3. Background

3.1 Papers are attached as follows:-

- Appendix 1: application form, including current licence;
- Appendix 2: representations;
- Appendix 3: map of premises location.

3.2 The licensee was first granted a licence for these premises by the Licensing Sub-Committee on 15 December 2011. There was a subsequent variation application for extension of hours refused by Licensing Sub- Committee on 10 March 2012.

3.3 The premises was found trading after hours on Saturday 23 January 2016. In addition when officers requested the CCTV as required by the premises licence. These images were not provided which was an additional breach of the licence conditions for the premises.

3.4 The premise is located in the Finsbury Park Cumulative Impact Policy Area.

3.5 The applicant has proposed no additional measures in their operating schedule to promote the licensing objectives.

4. Planning Implications

4.1 Planning has reported that they have no objections to the application.

5 Recommendations

5.1 To determine the application for a variation of the premises licence under Section 34 of the Licensing Act 2003.

5.2 To consider that this address is in a Saturation or "Cumulative Impact Policy" of Islington. This special policy creates a rebuttable presumption that applications for new premises licences, club premises certificates, or variation applications that are likely to add to the existing

cumulative impact will normally be refused, unless the applicant can demonstrate why the operation of the premises involved will not add to the cumulative impact or otherwise impact adversely on the promotion of the licensing objectives.

5.3 If the Committee grants the application it should be subject to:

- i. conditions of the existing premises (see appendix 1).
- ii. any additional conditions deemed appropriate by the Committee to promote the four licensing objectives.

6 Conclusion and reasons for recommendations

6.1 The Council is required to consider this application in the light of all relevant information, and if approval is given, it may attach such conditions as appropriate to promote the licensing objectives.

Notes for Guidance

This application cannot be used to vary the licence so as to extend the period for which the licence has effect or to vary substantially the premises to which it relates. If you wish to make that type of change to the premises licence, you should make a new premises licence application under section 17 of the Licensing Act 2003.

1. You do not have to pay a fee if the only purpose of the variation for which you are applying is to avoid becoming liable to the late night levy.
2. Describe the premises. For example the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place for consumption of these off-supplies, you must include a description of where the place will be and its proximity to the premises.
3. Where taking place in a building or other structure please tick as appropriate (indoors may include a tent).
4. For example state type of activity to be authorised, if not already stated, and give relevant further details, for example (but not exclusively) whether or not music will be amplified or unamplified.
5. For example (but not exclusively), where the activity will occur on additional days during the summer months.
6. For example (but not exclusively), where you wish the activity to go on longer on a particular day e.g. Christmas Eve.
7. Please give timings in 24 hour clock (e.g. 16:00) and only give details for the days of the week when you intend the premises to be used for the activity.
8. If you wish people to be able to consume alcohol on the premises, please tick 'on the premises'. If you wish people to be able to purchase alcohol to consume away from the premises, please tick 'off the premises'. If you wish people to be able to do both, please tick 'both'.
9. Please give information about anything intended to occur at the premises or ancillary to the use of the premises which may give rise to concern in respect of children regardless of whether you intend children to have access to the premises, for example (but not exclusively) nudity or semi-nudity, films for restricted age groups or the presence of gaming machines.
10. Please list here steps you will take to promote all four licensing objectives together.
11. The application form must be signed.
12. An applicant's agent (for example solicitor) may sign the form on their behalf provided that they have actual authority to do so.
13. Where there is more than one applicant, each of the applicants or their respective agents must sign the application form.
14. This is the address which we shall use to correspond with you about this application.

