each previous tenant giving similar assurances. The interested party stated that the noise came from within property, outdoor seating, and extractor fans, but that their main objection was the proposed later opening hours.

In their verbal representation to the Sub Committee, the third interested party raised concerns regarding noise late at night, the later licensable hours of operation and that the granting of the application would set a precedent for other establishments in the area.

The Sub Committee informed the interested parties that conditions 9 and 10 address the issue of noise from the premises and that in the event of either condition being breached, the licensee would have to take action.

In their verbal representation to the Sub Committee, the legal representative of the applicant outlined that they were grateful for the Sub Committee reading the material in advance, that their client had experience in operating restaurants, and was committed to the local community and the building, which had been occupied by squatters. The Legal Representative went on to state that they hadn't received responses to their letters to the interested parties, but that the door remained open to feedback, and that they were grateful at the indication that the objections were not to the application in principle, but the hours of operation. The Legal Representative continued, stating that the premises' use matched licensing policy and promoted the licensing objectives, and the desire for additional customers was to make the business viable. It was also stated to the Sub Committee that the purpose of requesting after hours was about ensuring controlled departures from second seatings, which they hoped would be less likely to disturb residents; and that there was an existing licensing footprint at the site for late night hours of operation.

In their verbal representation to the Sub Committee, the applicant stated that they had a good relationship with all neighbours. The applicant went on to state that squatters had caused damage and nuisance to the property which had to be addressed, and that they offer staggered sittings to their customers so that they don't feel rushed and also to aid easier dispersal from the premises.

In summing up, the interested parties highlighted that their cases were straightforward and stemmed from their beliefs that the proposed opening hours were unreasonable. The interested parties went on to state that they expected a degree of noise disturbance from the operation of a restaurant, but that they wanted the Council to protect them from excessive noise and disturbance.

In summing up, the legal representative stated that they were grateful to the residents for not objecting in principle, that it was a reasonable, policy-compliant application that was less

Licensing Sub Committee D - 7 September 2023

intrusive than previous licences historically granted at the premises, and that the granting of the expanding operating hours were critical for the business to survive.

RESOLVED:

That the application for a new premises licence in respect of Perilla Dining, 84-86 Roseberry Avenue, EC1R 4QY, be granted to allow:-

- 1) To allow the On and Off Sales of Alcohol from 10:00 until 23:00 Sunday to Thursday and from 10:00 until 00:00 Friday and Saturday

REASONS FOR DECISION:

The Sub-Committee listened to all the evidence and submissions and read all the material. The Sub-Committee reached the decision having given consideration to the Licensing Act 2003, as amended, and its regulations, the national guidance and the Council's Licensing Policy.

The application in relation to on and off sales of alcohol was from 10am to 11pm Sundays to Thursdays and from 10am to midnight Fridays and Saturdays.

In relation to late night refreshment the hours sought in the application were from 11pm to midnight Fridays and Saturdays.

The licensable activities also applied for were for on and off sales of alcohol and late-night refreshment on Sundays preceding Bank Holidays until midnight and alcohol sales and late-night refreshment from end of permitted hours until start of permitted hours (New Years Eve to New Years Day)

The Sub-Committee took into consideration Licensing Policies 2 & 3. The premises fall within the Clerkenwell cumulative impact area. Licensing policy 3 creates a rebuttable presumption that applications for the grant or variation of premises licences which are likely to add to the existing cumulative impact will normally be refused following the receipt of representations, unless the applicant can demonstrate in the operating schedule that there will be no negative cumulative impact on one or more of the licensing objectives.

The Sub-Committee noted that the hours applied for were within the framework hours (Licensing Policy 6).

The Sub-Committee also noted that the nature of the business fell within the exception criteria of the Clerkenwell Cumulative Impact area.

Licensing Sub Committee D - 7 September 2023

The Sub-Committee fully the concerns raised by the residents in the written and oral submissions. The Sub-Committee further noted the fact that there were no representations from the Responsible Authorities and that the Noise Team and Police had agreed conditions with the applicant.

The Sub-Committee concluded that the granting of the licence with the agreed conditions would promote the licensing objectives. The Sub-Committee was satisfied that the operating schedule demonstrated high standards of management and that the proposed use, with the extensive conditions agreed, meant that the premises would not add to the cumulative impact.

The Sub-Committee was satisfied that granting the premises licence was proportionate and appropriate to the promotion of the licensing objectives.

The meeting ended at 8.26 pm

60 CRYSTALS PIZZA AND FRIED CHICKEN, 4 YORK WAY, N1 9AA - PREMISES LICENCE VARIATION (Item B1)

The Licensing Officer reported there was no additional information since the publication of the report.

The police stated that this was an application for the extension of hours in possibly the most challenging and busiest areas in Islington which was already saturated. The area was bordered by Camden and Hackney. The application was weak for a premises that wanted to have hours beyond framework hours. The applicant was also the licensee for the next-door premises and in June 2023 the police had been called to the next-door premises, as unruly customers had made threats to staff. There was then a further incident in June when staff were threatened. CCTV was requested but it was not working. In July there was a more serious altercation where a staff member hit a customer with a metal bar. The CCTV had still not been repaired at this time. The licensee was invited to an officer panel. The police did not consider that the applicant had demonstrated that he could make improvements and he therefore did not consider that an extension to the licence should be granted.

In response to questions, it was noted that one of the major stumbling blocks to an arrest was the lack of CCTV. Neither party wished to substantiate any charges and the victim had been removed from the area. The area was saturated with venues with late hours and the

Licensing Sub Committee D - 27 September 2023

police did not consider that this application warranted an exception. It was noted that there had been no issues relating to this premises.

The Licensing Authority reiterated that the area was an extremely busy hub. The application was for a late-night food premises with a nightclub opposite on the Camden side of the road. She expected applicants to demonstrate how they would manage the premises with regard to the licensing objectives in their operating schedule. She considered their application to be very sparse and the applicant had not demonstrated how they would operate the premises in an extremely busy area and outside framework hours.

