### **3. Background**

## Introduction

- 3.1 The 2019 actuarial valuation is now completed and as part of the process preparatory work was undertaken to determine the funding position and investment strategy review that could support sustainable contributions from employers.
- 3.1.1 The Pensions Sub-Committee agreed a revised investment strategy for the Fund at its November 2014 meeting. The revised strategy maintained the Fund's 75% growth, 25% defensive split and included a 15% flexible allocation to infrastructure and social housing. Most of this strategy is now implemented bar Social Housing with the allocation between the assets dependent on market conditions.
- 3.1.2 At the June 2019 meeting, Members agreed a best estimate investment return of CPI +3.2% and risk budget to support the desired level of contributions over the recovery period of 19 years. An asset allocation profile was also agreed and training was received on some of the newer assets.
- 3.1.3 The report prepared by Mercer at the March 2020 agenda re-evaluated the above position in the current market outlook and performed some analysis to determine if the desired contribution could be supported through the existing strategy and investment returns. The risk and return target options were also discussed and a new target investment return of CPI + 2.7 or 2.8% was proposed with asset allocation changes that would support the short to medium term net negative cashflow position of the Fund and also achieve our decarbonisation and governance goals.
- 3.1.4 The Chair was consulted on the target and agreed it as part of the process to finalise the 2019 Actuarial Valuation that had to be signed off by 31 March 2020.
- 3.1.5 Mercer have prepared a further update on next steps to implement some of the proposed changes to the strategic asset allocation as part of the agreed investment strategy. The report discusses the implementation of Multi Asset Credit asset allocation.
- 3.1.6 Members are asked to receive the presentation from Mercer and agree the next steps and a further update report on progress at the next meeting in September.
