### 3. Equality impacts

With reference to the [guidance](#), please describe what are the equality and socio-economic impacts for residents and what are the opportunities to challenge prejudice or promote understanding?

The actions outlined in the Action Plan are unlikely to be discriminatory for people with protected characteristics. Neither is it likely to have a negative impact on equality of opportunity for those with protected characteristics. Also it is unlikely to have a negative impact on good relations between communities of people with protected characteristics and communities of people without protected characteristics.

It has been shown that those with socio-economic disadvantage tend to living in places with higher pollution and are more affected by pollution and suffer worse health outcomes.

### 4. Safeguarding and Human Rights impacts

#### a) Safeguarding risks and Human Rights breaches

Please describe any safeguarding risks for children or vulnerable adults AND any potential human rights breaches that may occur as a result of the proposal? Please refer to **section 4.8** of the [guidance](#) for more information.

There are no identified safeguarding risks. The results of the actions in this strategy will be to improve the health of all residents and particularly those that live or spend large amounts of time in the most polluted parts of the borough as well as those with socio-economic disadvantage.

If potential safeguarding and human rights risks are identified, then **please contact [equalities@islington.gov.uk](mailto:equalities@islington.gov.uk) to discuss further:**

### 5. Action

How will you respond to the impacts that you have identified in sections 3 and 4, or address any gaps in data or information?

For more information on identifying actions that will limit the negative impact of the policy for protected groups see the [guidance](#).

Action	Responsible person or team	Deadline
The impacts are positive for the health of all that live in Islington and in particular for those with socio-economic disadvantage. However, we will continue to review the situation.	Pollution Team	ongoing

Please send the completed RIA to [equalites@islington.gov.uk](mailto:equalites@islington.gov.uk) and also make it publicly available online along with the relevant policy or service change.