The applicant's representative stated that this was an application to vary a premises licence. The applicant had operated the kebab shop next door for fourteen years until 5am. This premises became available, so he had taken on the premises to offer different cuisine. It was noted that the hours were beyond framework hours outlined in licensing policy 6, they had regard to the Kings Cross cumulative impact area and accepted the onus was on the applicant to rebut the presumption. He considered that the premises could be a possible exception as it was not alcohol led and it would have an experienced operator who had operated the premises next door until the early hours of the morning. There was a McDonalds along the road which operated 24 hours and a KFC opposite. He did not consider that he would be bringing trade into the area but was tapping into the trade that was already there and it was not a destination in its own right. They had operated four TENS during July until 3.30am from Thursday to Saturday which provided the applicant with the opportunity to see how the premises would be managed if operated until that time. There were no plans to operate deliveries but nevertheless would be happy to accept a condition on how they would be managed. The premise was very busy so they would not require deliveries. As it was a very noisy area, they would not disturb residents living above. With regard to the CCTV it was noted that the applicant had a licence since 2012 and these had been the only incidents. Staff were very often victims of crime and this was an unfortunate sign of the times.

In response to questions, the applicant confirmed that they were not proposing to have deliveries but if they did they would directly employ drivers rather than use third parties. The applicant stated they had problems in the next door shop when he was not in attendance. Staff and customers argued with each other and it was believed that a customer drew a knife. CCTV for this incident was not available as he thought it was working but it had not been recorded. The engineer did not come but after he had the meeting with the Panel the applicant checked it every two weeks to make sure it is recording. The two shops would not be able to be merged as there was accommodation in between. The applicant was asked if there was a plan in place that would mitigate issues for staff safety. It was noted that there would be seven members of staff working two shifts and the applicant would also be working at the premises. The applicant's representative stated that he would want hours on Thursday to Saturday to be longer and the request for 3.30am made, as this was when the clubs kicked out. He stated that the requested hours from Sunday to Wednesday could be reduced.

The Police stated that this was a very busy area. McDonalds were a large corporation with security and had robust conditions. This premises was a hub where customers would attend when already drunk and there were already issues towards staff. An additional premises would double these issues. He had not heard from the applicant about what they would do to prevent issues for staff. This application was aimed at customers leaving nightclubs who might want to go to a smaller shop. The CCTV was assumed to have been working, however, the condition required that CCTV was checked to be working. Issues raised with the CCTV had not been sorted. The applicant had been there for 14 years but now there were more crimes and he asked what measures had been put in place to ensure staff were safe. This premises would amplify the problems in the area.

The Licensing Authority stated that the premises he had owned next door had gone to officer panel for a number of incidents. The condition outlined that CCTV still required checking. She raised concerns that often the applicants' elder brother had been left in charge. The applicant spent quite a lot of time in Turkey and he had been quite difficult to contact. She had not seen anything to show how this premises would be able to be managed.

The applicant's representative stated that there was an existing condition to maintain an incident book. There had been no incidents at the late hours. The applicant was an experienced operator who was not introducing a new activity that would negatively impact on the area. There were no plans to offer delivery. It was reported that during the school holidays the applicant went back to Turkey. He had come back from his holiday in Turkey to attend the officer panel.

RESOLVED

That the application for a new premises licence, in respect of Crystals Pizza and Fried Chicken, 4 York Way, N1 9AA be refused.

REASONS FOR DECISION

The Sub-Committee listened to all the evidence and submissions and read all the material. The Sub-Committee reached the decision having given consideration to the Licensing Act 2003, as amended, and its regulations, the national guidance and the Council's Licensing Policy.

The Sub-Committee took into consideration Licensing Policies 2 & 3. The premises fall within the Kings Cross cumulative impact area. Licensing policy 3 creates a rebuttable presumption that applications for the grant or variation of premises licences which are likely to add to the existing cumulative impact will normally be refused following the receipt of representations, unless the applicant can demonstrate in the operating schedule that there will be no negative cumulative impact on one or more of the licensing objectives.

Licensing policy 3 states that the cumulative impact is concerned with a potential impact on the licensing objectives of a significant number of licensed premises concentrated in one area. Paragraph 33 to 34 states that Kings Cross has undergone some radical changes in recent years as a result of redevelopment creating Kings Cross Central across the border in Camden and Regents Quarter in Islington.... These changes have already led to an increase in the numbers of licence applications and an associated increase in representations from residents and ward councillors citing problems with cumulative impact issues such as noise disturbance, drunken fights and crimes due to intoxicated people in the area.

No local resident objections had been received. There had been two representations made by the responsible authorities, from the police and the licensing authority.

The Sub-Committee noted that the hours sought were outside the hours specified in licensing policy 6.

The Sub-Committee heard evidence from the police. They said that this was one of the busiest and most challenging areas in Islington. They also referred to problems with the kebab restaurant next door, which was open until 5am and was operated by the applicant. Police had been called on several occasions in June and July because of disorderly customers including one incident where there appeared to have been an assault on a customer by a staff member. The applicant explained that there were drunken people coming from other venues who could be abusive. There was clearly a problem with

Licensing Sub Committee D - 27 September 2023

cumulative impact issues relating to anti-social behaviour, crime and disorder in the immediate area of the premises.

Licensing policy 3, paragraph 13, states that applicants will be expected comprehensively to demonstrate why a varied licence will not add to the cumulative impact. Applicants are strongly advised to give consideration to mitigating potential cumulative impact issues when setting out steps they will take to promote the licensing objectives in their operating schedule.

Licensing policy 7, paragraph 84, states that the operating schedule must include all information necessary to enable the licensing authority and responsible authorities to assess whether the steps outlined for the promotion of the licensing objectives are satisfactory. This will mean that applicants will need to complete their own detailed risk assessments.

The Sub-Committee heard concerns from both responsible authorities that the operating schedule did not give sufficient information to show how the licensing objectives would be promoted and cumulative impact issues of crime and anti-social behaviour avoided.

The Sub-Committee concluded that the granting of the licence with the agreed conditions would not promote the licensing objectives and would be likely to add to the existing cumulative impact on the licensing objectives of crime, disorder and anti-social behaviour. The Sub-Committee noted that the hours sought were not within the hours specified in licensing policy 5 and 6. The Sub-Committee considered that the operating schedule failed to address any issues of mitigation and therefore the presumption against granting the variation was not rebutted.

2. Recommendations

- 2.1. To determine the application for a new premises licence under Section 17 of the Licensing Act 2003;
- 2.2. These premises are located in the Holloway Road and Finsbury Park Cumulative Impact Area therefore the Licensing Sub-Committee will need to consider Licensing Policy 3, which states that there is a presumption of refusal unless the Sub-Committee is satisfied that there will be no adverse cumulative impact on the licensing objectives.

