

**London Borough of Islington
2019-20 Final Annual Governance Statement**

1. Scope of responsibility

1.1. Islington Council is responsible for ensuring that its business is conducted in accordance with the law and that public money is safeguarded and properly accounted for and used economically, efficiently and effectively. Additionally, the Council has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.

1.2. In discharging this overall responsibility, the Council is responsible for putting in place proper arrangements for the governance of its affairs and facilitating the effective exercise of its functions, which includes arrangements for the management of risk. The Council has approved and adopted a code of corporate governance which is consistent with the seven principles of the CIPFA/SOLACE framework Delivering Good Governance in Local Government 2016. A copy of the code is on our website, included in the Council's Constitution.

1.3. This statement explains how the Council has complied with the code and also meets the requirements of Regulation 6 (Part 2) of the Accounts and Audit Regulations 2015 in relation to the publication of an Annual Governance Statement. In line with the CIPFA/SOLACE framework, this statement is "an open and honest self-assessment" of the Council's performance across all of its activities and:

- Describes the key elements of the Council's governance arrangements, covering all corporate systems and the range of activities for which the Council is responsible;
- Describes processes applied in reviewing their effectiveness, and
- Lists actions proposed to deal with significant governance issues identified.

2. The purpose of the governance framework

2.1. The governance framework comprises the systems, policies, processes, culture and values by which Islington Council is directed and controlled and its activities through which it accounts to, engages with and leads the community. It enables the Authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost effective services.

2.2. The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide

reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

- 2.3. The governance framework described in this document has been in place at Islington Council for the year ended 31 March 2020 and up to the date of approval of the Statement of Accounts.

3. The governance framework

This section describes the key elements of Islington Council's governance arrangements.

3.1. ***Developing codes of conduct which define standards of behaviour for members and staff, and policies dealing with whistleblowing and conflicts of interest and ensuring that these codes and policies are communicated effectively.***

- 3.1.1. The Council expects the highest standard of conduct and behaviour from all its Members and officers. Responsibility for promoting, developing and maintaining these high standards lies with the Audit Committee, supported by the Standards Committee. The Standards Committee is responsible for considering complaints regarding alleged breaches of the Members' Code of Conduct. The Audit Committee receives an annual report on Member conduct. In accordance with the Localism Act 2011, the Council has appointed Independent Persons who have statutory functions in relation to the process for dealing with complaints of breach of the Code.
- 3.1.2. Part 6 of the Constitution contains the revised Members Code of Conduct, which sets out the rules for registering and declaring interests; it also includes protocols on Member/Officer Relations, Financial Regulations and Procurement Rules, and the Members Call for Action.
- 3.1.3. Part 7 of the Constitution contains the Members' Allowance Scheme, which includes details on Members' eligible expenses. The scheme is reviewed annually taking into account advice and recommendations of the London Council's Independent Remuneration Panel.
- 3.1.4. An Employee Code of Conduct is reviewed, revised and publicised to staff.
- 3.1.5. The Council has established a whistle blowing policy in accordance with the requirements of the 1998 Public Interest Disclosure Act. This forms part of the Council's Anti-Fraud Policy. The Audit Committee reviews and updates the whistle blowing policy and receives a report concerning

whistleblowing bi-annually. The updated policy was approved by Audit Committee on 31 January 2019.

- 3.1.6. The whistle blowing policy is publicised to staff via the corporate induction process, internal newsletters and on the Council's intranet and internet sites. The policy encourages employees to report inappropriate action by other employees, Members and external Council contractors, without fear of victimisation or retribution. Whistle blowing referrals are promptly investigated by Internal Audit, where appropriate, after initial referral to the Head of Internal Audit.
- 3.1.7. The Council has a formal two-stage process for managing complaints. Our aim is to ensure that when things go wrong, we respond quickly to put things right. The process is set out on the Council's website and copies are available from the Central Complaints Team.
- 3.1.8. The Council has a Corporate Complaints Team responsible for the overall management of complaints. Its aim is to ensure the Council learns and improves its performance as a result of customer feedback. Departmental Complaints Officers record and report on all complaints, and the service response is monitored.
- 3.1.9. Customers and residents who are dissatisfied with how the Council has dealt with a complaint can contact the Local Government and Social Care Ombudsman or the Housing Ombudsman; an independent, impartial and free service. The Ombudsman has powers to independently investigate complaints about how the Council has acted.

