

Resident Impact Assessment

Domestic Boiler Installations and Responsive Repairs and Servicing

Service Area: Housing

1. What are the intended outcomes of this policy, function etc?

The existing Domestic Boiler Installations and Responsive Repairs and Servicing Contract for the north of the borough end in October 2019. Proceeding with a contract extension will bring the contract period into line with our other gas contract in the south of the borough which ends in May 2020.

An extension will ensure minimum impact on our residents during the winter months and enable the council to undertake a full compliant and robust procurement process, with sufficient lead in time before the 1st June 2020; it will also ensure business continuity until that time.

2. Resident Profile