- 2.3. If the Licensing Sub-Committee grants the application it should be subject to:
- i. Conditions prepared by the Licensing Officer which are consistent with the Operating Schedule (see appendix 3); and
 - ii. Any conditions deemed appropriate by the Licensing Sub-Committee to promote the four licensing objectives.

3. Background

- 3.1. This premises previously held a premises licence authorising licensable activities and hours identical to those being sought under this application however, the premises licence lapsed on 23rd January 2023 as a result of the licence holder's company filing for voluntary liquidation.
- 3.2. This new application is being sought by the landlord for the property and was received by the Council's licensing service on 14th December 2023. A copy of the application and any supporting documents are at Appendix 1 of the report.
- 3.3. During the consultation period there were representations from the Metropolitan Police and the Council's noise service. Through engagement with the applicant, both Responsible Authorities agreed conditions of approval and withdrew their representation. These conditions of approval are detailed at Appendix 3 of this report.
- 3.4. At the time of writing this report there were outstanding representations from twelve local residents. These representations are detailed at Appendix 2 of this report.

4. Implications

4.1. Financial Implications

- 4.1.1. The Head of Finance reports that the applicant has paid the application fee of £190.00. Should the application be refused, the fee is not refundable.

4.2. Legal Implications

- 4.2.1. The legal implications are set out in Paragraph 2.
- 4.2.2. Legal advice will be provided at the meeting of the Licensing Sub-Committee as necessary.

4.3. Environmental Implications and contribution to achieving a net zero carbon Islington by 2030

4.3.1. The Licensing Sub-Committee need to consider the impacts that that proposals will have on the environment. An impact is defined as any change to the environment, whether positive or negative, wholly or partially resulting from Council activities. Almost all human activity has some impact on the environment, and it is very unlikely that any activity will not have any implications.

4.4. Equalities Impact Assessment

4.4.1. The council must, in the exercise of its functions, have due regard to the need to eliminate discrimination, harassment and victimisation, and to advance equality of opportunity, and foster good relations, between those who share a relevant protected characteristic and those who do not share it (section 149 Equality Act 2010). The council has a duty to have due regard to the need to remove or minimise disadvantages, take steps to meet needs, in particular steps to take account of disabled persons' disabilities, and encourage people to participate in public life. The council must have due regard to the need to tackle prejudice and promote understanding.

4.4.2. An Equalities Impact Assessment is not required in relation to this report, because this is a decision relating to a Premises Licence application under the Licensing Act 2003.

4.5. Planning implications

4.5.1. The property is not statutorily listed, however it is located within the St Mary Magdalene Conservation Area (CA6).

4.5.2. The property last know lawful use was as a public house (sui generis). The ground floor of the property had been used, unlawfully, for less than nine years as a restaurant (Class E(b)); the time limit for immunity was no reached, and therefore it is considered that the lawful use of the ground floor is as a public house (sui generis).

4.5.3. There are no relevant planning applications or conditions related to the ground floor unit of this property.

4.5.4. There are no planning enforcement cases relating to this address.

4.5.5. The planning department has no further comments.

5. Conclusion and reasons for recommendations

5.1. That the Licensing Sub-Committee determines this application.

NOTES ON DEMONSTRATING ENTITLEMENT TO WORK IN THE UK

Continued from previous page...

Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or
- is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any premises licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have an entitlement to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity. They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified), or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

Documents which demonstrate entitlement to work in the UK

- An expired or current passport showing the holder, or a person named in the passport as the child of the holder, is a British citizen or a citizen of the UK and Colonies having the right of abode in the UK [please see note below about which sections of the passport to copy].
- An expired or current passport or national identity card showing the holder, or a person named in the passport as the child of the holder, is a national of a European Economic Area country or Switzerland.
- A Registration Certificate or document certifying permanent residence issued by the Home Office to a national of a European Economic Area country or Switzerland.
- A Permanent Residence Card issued by the Home Office to the family member of a national of a European Economic Area country or Switzerland.
- A **current** Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder indicating that the person named is allowed to stay indefinitely in the UK, or has no time limit on their stay in the UK.
- A **current** passport endorsed to show that the holder is exempt from immigration control, is allowed to stay indefinitely in the UK, has the right of abode in the UK, or has no time limit on their stay in the UK.
- A **current** Immigration Status Document issued by the Home Office to the holder with an endorsement indicating that the named person is allowed to stay indefinitely in the UK or has no time limit on their stay in the UK, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A birth or adoption certificate issued in the UK, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A birth or adoption certificate issued in the Channel Islands, the Isle of Man or Ireland **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A certificate of registration or naturalisation as a British citizen, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.

Continued from previous page...

- A **current** passport endorsed to show that the holder is allowed to stay in the UK and is currently allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity.
- A **current** Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder which indicates that the named person can currently stay in the UK and is allowed to work relation to the carrying on of a licensable activity.
- A **current** Residence Card issued by the Home Office to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights or residence.
- A **current** Immigration Status Document containing a photograph issued by the Home Office to the holder with an endorsement indicating that the named person may stay in the UK, and is allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A Certificate of Application, **less than 6 months old**, issued by the Home Office under regulation 18(3) or 20(2) of the Immigration (European Economic Area) Regulations 2016, to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence.
- Reasonable evidence that the person has an outstanding application to vary their permission to be in the UK with the Home Office such as the Home Office acknowledgement letter or proof of postage evidence, or reasonable evidence that the person has an appeal or administrative review pending on an immigration decision, such as an appeal or administrative review reference number.
- Reasonable evidence that a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence in exercising treaty rights in the UK including:-
 - evidence of the applicant's own identity – such as a passport,
 - evidence of their relationship with the European Economic Area family member – e.g. a marriage certificate, civil partnership certificate or birth certificate, and
 - evidence that the European Economic Area national has a right of permanent residence in the UK or is one of the following if they have been in the UK for more than 3 months:
 - (i) working e.g. employment contract, wage slips, letter from the employer,
 - (ii) self-employed e.g. contracts, invoices, or audited accounts with a bank,
 - (iii) studying e.g. letter from the school, college or university and evidence of sufficient funds; or
 - (iv) self-sufficient e.g. bank statements.

Family members of European Economic Area nationals who are studying or financially independent must also provide evidence that the European Economic Area national and any family members hold comprehensive sickness insurance in the UK. This can include a private medical insurance policy, an EHIC card or an S1, S2 or S3 form.

