

Report for: Joint Health and Wellbeing Sub Committee

Date: 9 October 2017

Title: Update on the North Central London Sustainability and Transformation Plan

Report authorised by : Tony Hoolaghan, Chief Operating Officer, Haringey CCG and Islington CCG

Lead Officer: Tony Hoolaghan, Chief Operating Officer, Haringey CCG and Islington CCG

1. Describe the issue under consideration

This paper presents an update on the North Central London (NCL) Sustainability and Transformation Plan (STP)

2. Recommendations

- 2.1 The Haringey and Islington Health and Wellbeing Board Joint Sub Committee is asked to note the report.

3. Background information

- 3.1 North London NHS organisations are working together with the five councils of Barnet, Camden, Enfield, Haringey and Islington to form a health and social care partnership. We have developed a plan to improve the health and wellbeing of local people by making our local health and social care services more sustainable for the future. We have called this joint initiative 'North London partners in health and care'. This report provides an update on progress to date.

4. Contribution to strategic outcomes

- 4.1 Contributes towards achievement of financial balance and ambitions set out within both Haringey and Islington Health and Wellbeing Strategies

5. Statutory Officers comments

5.1 Legal and Finance

This development complies with Section 195 of the Health and Social Care Act 2012 (duty to encourage integrated working), which provides that, a Health and Wellbeing Board must, for the purpose of advancing the health and wellbeing of the people in its area, encourage persons who arrange for the provision of any health or social care services in that area to work in an integrated manner.

8.0 Environmental Implications

There are no significant environmental impacts related to the development of the STP for North central London. However, improved integration and joint working can help reduce duplication, which in turn can have a positive impact on the environment.

9.0 Resident and Equalities Implications

The Council must, in the exercise of its functions, have due regard to the need eliminate discrimination, harassment and victimisation, and to advance equality of opportunity, and foster good relations, between those who share a relevant protected characteristic and those who do not share it (section 149 Equality Act 2010). The council has a duty to have due regard to the need to remove or minimise disadvantage, take steps to meet needs, in particular steps to take account of disabled persons disabilities, and encourage people to participate in public life. The council must have due regard to the need to tackle prejudice and promote understanding. No specific resident impact assessment is required in regard to this report.