3.2. *Ensuring compliance with relevant laws, regulations, internal policies and procedures, and that expenditure is lawful.*

- 3.2.1. The Council's Personnel Sub-Committee is responsible for the appointment (save on an interim basis) of Corporate Directors, Service Directors, statutory chief officers and for making a recommendation to Council on the appointment of the Chief Executive. The committee is comprised of both members of the Executive and back-bench members of the Council and appointments are made in accordance with the Recruitment Protocol. The members of the Personnel Sub-Committee participate in some of the preliminary decisions prior to the formal meetings of the committee, such as longlisting, and have an important role in helping to shape the recruitment process.
- 3.2.2. In accordance with the Officer Employment Rules in Part 4 of the Council's Constitution, the appointment and dismissal of non-chief officers will be discharged by the Chief Executive or the Corporate Director of the department in which that officer is employed. The Chief Executive and Corporate Directors may delegate this function to Service Directors, Heads of Service and Service Managers in their department.

- 3.2.3. A new Chief Executive started in post at the Council in September 2019 and a new Corporate Director of Resources began in April 2020.
- 3.2.4. Chief Officers are responsible for ensuring that their staff operate in accordance with human resources policies, and the Code of Conduct for Employees promote high standards of behaviour and are reinforced by appropriate training. As well as providing legal support on specific projects and issues, the Council's Legal Service provides proactive updates, training and advice to Chief Officers, staff and Members on new legislation and case law developments and changes to existing legislation and regulations. All decision making reports to the Council, its Committees and the Executive include appropriate legal implications. Legal Services also provide legal implication comments for reports to Chief Officers and to meetings of the Corporate Management Board. A representative of the Service attends all Council, Executive, Planning and Licensing meetings and other meetings when requested.
- 3.2.5. The Internal Audit service produces an annual plan, which identifies key strategic and operational risks facing the Council and sets out a programme of work designed to provide assurance to the Section 151 Officer, Management and Members that the Council complies with relevant laws, regulations, internal policies and procedures. All internal and external audit reports are available to the Audit Committee, which also receives an annual report on the primary risks facing the Council.

3.3. Documenting a commitment to openness and acting in the public interest.

- 3.3.1. The Council's Constitution, through the Local Code of Corporate Governance sets out the Council's commitment to:
- Focus on the purpose of the authority and on outcomes for the community;
 - Work effectively with officers to achieve a common purpose, whilst understanding the clearly defined different functions and roles;
 - Promote the values of the authority and demonstrate the values of good governance by upholding high standards of conduct and behaviour;
 - Take informed and transparent decisions which are subject to effective scrutiny;
 - Develop their own capacity and capability;
 - Engage with local people and other stakeholders.
- 3.3.2. The Council also sets out its commitment to Freedom of Information and Environmental Information Regulations in its Access to Information Policy. The Council sets out its commitment to complying with Individual Rights, as set out in the General Data Protection Regulation, in the Individuals Rights Policy.
- 3.3.3. A comprehensive Data and Information Management policy suite is in place to ensure staff are aware of their obligations to keep personal data

secure. All staff are also briefed on Data Protection and Information Governance responsibilities via 'pop-up' training, and must complete two mandatory eLearning courses on GDPR and data handling.

- 3.3.4. The Council has an Information Asset Register and a Record of Processing Activity in place to ensure that it manages its information and identified and mitigates any risks efficiently.
- 3.3.5. The Information Commissioner's Office (ICO) carry out compulsory audits or ask organisations to participate in a 'consensual' audit. The Council participated in a consensual audit by the ICO in 2015. The Council are required by law to refer data breaches to the ICO where they meet the threshold for reporting. The Council reported two incidents in 2019-20 and both were closed with no further action as the ICO were satisfied with the remediation actions undertaken by the Council. Individuals are also entitled to escalate complaints to the ICO, these arise either from a Freedom of Information (FOI) or Data Protection (DP) concern (late/incomplete subject access request, alleged data breach etc). The ICO can issue a decision notice in response to an FOI complaint (this can be for or against the Council). The ICO can also issue practice recommendations or fines in relation to breaches of DP legislation (e.g. breach of data or another breach of legislation such as failing to respond to a subject access request in one month). The Council have had no decision notices or practice recommendations issued in 2019-20.