Original documents must not be sent to licensing authorities. If the document copied is a passport, a copy of the following pages should be provided:-

- (i) any page containing the holder's personal details including nationality;
- (ii) any page containing the holder's photograph;
- (iii) any page containing the holder's signature;
- (iv) any page containing the date of expiry; and
- (v) any page containing information indicating the holder has permission to enter or remain in the UK and is permitted to work.

Continued from previous page...

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

Subject: Application for new premises licence - 81 Holloway Road (Filo)

[External]

Dear Licensing Team

We write in relation to the above application for a new premises licence for Filo, at 81 Holloway Road and would like to make the representations below.

Firstly, we live on Furlong Road and this is a residential street. Were the licence to be approved with the extended licence hours stated in the notice (music and alcohol until 2a.m or 2.30a.m) this would very clearly have an adverse effect on the residents of Furlong and Orlestone Road in terms of noise, nuisance and anti-social behaviour.

We note here that several of the residents living close, or in adjoining properties, to the premises are families with young children.

Whilst we would have no objection to a licence being granted in line with other nearby venues, such as the Duchess of Kent pub on Liverpool Road, with a closing time of 11pm, we do not see how the current application can succeed given Licensing Policy 2 (Location, Cumulative Impact and Saturation) and Licensing Policy 3 (Cumulative Impact Policy Areas). The premises are located in a predominantly residential area of clear cumulative impact. It is an area that is saturated with licensed premises, including several late night music venues, and were this licence to be granted on the proposed terms it would place additional and undesirable strain on policing and other public services in the area.

The full application was not available on the public register but it is difficult, based on the information available in the notice, to confirm whether the applicant - Jessona Investments Ltd - is able to demonstrate the necessary history of compliance and best practice for a licence holder. According to Companies House it was only registered as an overseas company in November 2022, with no apparent assets, so its capacity to act as a licence holder and satisfy Licensing Policy 8 seems highly questionable.

We also consider that the granting of an extended licence on the applied terms would conflict with Islington Council policy on creating safer neighbourhoods with less cars and congestion as there would inevitably be an increase in taxis and other vehicles in and around Holloway, Furlong and Orlestone Roads late into the night.

We would be grateful if you would confirm receipt of this email and also provide a copy of the full licence application as this was not available in the public register.

Kind regards

Subject: Representations re application for new premises licence - Jessona Investments Limited

[External]

To: The Licensing Authority, Islington Council

4 January 2024

Application for new premises licence by Jessona Investments Limited

10, 81 Holloway Road N7 8LT

I am writing to make representations regarding the above application. I am a longtime resident of Furlong Road on which the above premises are located.

I should point out that I have not been able to locate on the Council’s website the “application papers” for the above application, so am not able to comment by reference to the detailed application and reserve the right to make further comments, once those are available. I note for example that the premises are large with presumably corresponding capacity for numbers of patrons. Further, I understand that the Council notifies all residents within 50m of the premises when a new application is made. Despite the proximity of my house to the above premises, I have not received any such notice. The only notice is a small notice in the window of the premises, which have been unoccupied for some time.

I am making representations by reference to the Council’s Licensing Objectives.

Prevention of Crime and Disorder

As a longtime resident of Furlong Road, I have bitter experience of the crime and disorder we suffered locally when the People’s Social Club, located just along from the above premises at 113 Holloway Road, was in operation. Those premises lost their licence on the application of the Metropolitan Police on the grounds of prevention of crime and disorder and public safety. That Club had late licensing hours and in the local streets we suffered from the shouting, swearing, altercations, disputes, car doors-slaming, noisy conversations, public urination, sexual activity, violence and general anti-social behaviour in the early (and later) morning hours after the premises closed. Attempts at mitigation of these effects by the owners of the Club were entirely ineffective, their “security patrols” being ignored by their patrons.

Public behaviour has not improved since the People's Social Club closed. Moreover, the above application is seeking very extended and late hours (to 02:30 am on Fridays and Saturdays) when necessarily their patrons will be leaving the premises in the small hours of the morning.

Prevention of public nuisance

The use by the patrons of these premises of local streets as car parks necessarily involves noisy departures in the small hours of the morning, when the streets are otherwise quiet and residents are sleeping. The disruption this causes cannot be overstated, given the poor behaviour experienced from the departing patrons.

This is aside from the potential for live music day and night, all week, on what is a residential road.

Public Safety

Past experience has taught us that interacting with those who are drunk or high and behaving in an anti-social manner is not without danger.

Cumulative Impact Area

I note that the above premises are located in the **Holloway and Finsbury Park Cumulative Impact Area**. Accordingly, I understand that the Council's policy in relation to such areas creates "a rebuttable presumption that applications for the grant of premises licences which are likely to add to the existing cumulative impact will normally be refused following receipt of representations, unless the applicant can demonstrate in the operating schedule that there will be no negative cumulative impact on one or more of the licensing objectives". I trust that the comments under the above headings indicate that there is, on the face of it, very real concerns as to the negative impact of the neighbourhood of the grant of this application and that it should be refused.

In addition, there are already numerous licensed premises along Holloway Road and a major music venue 100 yards away from 81 Holloway Road at The Garage. As a resident in this area, I prize the variety of venues and liveliness of the neighbourhood in which I live – including proximity to the Emirates Stadium and the seasonal upheaval arising from that. However, granting this application to a large venue with the very extended hours proposed can only add to the cumulative impact in terms of crime, disorder and public nuisance, on a daily, 365 days a year, basis.

I understand that where representations are made, the application will be decided by the Council's Licensing Sub-Committee at a public hearing. Please confirm that will occur and ensure that details of the application are made available well ahead of such hearing, so that local residents and businesses have an opportunity to consider them in sufficient time ahead of the hearing.