Licensing Authority Representation: Licensing Act 2003**Application: 231 Seven Sisters Road. N4 2DA**

I am submitting a representation on behalf of the Licensing Authority with respect to the variation application for the above premises to extend the hours for sales of alcohol:

- From 8am to 11pm Monday to Sunday to 8am, to 1am Sunday to Thursday and 8am to 2am Friday and Saturday

The grounds for the representation are:

- Public nuisance
- Crime and disorder

Commitment to high standards of management

Issues of Concern

1. The premises are located within the Finsbury Park Cumulative Impact policy area. The onus is on the applicant to demonstrate that these premises will not add to the cumulative impact. The applicant has not done this in the operating schedule. There are a high number of licensed premises in the vicinity and it is our opinion that the proposed application will add to the cumulative impact.
2. The premises currently operate within the Council's framework hours. Extending these hours would add to the impact on the emergency services and local residents.
3. The licensing authority receives regular complaints from local residents and businesses about anti-social behaviour emanating from late night premises in the area. Licensing officers regularly visit the area and have worked with local licensed operators to minimise the impact their businesses have on the local environment, for example through the successful introduction of the "reduce the strength" campaign. There is a specific concern about the impact of street drinking in the area.
4. In 2015 Licensing and Trading Standards received complaints that the premises was selling alcohol after hours and selling to under age customers. In December 2015 and January 2016 licensing officers witnessed the sale of alcohol out of permitted hours, several licence conditions not being complied with and the CCTV was not working. Mr Mustafa Gunay and Mr Yilmaz Kaya were the licence holder and DPS at that time.
5. The current DPS is Mr Yilmaz Kaya who was DPS on 6.1.12 when there was unauthorised sales of alcohol at the premises, breach of conditions, alcohol was ordered to be removed from the premises and he was invited to an interview and received verbal and written warnings.

Recommendation

In order to promote the licensing objectives it is recommended that this application is refused unless the applicant is able to demonstrate compliance with licence conditions, high standards of management and a rebuttal of the Council Licensing Policy.

These premises are located in the Holloway and Finsbury Park Cumulative Impact Area therefore the Licensing Committee will need to consider Licensing Policy 2, which states that there is a presumption of refusal unless the Committee is satisfied that there will be no adverse cumulative impact on the licensing objectives.

Licensing Act 2003**Representation from Islington Public Health department on behalf of health bodies providing services in Islington****FINSBURY SUPERMARKET, 231 SEVEN SISTERS ROAD, LONDON, N4 2DA**

We are submitting a representation in response to the application for a variation in the licence for the above premise, which would see an increase in the hours permitted for the sale of alcohol. Specifically, the premise has applied to vary the sale of alcohol to 1am on Sunday-Thursday and 2am Friday-Saturday, which takes the hours of operation outside of the framework hours specified within Islington's licensing policy. This representation is on behalf of Islington's Public Health Department, which is a responsible authority.

The impact of alcohol is particularly great in Islington with some of the greatest levels of alcohol-related problems in London, including:

- the highest rate of alcohol-specific hospital admissions in London in 2014/14,
- and the second highest rate of claimants of incapacity benefit where the main medical reason for being a claimant is alcoholism compared in London in 2015.

The premise is located on Seven Sisters Road, which is located in the Finsbury Park ward. The location is within the Finsbury Park/Holloway Road Cumulative Impact Area, described in Islington's Licensing Policy 2013-2017. The area already experiences significant alcohol-related harm, as described below.

The grounds for the representation are:

- public safety,
- the prevention of crime and disorder, and
- the prevention of public nuisance.

The relevant policies in Islington's Licensing Policy

- Policy 2: Cumulative impact and saturation
- Policy 4: Shops selling alcohol
- Policy 7: Licensing hours

We are concerned that if this application to extend the opening hours is granted, it will increase the availability of alcohol for consumption off premise. This could lead to an increase in public nuisance, crime and disorder and impact adversely on health of both those buying and consuming the alcohol, as well as the health of others who come in contact with them.

This premise would add to the impact of existing licenced premises in an area which already has high density of premises. At the time of writing this representation, there were 12 off licences within a 250m¹ walk of the premise. Additional outlets supplying alcohol will be detrimental to the local residents in terms of noise and disturbance, anti-social behaviour and crime.