3.4. *Establishing clear channels of communication with all sections of the community and other stakeholders, ensuring accountability and encouraging open consultation.*

- 3.4.1. The Council regularly engages and consults with residents and the wider community on a diverse range of issues. Various communication channels are used, including council websites, email, social media channels, public meetings and the quarterly magazine delivered to residents. Surveys of residents are undertaken (most recently in 2018) to test perceptions of the Council, its services, and the priorities for residents. The findings are used to shape policy and communications.
- 3.4.2. Through its Fairer Together programme, the Council has established channels of communication with different sections of the community, enabling community groups and voluntary sector organisations to co-develop our aspirations for a fairer Islington with collaboration and partnership between different community stakeholders. This work, will build on our Voluntary and Community Sector Strategy 2016-2020 to support the development of a strong, vibrant and resilient voluntary and community sector.
- 3.4.3. The Council facilitates a number of networks with community partners in particular for voluntary sector organisations and faith communities working to promote equalities outcomes for communities with protected

- 3.4.8. Council meetings are open to the public; the only exception is for agenda items that are confidential. The time, date and location of public meetings are displayed on the Islington website.
- 3.4.9. Ward partnership meetings provide a means for councillors to engage with residents and organisations in their ward to discuss local issues. Those meetings are open to the public.

3.5. *Developing and communicating a vision which specifies intended outcomes for citizens and service users and is used as a basis for planning and translating the vision into courses of action for the authority, its partnerships and collaborations.*

- 3.5.1. The central aim of the Council's Administration is to make Islington a fairer place. The Council's priorities to achieve its vision of a fairer Islington are set out in 'Building a Fairer Islington' our Corporate Plan for 2018-22.

The External Audit is factored into the work plan of the Resources Directorate and adequate resources are devoted to this. Information needed by the External Auditors is provided promptly and the Council remains in regular dialogue with the External Auditors throughout the year.

3.18. *Incorporating good governance arrangements in respect of partnerships and other joint working and ensuring that they are reflected across the authority's overall governance structures.*

- 3.18.1. The Council works in partnership with a wide range of organisations from the statutory sector, third sector and business sector to deliver services for local people and drive forward improvements in Islington. Partnership working includes different types of relationships – from contractual arrangements between the Council and other organisations to deliver services or projects through to strategic forums (some of which are required by statute, others voluntary) which bring partners together around the table to agree how best to tackle key challenges and shared priorities. Some have funding to allocate and targets to meet, others provide a steer to inform individual partners' priorities and commissioning.
- 3.18.2. Governance arrangements vary depending on the nature of partnership working but are designed to ensure that the partnership remains appropriate, effective and fit for purpose. In addition, the Council's Financial Regulations provide guidance on best practice in managing partnership arrangements.
- 3.18.3. Where the relationship is a contractual one i.e. funding to deliver an agreed service, the contract or service level agreement will set out requirements around use of funding, what is to be delivered, targets, measurable outputs and how the contract is to be monitored, reviewed and evaluated. Contracts and budgets are managed by the relevant department with the Corporate Director having overall responsibility.
- 3.18.4. Where the relationship is a strategic one, for instance membership of a partnership such as the Safer Islington Partnership, the Terms of Reference will set out governance and accountability arrangements.
- 3.18.5. Generally speaking, most partnerships and forums are not legal entities - partners are there on a voluntary basis and the Council is usually the formal accountable body in terms of any targets or funding that falls within the remit of the partnership.
- 3.18.6. Where a partnership is a mandatory requirement, e.g. the Safer Islington Partnership and Children's Trust Boards, there will be an expectation set out in legislation on named partners to attend. Even in the case of non-mandatory partnerships such as the Children and Families Board or the Islington Partnership Board, partners may agree 'mandatory' membership from key organisations.
- 3.18.7. Over the past decade, the Council has worked closely with its partners through the Islington Partnership Board (IPB). The IPB discusses priorities for the borough, shares information about key issues affecting individual organisations and agrees joint working arrangement for cross cutting challenges such as youth unemployment and welfare benefit reforms.
- 3.18.8. Where the partnership involves sharing data then either a contract or an Information Sharing Agreement will be in place.