Regards

The Licensing Authority

Islington Council

Dear Sirs,

We refer to the application for an extended licence at 81 Holloway Road (N81) and would make the following representations:

- We live on Furlong Road, a residential street, which will be adversely affected if the proposed license is approved
- We have been unable to access the full application on your website and reserve the right to make further representations as and when we receive a copy (and please accept this email as a formal request to receive a copy of the full application)
- The timing of the application, and the associated deadline of 11 January for representations to be made, will, given the Christmas period, almost certainly result in a significant number of residents not becoming aware of the application and/or the deadline.
- The small notice in the window of what has been abandoned premises for a period of months is wholly inadequate notice and coverage for neighbours to formulate their response.
- Accordingly, we would urge you to (a) ensure that notice of the application is given to all affected households and businesses, including those living in the close proximity apartments on the Holloway Road and the residents of Furlong and Orlestone Roads and (b) extend the timetable so that those affected can meet the deadline
- In principle, we have no objection to N81 being used as a restaurant, nor to the license to include the provision of alcohol and music. We do, however, object to the excessive extensions proposed in the application (i.e. music and alcohol until midnight Monday to Thursday and until 2am on Friday and Saturday with in every case an extra half an hour for “ late night refreshments .”)
- It is difficult to understand how the application can possibly succeed when Islington’s Licensing Policy is applied to the proposed extension beyond the usual closing times of 11pm Monday to Thursday and midnight Friday and Saturday referred to in Policy 6
- A significant number of the factors referred to Policy 2, including the location of the premises in an area of cumulative impact (see below) and the proximity to residential properties apply to this application

- Policy 3 creates a rebuttable presumption that applications in respect of premises in a cumulative impact area (including Holloway) will be refused unless the applicant is able to “comprehensively demonstrate” that the licence will not add to the cumulative impact
- Policy 5 states that Islington is “saturated” with late night premises selling alcohol and that the number of these premises is “now at a level where to allow more would adversely affect the response times of emergency services and evidence that extended opening hours has increased levels of anti-social behaviour, noise and disturbance to residents
- The adjacent roads, which are predominantly residential and located near schools, have been subject to traffic calming and traffic prohibition measures. The application will inevitably result in large vehicles making deliveries, increased refuse collections and the recycling of bottles and other materials. This will inevitably result in noise and nuisance to residents There is no external storage or delivery space at the premises so this will necessitate kerbside, daytime operations which are likely to cause disruption and congestion
- As Holloway Road is a red route, any taxis or car traffic will be shunted into neighbouring streets in which LBI have taken strenuous measures to reduce rather than increase traffic
- Policies 7 and 8 stipulate that the highest standard of management will be required and that the licensee is able to demonstrate a track record of compliance and best practice. The application is made by Jessona Investments Limited, which appears to be a company with negative net assets, no employees and which had a winding up petition levelled against it within the past couple of years. We look forward to reviewing the applicant’s explanation of how it will meet the requirements although this is likely to be implausible
- The cumulative impact of the other nearby licensed premises including the Garage, the Cock, the House of Hammerton, the Lamb and the Duchess of Kent as well as restaurants within yards of the application, many of which are licensed, notably Buna, Burger X, Non, Sambal Shiock, Berto, Alcedo and Lamezia, Tbilisi, Oriental Gourmet will, coupled with the extended licensing hours and live music significantly reduce the amenity of this already congested night time economy

Please acknowledge receipt of this email and we look forward to receiving a copy of the full application as a matter of urgency.

Your sincerely

Regarding: Application for 'Filo', 81 Holloway Road, London N7 8LT

Dear Islington Council Licensing Service,

I am writing to express my strong objection to the recent application submitted by 'Filo' for a license to play music and serve alcohol until midnight on weekdays and 2AM on weekends.

Prevention of public nuisance

The venue is situated directly on the corner of Furlong Road, a quiet residential road filled with working adults and families with children who value the tranquillity of the neighbourhood. Furthermore, it is directly bordering on and sharing a wall with my building and I am gravely concerned regarding the inevitable disruption it will cause.

The introduction of this venue raises serious concerns regarding excessive noise and antisocial behaviour. The late night operating hours and character of the venue are worrisome and do not fit with the area which has established a peaceful collection of cafes, restaurants, and shops which have respect for local residents. The inevitable noise generated from customers leaving the venue, amplified live and recorded music, and disposal of glass bottles will threaten the sleep and calmness of nearby residents in their homes.

Prevention of crime and disorder; public safety

As you are aware, this area already experiences significant disruption on match days. Littering of rubbish and cigarette butts, public urination, and vomit on the streets are common sights and very upsetting and disturbing to residents. A venue offering a congregating space will only increase such behaviour, particularly on match days, but now every day of the week.

Furthermore, the harassment of women by people under the influence of substances is unfortunately all too common near to Highbury & Islington underground station. The presence of a venue offering late night alcohol and rowdiness in a residential area will inevitably increase the chance of such incidents.

In summary, this is not an appropriate venue to be licensed in this location and will negatively affect the quality of life for residents. A late night bar or club has no place on the corner of a residential road. I urge the Local Council to please consider the wellbeing and concerns of the long term residents of Furlong Road, as well as other surrounding streets, when considering this licensing application. I request that the council take into account the significant negative consequences on our community's peace, safety, and right to live and work without excessive noise and disruptive behaviour.

Thank you for your time and consideration.
Sincerely,

A large black rectangular redaction box covering the signature area.

I see from a notice in its window that the operators of this place have submitted an application for a drinks and music licence which goes on until late in the evening and even later at the weekend.

I have lived at [REDACTED] since 1990 and have vivid memories of the noise, dirt and chaos caused by the People's Club on Holloway Road which also had a late night licence for Friday and Saturday evenings, and the struggle we had to get it closed down after repeated complaints had failed to make them clean up their act.

The People's Club patrons used my driveway as a toilet (and didn't restrict themselves to urination - they also defecated there (dogs don't tend to wipe their bums and pile the tissue on top of the faeces)); I recall one particularly noisy Sunday morning waking to the banging of car doors and loud car radios and looking out the window to be startled by a couple having sex on top of the wall by my front steps - cheered on by an enthusiastic audience of fellow revellers.

I do not think public manners have improved in the interim since the People's Club closed down and I dread to think what spectacles we may be treated to in today's climate. For all these reasons I wish to express very strenuous objections to the granting of such a licence at all. Which failing, the permitted hours of opening must be very much shorter than requested and the grant of the licence subject to clear noise and behavioural restrictions. And there must be a serious threat of speedy loss of licence if there are any breaches of the noise and behavioural restrictions which should be attached to the grant of the licence.

The proximity of the premises to our quiet residential street must greatly exacerbate our concerns - and of course once bitten, twice shy.

I would be happy to speak to the relevant licensing officers to expand on any points of my objection should they wish to do so.

Dear Council,

I am writing with regards to the application you have received for a new license at the address above.