Impact of alcohol on health in Islington

The impact of alcohol on health in Islington is particularly severe. Alcohol misuse imposes a major preventable burden to health and the effect of this is felt across all health services in Islington.

There is a growing body of evidence that an increased number of alcohol outlets results in significant increases in both alcohol consumption and alcohol-related harm, including injury, violence and medical harm. Evidence from a number of countries indicates reducing alcohol outlet density can have an impact on reducing violence and problem drinking. There is also evidence that changes in hours or

¹ Distances calculated using www.walkit.com/london

days of trading can have a significant impact on volume of alcohol consumed and rates of alcohol related problems.²³⁴⁵⁶

Harm from alcohol in the vicinity of Finsbury Supermarket

Ambulance callouts

The data on alcohol-related ambulance callouts reflect where the ambulance attended, not where the individual lives, and therefore includes people who live outside the borough but who come into Islington to work, socialise, and require an ambulance whilst within the borough. Alcohol related ambulance call-outs highlight the immediate harms of alcohol on health and thus the risk to physical safety that alcohol causes. The London Ambulance Service records the callout at Lower Super Output Area (LSOA) level, a geographical area in which an average 1,500 residents live. The LSOA in which Finsbury Supermarket is located (E01002734), experienced 60 alcohol-related ambulance callouts in 2014/15, which compares to an average of 21 across LSOAs in Islington. This was the seventh highest number of alcohol-related callouts among Islington's LSOAs. In the area within a 250 m radius of this off license, there were 17 alcohol related ambulance callouts in 2014/15. An alcohol-related ambulance call-out is an indicator that public safety has been compromised by alcohol and many are related to crime and disorder. Local analysis shows a general trend that ambulance callouts increase as the number of licensed premises increases.

Conclusion

Islington experiences some of the highest levels of alcohol-related harm in London and the cumulative availability of alcohol is one area that is likely to be impacting on this.

There is already good availability of alcohol in the area around Finsbury Supermarket. There is evidence that increased availability of alcohol, both in terms of the time period in which alcohol is available (hours of sale) and number of premises from which alcohol is available, results in an increase in alcohol-related harm. One effect of this is increased pressure and costs to the NHS. The impacts are also felt across a range of groups including the Council, policing and the community as a whole.

Recommendation

Islington's Public Health Department recommends that the application for a licence variation related to the extension of hours to supply alcohol at Finsbury Supermarket 231 Seven Sisters Road N4 2DA is refused on the grounds that there is already sufficient supply in an area that is already experiencing high levels of alcohol-related harm.

Mr Mehmet KAYA
231 Seven Sisters Road
London
N4 2DA

Dear Sir

Re: Application to Vary a Premises Licence; 231 Seven Sisters Road, N4 2DA – Gunay Supermarket

With reference to the above application, I am writing to inform you that the Metropolitan Police, as a Responsible Authority, will be objecting to this application as it is our belief that if granted the application would undermine the Licensing Objectives, being the Prevention of Crime and Disorder.

The venue is situated in the designated 'Finsbury Park/Holloway Road Cumulative Impact Area'; a locality where there is traditionally high crime and disorder. There are over 35 licensed premises within a 250m radius of your proposed venue. Islington has almost double the national average of licensed premises per resident, and this is why the Police supported the implementation of the Council's Cumulative Impact Policy. This large number of licensed premises and the issues associated with these impacts greatly on the Police and all other emergency service's resources.

The applicant is requesting varying their licensable hours from a midnight closure seven days a week to opening until 0100 hours Sunday to Thursday and until 0200 hours on a Friday and Saturday. The venue currently operates within the policy framework hours, to extend this we believe would exacerbate the issues emergency services already deal with on a regular basis in the area.

Further to this, there is no mention in the application how they would not add to the cumulative impact, and have offered no additional or tightening of conditions.

I have also emailed the applicants agent requiring urgent proof of the applicants date of birth and home address – I have as yet not had a reply.

It is for all these reasons that we are objecting to the application, and propose that it is refused.