- 3.18.9. The Health and Wellbeing Board, which includes membership from the Council, Islington Clinical Commissioning Group and Healthwatch Islington provides the mechanism for leadership of the local health and wellbeing system, maintaining an overview of account for improvement in health and wellbeing outcomes, and ensuring effective coordination and integration of commissioning plans to secure best use of resources and population health outcomes.

4. Assurance

4.1 Review of Effectiveness

- 4.1.1. Regulation 6 of Part 2 of The Accounts and Audit Regulations 2015 requires that relevant bodies conduct, at least once in each year, a review of the effectiveness of the system of internal control. The findings of the review must be considered by the body to ensure that it has the system of internal control required by Regulation 3.
- 4.1.2. The Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the executive managers within the authority who have responsibility for the development and maintenance of the governance environment, the Head of Internal Audit's annual report, the Council's self-assessment (as per 4.2 below) and also by comments made by the external auditors and other review agencies and inspectorates.

4.2. Self-assessment

- 4.2.1. In line with section 5 of the CIPFA/SOLACE Delivering Good Governance in Local Government 2016 (guidance notes), the Council holds a comprehensive self-assessment which details the Council's effectiveness in applying principles of good governance in practice.
- 4.2.2. The self-assessment, having been completed for the first time in 2016-17 by key officers across the Council; has been annually updated since. The self-assessment indicated that the Council had achieved a sound level of implementation of good governance principles in a number of areas, with some areas requiring improvement. Directorate level self-assessments were also completed in-year.

4.3. External Audit and Inspectorates

- 4.3.1. The annual external audit of the Statement of Accounts has consistently produced an unqualified opinion with little or no material or immaterial adjustments. The same also applies to the audit of grant claims and returns.
- 4.3.2. Adult Social Care is subject to a regular Peer Review which functions as an external audit of departmental effectiveness. This is coordinated by

London ADASS and the LGA and carried out by peers from other London Authorities.

- 4.3.3. Adult social care reablement and residential services are subject to statutory Care Quality Commission regulation and inspection.
- 4.3.4. Children's Services are subject to the statutory inspection regime from Ofsted, which found the service to be outstanding in March 2020.

4.4. Internal Audit

- 4.4.1. The Public Sector Internal Audit Standards (PSIAS) require that the Head of Internal Audit provides an annual audit opinion and report that can be used by the organisation to inform its governance statement.
- 4.4.2. The Internal Audit plan is developed using a risk-based approach. Internal Audit provide assurance on the actions to mitigate key potential risks through delivery of the audit plan.
- 4.4.3. The audit plan is delivered by the in-house team across the Shared Internal Audit Service (with LB Camden) and a co-sourced partner. The full summary of the work that Internal Audit has undertaken during the 2019-20 financial year, will be provided in the 2019-20 Internal Audit Annual Report to the Audit Committee.
- 4.4.4. Audit recommendations made in 2019-20 will be scheduled for follow up in 2020-21 to ensure that management action has been implemented within agreed timescales. This will provide senior management and the Audit Committee with a direction of travel in the internal control environment across the Council and will identify areas where further improvement is required.

4.5. Head of Internal Audit's Annual Opinion

- 4.5.1. The Head of Internal Audit's annual opinion categories range from No Assurance, Limited Assurance, and Moderate Assurance to Substantial Assurance. The annual opinion given for 2017-18 and 2018-19 was Moderate Assurance.
- 4.5.2. The work undertaken during 2019-20 has enabled the Head of Internal Audit to form a reasonable conclusion on the Council's control framework, risk and governance arrangements. For the year ended 31st March 2020, the Head of Internal Audit's opinion is that the adequacy and effectiveness of the Council's arrangements is Moderate Assurance – overall the Council's systems for control, risk and governance are generally adequate with some improvement required. Revision to assurance ratings and residual risks will be closely monitored through follow-ups in 2020/21. Further detail on audit outputs is provided in the Internal Audit Annual Report.

- 4.5.3. The Head of Internal Audit also concluded that the Internal Audit service continues to be effective, complies with PSIAS, and provides the necessary skills and expertise to deliver a cost effective, value added, service to the Council, its partners and stakeholders. LB Croydon undertook an independent peer review of Islington Internal Audit service in May 2016 to comprehensively review the effectiveness of the Shared Internal Audit Service with LB Camden. It concluded that the audit shared service 'fully conforms' with PSIAS which was the highest rating available. In 2017-18 to 2019-20, a PSIAS self-assessment was conducted to ensure continued compliance with standards. In 2019-20, the Internal Audit service also benefited from ongoing networking and benchmarking across the Cross Council Assurance Service (a consortium of London boroughs drawing on the same framework agreement for co-sourced assurance services).