I would like to express my concerns with regards to the license, as, from experience from past instances where those premises were occupied by other licensed businesses, it would lead to the following:

Page 51

- antisocial behaviour from inebriated patrons urinating in front of the properties just across the street. It still happens on a regular basis, but it would only occur even more frequently, especially during match days, if a new license was granted. This used to happen even when the previous licensed operator had employed doormen.
- public nuisance from inebriated patrons, shouting and getting into brawls. With young children living in the same building where I live, and in other properties in the neighbourhood, this would represent a risk to them
- the local traffic would increase with a negative impact on general levels of noise and pollution in the immediate vicinity. It would also lead to an increase in traffic incidents and motorist brawls. This already happens to an extent, as Holloway Road is a major artery.
- during matchdays, all the above would be exacerbated

My details are below:

Dear Sir,

I would like to object to the above premises licence application.

I am a resident of [REDACTED], about 40-50 metres from the address of the application.

Parlong Road is an entirely residential street, and I am concerned that the late hours requested in the licence will lead to public nuisance, with drinkers in the street, or leaving the premises noisily, until 2.30am on Friday and Saturday and 12.30 the rest of the week. I note that the licence allows for the sale of alcohol to be consumed...off the premises.

The premises concerned lie within the Holloway Road Cumulative Impact Area, and there are already several licensed premises within 100 metres of 81 Holloway Road. The addition of a further licence, with such late hours, increases the risk of public nuisance spilling over into residential streets. There is also a risk of crime and disorder.

Music played in premises until 2.00am, whether live or recorded, will be audible in my property, particularly in the summer when windows are likely to be open, and is bound to disturb residents trying to sleep.

I would therefore ask the Licensing Sub Committee to refuse this application.

Regards

Subject: Objection to licence application on 81 Holloway Road

[External]

Hi there

I live at [Redacted], [Redacted] the property 81 Holloway Road and I would like to raise my concerns for the recent licencing application submitted by Jessona Investments Ltd in relation to Filo Restaurant.

My objections/concerns are the following:

Page 53

1. As a resident living [Redacted], I am very concerned about the time period extensions requested in the application (music and alcohol until midnight Monday to Thursday and until 2am on Friday and Saturday and an extra half an hour for late night refreshments), and the noise impact this will have. Playing music and serving alcohol until midnight Monday - Thursday feels unnecessary and will be very disruptive for us. It will impact our ability to sleep, and therefore our ability to work productively during the working week.
2. There are many other neighbouring residential properties in the immediate area that will also be impacted if this licence were to be approved.
3. I am not only concerned about noise but anti-social behaviour around our property. We already get litter, primarily alcohol bottles/cans thrown in our window boxes over night on the weekends and people shouting whilst drunk outside our house and having a late night venue right next to us serving alcohol late will only increase this behaviour.
4. There is no detail in the application about how the venue will manage anti-social behaviour from people at their venue - for example with security.
5. There are many late night venues on Holloway road nearby already and adding another late night venue is only going to worsen the impact on residents.
6. If this licence were approved, it would impact on traffic from taxis and deliveries which is already an issue in the area and the council are working to solve this with expensive traffic control solutions so it feels counter intuitive to approve this application.
7. The application breaches Islington's licencing guidelines - policies 2, 3, 7 and 8.
8. I was only notified about the application by a neighbour. I would expect a letter from the council notifying me of this application and giving me an opportunity to object given how close we are to the property and the extent to which this will impact us.

In principle, I am happy with the premises being used as a restaurant provided they have reasonable opening hours, limit the live music and noise, and have a plan for any negative impact that it might cause - e.g. increased litter, anti-social behaviour etc.

Please could you let me know you've received this email and keep me updated on the situation.

Thanks

We wish to object to this application on behalf of Jessona Investments on the following grounds:

1. We live [Redacted] from these premises and have had nothing but trouble with smell, noise, deliveries and disturbance when the applicant's predecessors were tenants on much shorter operating hours and with no live music. This was a particular problem at the weekends and on match days/ evenings
2. The cumulative impact of multiple existing bars, pubs, restaurants in the immediate vicinity and the already busy and troublesome night time economy
3. The length of the licensing periods applied for, and the live music element of the application
4. The likelihood of additional traffic from taxis and deliveries in adjoining roads in which LBI has quite rightly taken considerable trouble to reduce traffic congestion and pollution
5. The issue with refuse disposal, removal of 'empties' to a property with only on-street parking and no delivery bay or refuse storage
6. Insufficient detailed paperwork to outline any mitigations the applicant plans
7. The inadequate publication and dissemination of this application and the timing over the Christmas period
8. The clear breaches of Islington's own Licensing Guidelines, namely Policies 2, 3, 7 and 8
7. The lack of evidence of the applicant successfully complying with Licensing regulations historically
8. The proximity of the application to schools, offices, residential properties and to Arsenal FC's home ground

9. There is no detail about how the premises will be staffed in terms of security or managing anti-social behaviour
10. There are serious questions around the financial viability of this applicant and their ability to put those measures in place
11. There is no detail about sound egress mitigation from the live music

If the operating hours and period for live music can be reduced to a reasonable scale, and if proper protocols for deliveries and refuse disposal can be put forward along with an adequate staffing plan to address potential anti social behaviour and adequate measure to reduce sound pollution, there would be no objection to a restaurant working under 'normal' operating hours.

Licensing objectives

|-------------------------|--|
| Public nuisance: | I object to the licensing of the premises and the playing of music after 11am. The address of the corner premises formerly occupied by chicken restaurant Bird (and originally a public house) is in Holloway Road, however, more than half the frontage of the building is located in a quite |
|-------------------------|--|

residential street, Furlong Road, and the premises are themselves part of a terrace of residential properties (see photo). There are already several licensed premises nearby so it is not clear that there is any need for another one. I note that "Noise or vibration must not emanate from the premises so as to cause a nuisance to nearby properties". I do not see how this requirement can be met, both with regard to the music in the building itself, given the tightly packed nature of the adjacent buildings, but also to the inevitable associated noise from people entering and leaving the premises, with potentially large numbers standing nearby having noisy conversations, particularly in the summer. If I were to hold a party with fairly loud music in the early hours of the morning I might expect my neighbours to complain and potentially call the police. The position of the

premises is no less disruptive to residents than such a party (see attached photos for proximity to residential properties). It would be a travesty if a commercial undertaking was licensed to do this legally, two nights of every week of the year. I also have an objection on the grounds of odour emanating from the premises. When Bird occupied the premises there was a permanent smell of Fried Chicken in Furlong Road, from the two flues at the back of the premises; also the kitchen door was frequently left open for staff smoking breaks, increasing the impact of cooking smells (see photo). Presumably, conditions that imposed more effective odour management and air conditioning could be mandated. I suggest that the Council should require this, as part of any licensing of the premises,

| | |
|----------------------------|---|
| | irrespective of the opening hours. |
| Crime and disorder: | <p>Whilst my main issue is in respect of Public nuisance I have concerns about this escalating to an increased risk of disorder due to large groups of people hanging around outside the premises, especially at the late Friday and Saturday closing time. Groups of people in the street at this time increase the likelihood of litter and broken bottles being thrown on to the street or into gardens, men urinating, minor damage to cars, shouting and low level fights. Currently, these behaviours happen occasionally in Furlong Road but it would be exceptionally concerning if they were to become much more frequent. As already mentioned, there is no shortage of licensed premises in the area already but the fact that the proposed business is located within a residential</p> |

| | |

Dear Islington Licensing Service team,

We are the owners and residents at [Redacted] and are writing to you to comment on the new application (ref WK/230038476) for a late night alcohol and live music licence at 81 Holloway Road, N7 8LT. For context, our property is [Redacted] on Furlong road ([Redacted]) and our front door is directly on the street (no front garden or courtyard). [Redacted].

We would like to object to the granting of this licence for the following reasons:

1. Although we had a generally good relationship with the previous tenant at 81 Holloway Road (Bird restaurant), we did suffer from occasional disturbances - customers smoking cigarettes or weed on our doorstep or leaving empty bottles or food containers on our windowsill, by our front door or outside our garage. Our front door opens directly onto our living room and the air quality quickly becomes unhealthy for our [Redacted] kids if people are smoking directly outside. We did suffer from this with the restaurant and we are very worried that a late night licence will greatly exacerbate the issue and result in daily occurrence of uncivil behaviours right outside our ground floor living room.
2. The immediate area is already well-served with late night and alcohol-serving establishments: Garage venue, Grace bar, Lamb pub, Be at One, the Horatia, Duchess of Kent, the Famous Cock, Jam& Rye, Brewhouse, Hen & Chickens theatre bar to mention a few and not to mention the many more down upper street so close by. We question the need for such an establishment in the area and especially one with a late night license considering the immediately adjacent quiet family residential streets, St Mary Magdalene Church and the St Mary Magdalene Academy school which is only one block away at the other end of Furlong Road.
3. This part of Holloway Road gets incredibly congested on match days, around the match but also stays very busy throughout a match day. Given the location of the establishment at the busy corner of Holloway Road and Furlong Road, we are concerned it will result in an unsafe cluster of people at that junction. Just last week a motorbike went into the door of the (thankfully unoccupied) property because of the turning onto Furlong Road. On a more personal level, it will also likely lead to more people congregating [Redacted] while they are queueing to get in or taking cigarette breaks, and will create a really unsafe environment for our [Redacted] children (cigarette smoke, drunken individuals sitting or standing [Redacted]). There are also [Redacted], albeit they may be slightly more sheltered from the nightly disturbances. The two flats above us are also residential flats.
4. Finally, as mentioned our property is [Redacted] to 81 Holloway Road, [Redacted]. It was not detailed in the proposal what measures will be taken to prevent noise pollution from live/recorded music. Given the amount of residential properties

in the immediate neighbouring area, we would ask that you take this into account.

We thank you in advance for taking our comments into consideration when you take your final decision for the application. Please feel free to contact us if you need further clarification.

Kind regards,

[External]

Hello,

I'm the owner and resident of

[Redacted]

ag
This is with regards to the premises licence application for 81 Holloway Road.

75
My comments are as follows:

- on my section of attached buildings that will be affected there must be 25-30 flats (at least a few of which house young families with babies, others with single women) which will be affected by noise, disorder, public nuisance and possibly in terms of safety.
- most of these buildings, including my own, have not been kept well and do not feature double glazing, meaning on match days for instance, we are greatly affected by noise in the area. with music going constantly this will be an issue, as will people shouting and snd being generally loud after drinking until 2am.
- Being comprised of small flats, there are naturally many women, including myself, living alone on this section of the street and I will not feel safe if every day at any time I come there will be people leaving and loitering around the premises. It's extremely dark on my section of the street. I fear there will be crime and general public nuisance stemming from this license.
- on match days for example, or on Fridays and saturday nights in general, people tend to loiter around my end of the street, hanging around cars with loud music, using our front entrance bin areas and even doorsteps (we do not have gates) to gather and eat, drink, urinate and discard rubbish. If there is music and drinking every evening this will become even worse.

Thank you

2. Recommendations

- 2.1. To determine the application for a new premises licence under Section 17 of the Licensing Act 2003;
- 2.2. These premises are located in the Angel and Upper Street Cumulative Impact Area therefore the Licensing Sub-Committee will need to consider Licensing Policy 3, which states that there is a presumption of refusal unless the Sub-Committee is satisfied that there will be no adverse cumulative impact on the licensing objectives.
- 2.3. If the Licensing Sub-Committee grants the application it should be subject to:
 - i. Conditions prepared by the Licensing Officer which are consistent with the Operating Schedule (see appendix 3); and
 - ii. Any conditions deemed appropriate by the Licensing Sub-Committee to promote the four licensing objectives.

3. Background

- 3.1. This new premises licence application was received by the licensing service on 30th November 2023. The application and any supporting documents are detailed at Appendix 1 of this report.
- 3.2. During the consultation period there were representations from the Metropolitan Police and the Council's noise service. Through engagement with the applicant, both Responsible Authorities agreed conditions of approval and withdrew their representation. These conditions of approval are detailed at Appendix 3 of this report.
- 3.3. At the time of writing this report there were outstanding representations from two local residents and one local councillor. These representations are detailed at Appendix 2 of this report.

4. Implications

4.1. Financial Implications

- 4.1.1. The Head of Finance reports that the applicant has paid the application fee of £190.00. Should the application be refused, the fee is not refundable.

4.2. Legal Implications

- 4.2.1. The legal implications are set out in Paragraph 2.
- 4.2.2. Legal advice will be provided at the meeting of the Licensing Sub-Committee as necessary.