5. Other areas of Governance and Assurance:

5.1. Resources

- 5.1.1 The Council has a sound process for setting its budget that ensures that estimates are robust and in particular, savings proposals are fully scrutinised to ensure political, managerial and financial deliverability. A detailed and lengthy budget setting process was undertaken through 2019/20 to develop the 2020/21 budget.
- 5.1.2 The Council's in-year budget monitoring process routinely monitors service financial performance and key risks against the budget and looks to put management action in place to deliver the Council's financial outturn within the overall budget. During 2019/20 there has been a consistent underspend across each department. However, the Covid-19 pandemic has resulted in a significant loss of income in the Environment and Regeneration Department., resulting in a final net overspend at outturn.
- 5.1.3 Since 2010, the Council's budget has been subject to major funding cuts which has resulted in the Council having to make circa £250m in savings. Despite this, the Council has set a balanced budget for 2020/21, including implementing the maximum permissible increase in Council Tax of 2.99% and the adult social care precept of 3%. The detailed budget includes savings of £10m in 2020/21. There is currently no certainty over local authority funding beyond 2020/21 although we now understand the Fair Funding review and the Spending Review have been delayed for a further year and so we now anticipate a stand still settlement for 2021/22.
- 5.1.4 Delivering robust financial management including financial control and providing high quality financial advice is a key contributor to the Council's strong financial standing. The unprecedented ask of financial management professionals should be considered in the context of a reduction in financial management resources of over 50% since 2010.

This inevitably adds more risk to financial management processes. Processes and the organisation of those resources are reviewed regularly to mitigate the risk as much as is possible and focus the reduced resource where they are needed most. Any further material reduction in resource, indeed the loss of key personnel would present a significant corporate risk.

- 5.1.5 The Council's Housing Revenue Account (HRA) has benefited over a number of years from a robust and funded 30-year business plan and this continues to be the case over the short/medium and long term. The Welfare Reform and Work Act 2016 imposed a requirement for Local Authorities to reduce rents year on year by 1% over a 4 year period commencing in 2016-17, which had a significant adverse financial impact on HRA. To mitigate against this a number of measures were implemented principally involving rescheduling current borrowing over the term of the 30-year business plan, 2019-20 was the final year of the 1% rent reduction and rents have now been uplifted although from a now reduced base. This has provided a little more certainty for the future.

5.2. People

- 5.2.1 In March 2019 the Children, Employment and Skills directorate and Adult Social Services (formerly part of the Housing and Adults Social Services directorate) were brought together to form one combined directorate, now known as the People Directorate.
- 5.2.2 The Corporate Director of People holds the statutory Director of Children's Services (DCS) role. The DCS is supported by a structure which allows the effective discharge of statutory duties with appropriate seniority and experience held at senior management level.
- 5.2.3 The revised structure and organisational arrangements provide a strong accountability, scrutiny, leadership and management grip on the Council's statutory duties for children in need of help and protection, children in care and care leavers, including early help and benefitting from high educational standards locally. Cultural opportunities for children and young people and employment and training pathways are strengthened as a result of employment, skills and culture services integration into the directorate. Strengthened arrangements between children's services and adults' services are being developed at pace to ensure there is ever greater consistency and continuity for young people as they become adults.
- 5.2.4 Accountability meetings are held with the leader of the Council and the Chief Executive, who hold the lead member for Children and Family Services and the chair of the Children's Safeguarding Board to account. These assurance checks are integral to the decision-making processes of the Council.