4.3. Environmental Implications and contribution to achieving a net zero carbon Islington by 2030

- 4.3.1. The Licensing Sub-Committee need to consider the impacts that that proposals will have on the environment. An impact is defined as any change to the environment, whether positive or negative, wholly or partially resulting from Council activities. Almost all human activity has some impact on the environment, and it is very unlikely that any activity will not have any implications.

4.4. **Equalities Impact Assessment**

- 4.4.1. The council must, in the exercise of its functions, have due regard to the need to eliminate discrimination, harassment and victimisation, and to advance equality of opportunity, and foster good relations, between those who share a relevant protected characteristic and those who do not share it (section 149 Equality Act 2010). The council has a duty to have due regard to the need to remove or minimise disadvantages, take steps to meet needs, in particular steps to take account of disabled persons' disabilities, and encourage people to participate in public life. The council must have due regard to the need to tackle prejudice and promote understanding.
- 4.4.2. An Equalities Impact Assessment is not required in relation to this report, because this is a decision relating to a Premises Licence application under the Licensing Act 2003.

4.5. **Planning implications**

- 4.5.1. The property is within Angel Conservation Area.
- 4.5.2. There are no planning objections regarding the proposed use or relevant restrictions in relation to opening hours.
- 4.5.3. There are no enforcement cases open in relation to the property.
- 4.5.4. As such, the planning department has no further comments on the application.

5. **Conclusion and reasons for recommendations**

- 5.1. That the Licensing Sub-Committee determines this application.

- 15. Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:**

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or

- is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any premises licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have an entitlement to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity. They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified), or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

Documents which demonstrate entitlement to work in the UK

- A Registration Certificate or document certifying permanent residence issued by the Home Office to a national of a European Economic Area country or Switzerland.
- A Permanent Residence Card issued by the Home Office to the family member of a national of a European Economic Area country or Switzerland.

- A birth or adoption certificate issued in the UK, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A birth or adoption certificate issued in the Channel Islands, the Isle of Man or Ireland **when produced in combination with** an official document giving the

person's permanent National Insurance number and their name issued by a Government agency or a previous employer.

- A certificate of registration or naturalisation as a British citizen, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A **current** passport endorsed to show that the holder is allowed to stay in the UK and is currently allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity.
- A **current** Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder which indicates that the named person can currently stay in the UK and is allowed to work relation to the carrying on of a licensable activity.
- A **current** Residence Card issued by the Home Office to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights or residence.
- A **current** Immigration Status Document containing a photograph issued by the Home Office to the holder with an endorsement indicating that the named person may stay in the UK, and is allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A Certificate of Application, **less than 6 months old**, issued by the Home Office under regulation 18(3) or 20(2) of the Immigration (European Economic Area) Regulations 2016, to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence.
- Reasonable evidence that the person has an outstanding application to vary their permission to be in the UK with the Home Office such as the Home Office acknowledgement letter or proof of postage evidence, or reasonable evidence that the person has an appeal or administrative review pending on an immigration decision, such as an appeal or administrative review reference number.
- Reasonable evidence that a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence in exercising treaty rights in the UK including:
 - evidence of the applicant's own identity – such as a passport,
 - evidence of their relationship with the European Economic Area family member – e.g. a marriage certificate, civil partnership certificate or birth certificate, and
 - evidence that the European Economic Area national has a right of permanent residence in the UK or is one of the following if they have been in the UK for more than 3 months:

- (i) working e.g. employment contract, wage slips, letter from the employer,
- (ii) self-employed e.g. contracts, invoices, or audited accounts with a bank,
- (iii) studying e.g. letter from the school, college or university and evidence of sufficient funds; or
- (iv) self-sufficient e.g. bank statements.

Family members of European Economic Area nationals who are studying or financially independent must also provide evidence that the European Economic Area national and any family members hold comprehensive sickness insurance in the UK. This can include a private medical insurance policy, an EHIC card or an S1, S2 or S3 form.

Original documents must not be sent to licensing authorities. If the document copied is a passport, a copy of the following pages should be provided:

- (i) any page containing the holder's personal details including nationality;
- (ii) any page containing the holder's photograph;
- (iii) any page containing the holder's signature;
- (iv) any page containing the date of expiry; and
- (v) any page containing information indicating the holder has permission to enter or remain in the UK and is permitted to work.

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

Dear Terrie,

I object to this application on the basis that the suggestion of a brunch menu conflicts with the aspiration to stay open to 11pm, and which suggests that vertical drinking will take place, and which in turn risks conflicting with the policy of not adding to the negative amenity of the cumulative impact area.

I do not wish to act as a witness for the resident.

Thanks and regards,

Dear Ryan,

Can we please be absolutely clear that this does not impact on the cumulative impact area. I am slightly concerned that the applicant refers to adding a 'brunch menu' but wishes to stay open until 23:00. I think this needs to be clarified.

NAME [REDACTED]

ADDRESS: [REDACTED]

I am making comments in relation to the application for a new licence at Brunch on the Green, 34 Islington Green

I am a resident of [REDACTED] The property has a glass front door and deliveries to residents are frequently left in the lobby visible to persons outside. In the past we have had trouble with unauthorised entry (police called) and theft of packages. While not confirmed to be related to abuse of any licensing terms, associated noise and rowdyism suggests this has been a feature of some disturbances.

I find it rather strange that an establishment calling itself **Brunch** on the Green – requires an alcohol licence to 11 pm each night of the week.

Accepting this application as it has been made can only increase the risk of crime and public order disturbance and is likely to concern especially single occupants of the Flats. The Licensing Service needs to consider whether such a risk is acceptable to minimisation of crime and disorder.

I noted the licensing times at a public house in the Leicester Square area where the end times for weekend days are different to those during the week.

I am not opposing granting a new licence but would urge the Licensing Service to consider appropriate times when alcohol can be served. I assume that Islington Borough Council will take full responsibility for any damage to persons or property directly resulting from any new licence granted to this establishment.

Many thanks for consideration of my comments.

Yours faithfully

24.12.2023.

Dear Sirs,

I write to object to the granting of a premises licence in respect of the above application.

There is likely, given that the application to sell alcohol is for 11am to 11pm, that public nuisance (e.g. excess rubbish) is inevitable. Likewise crime and disorder. Public safety would for the same reason be at risk. Above all, the question of the Councils Saturation Policy come into the equation. Camden Passage is already over saturated with alcohol outlets. It is time the Council get a grip.

Yours faithfully,