- 5.2.5 The quality of work for children in need of help and protection, children looked after and care leavers is scrutinised through Islington's Quality Assurance Framework. Professional leadership is challenged by the Chief Executive and Leader of the Council who hold the Corporate Director, the Lead Member for Children and Families and the Service Director of Safeguarding to account on a quarterly basis. Progress on themes arising from audit and performance data is reported at these meetings.
- 5.2.6 As part of this quality assurance, external and highly qualified professionals in the field carry out service reviews to benchmark against inspection expectations. There are research links with universities that inform practice, and this has led to an Innovation Grant from the DfE on Motivational Social Work, Doing What Counts, and Measuring What Matters.
- 5.2.7 An annual self-assessment is carried out. Social worker caseloads, timeliness of interventions and outcomes for children are monitored at all levels and management oversight is good. The quality, value for money and sufficiency of placements for children is kept under review. An evaluation of Early Intervention has been undertaken, and early findings indicate good impact. Only evidence-based programmes are in use.
- 5.2.8 The Islington Safeguarding Children Board (ISCB) has an independent chair who meets periodically with the Corporate Director as part of the accountability framework. The ISCB annual report is discussed by the Health and Wellbeing Board (HWB), Children and Families Board (CFB) and the Children and Families' Scrutiny Committee. Both the HWB and CFB reflect on the learning and build ISCB recommendations into their respective strategies. There continues to be a strong focus on Child Sexual and Criminal Exploitation through the ISCB's sub group that leads the partnership on this work. The ISCB also oversees multi-agency audits of practice, training and compliance with safeguarding requirements set out in legislation. The Children and Families' Scrutiny Committee have looked at exclusions in schools and how to achieve best practice in this area to support the health and wellbeing of all children and young people, in addition to the annual report on learning and education standards, an annual safeguarding report and quarterly performance reports are also scrutinised by the Committee.
- 5.2.9 The Joint Strategic Needs Assessment includes sections on vulnerable children and those in need of help and protection and is used to determine priorities for both the safeguarding board and for services for children and families. Educational outcomes for Children Looked After and care leavers are scrutinised at the Corporate Parenting Board.
- 5.2.10 The Corporate Parenting Board is co-chaired by the Lead Member for Children and Families and the Chair of the Children's Active Involvement Service. It has strong representation from the Children's Active Involvement Service, and the voice of the child is well evidenced in

individual casework. Budget and change management proposals are scrutinised for impact on the quality of work with children in need of help and protection, children looked after and care leavers and this is included in Equality Impact Assessments.

- 5.2.11 Children's Services were judged outstanding by Ofsted in March 2020. They assessed the impact of leaders on social work practice with children and families as outstanding, the experiences and progress of children who need help and protection as outstanding, and the experiences and progress of children in care and care leavers as good.

5.3. Adult Social Care

- 5.3.1. The Director of Adult Social Care is the statutory DASS, (Director of Adult Social Services) for Islington and reports to the Corporate Director for People. The DASS is responsible for providing professional leadership for all staff involved in delivering the Council's social services functions for adults and across local networks and partnerships involved in the provision of adult social care services. The DASS is also accountable for ensuring that relevant professional and occupational standards and standards of conduct are maintained across adult social care services provided by or commissioned by Islington.
- 5.3.2. The DASS is responsible for market shaping and continuity: commissioning effectively and ensuring the availability and quality of services that people want in order to be in control of their lives. The DASS holds responsibility for safeguarding adults who need care and support from abuse or neglect; when doctors are considering compulsory treatment or admission to psychiatric hospital and/or when people lack capacity to decide and may be restricted of their liberty.
- 5.3.3. The current structures and organisational arrangements provide a strong accountability, scrutiny, leadership and management grip on Islington's statutory duties for vulnerable adults including the duty to provide information, advice and guidance.
- 5.3.4. Assurance checks are integral to the decision making processes of the Council. Professional leadership is challenged by the Chief Executive and Leader of the Council who hold the Director of Adult Social Services, the Deputy Leader (who is also Lead Member for Health and Social Care) and the independent Chair of the Safeguarding Adults Partnership Board to account on a quarterly basis. Progress on themes arising from audit and performance data is reported at these meetings.
- 5.3.5. The Council has a Safeguarding Adults Partnership Board that meets the current requirements for its scope and inclusiveness, chaired by an independent expert in the field who meets with the DASS.

- 5.3.6. The Safeguarding Adults Board oversees Safeguarding Adults Reviews and the implementation of recommendations arising from these reviews across the partnership.
- 5.3.7. The quality of social care practice in Adult Social Care is scrutinised through the quality assurance framework. Themes arising from this are reviewed by senior leaders and used to inform training programmes. Islington is a member of the North London Social Work Teaching Partnership, a consortium working to raise standards of social work education and continuing professional development and staff access continuing opportunities.
- 5.3.8. Approved Mental Health Act Professionals, (AMHPs) are warranted and supervised in line with statutory requirements.
- 5.3.9. The Council has partnership agreements (known as section 75 agreements) with the Camden and Islington Mental Health Foundation Trust, Whittington Health and Islington NHS Clinical Commissioning Group, for the provision and commissioning of health and social care services. The purpose is to ensure cost effective, outcome focused, joined up services for vulnerable people. There are regular meetings between the Chairs and Chief Executives of these organisations and the Council Leader and Chief Executive, and an annual report to the respective Boards and the Council's Executive to ensure that the day-to-day arrangements for collaborative working are meeting the aims of the partnerships and the objectives of the Council.
- 5.3.10. These arrangements have been strengthened in the light of the Better Care Fund and greater inter-dependency of health and social care funding. The partnership agreements and governance have been reviewed and refreshed. The Council and the CCG have also reviewed their respective commissioning structures to ensure better integration and accountability. These arrangements have been formally agreed by the Health and Wellbeing Board in line with national guidance.

5.4. Housing

- 5.4.1. Housing is responsible for managing council residential tenanted and leasehold properties in the borough, either directly or through Partners for Improvement in Islington as part of the Council's two street properties PFI contracts. A Homes and Estates Safety Board, with an independent chair, oversees the particular fire and property-related risks to people in these dwellings. This is part of the overall corporate health and safety arrangements.
- 5.4.2. Housing Property Services have effective arrangements to monitor equipment and stock. Arrangements are in place to actively manage the risk of fraud through prevention and detection techniques.

- 5.4.3. The two long term PFI contracts to manage street council housing are managed by a clienting team with governance via senior management meetings with the PFI board and scrutiny via a range of annual audits carried out by the Council's Internal Auditors.
- 5.4.4. The PFI Integration Board has been set up to oversee the programme of work anticipating the Agreement for Islington HRA PFI (Partners for Improvement) Street Properties Project Two (PFI2) contract coming to an end in July 2022, and services transferring in April 2022. The board is recommending to the Council's Executive that services are integrated into the Council's own housing service. The decision will be considered by Executive in July 2020.
- 5.4.5. The relationship with the 23 Tenant Management Organisations in the borough is managed by the TMO compliance team, supported by internal audit who run an annual programme auditing TMO financial and governance controls.
- 5.4.6. Residents are involved in the prioritisation and governance of the Housing Service via reference groups and representation on Housing Scrutiny Committee.

5.5. Transformation

- 5.5.1. The Council is adopting a new programme management framework to ensure organisation change is well planned and delivers at pace. The approach is using a gateway process to develop business cases for change. Corporate Delivery Board, chaired by the chief executive, is being established. This will be supported by Directorate Delivery Board, ensuring that new initiatives are technically deliverable.
- 5.5.2. All major change projects have a CMB sponsor and an SRO at Service Director level. Highlight reports are produced and reviewed at Directorate Delivery Boards, with Corporate Delivery Board taking a corporate overview and reporting to Members.
- 5.5.3. The Strategy and Change team will provide project support to these change initiatives together with project managers embedded in departments to ensure that appropriate progress is made and linkages and dependencies between projects are picked up. This draws on a wider support network, including financial, ICT, HR, Legal and risk management advice to ensure that barriers to success are identified and addressed.
- 5.5.4. The project planning process has a strong emphasis on return on investment and service managers are asked to sign off on the level of savings potentially achievable before committing them into spending plans. These are then monitored following project completion to ensure they are delivered.

6. Significant governance issues and areas for improvement

6.1. A key element of the annual governance review process is to identify any significant internal control issues. The Council has adopted the approach recommended by CIPFA, which has identified what may be considered generally as a significant issue. These include:

- The issue has seriously prejudiced or prevented achievement of a principal objective;
- The issue has resulted in a need to seek additional funding to allow it to be resolved;
- The issue has resulted in significant diversion of resources from another aspect of the business;
- The issue has led to a material impact on the accounts;
- The Audit Committee, or equivalent, has advised that it should be considered significant for this purpose, or
- The Head of Internal Audit has reported on it as significant in the annual opinion on the internal control environment.

6.2. There were no significant governance issues that met these criteria during 2019-20. However, the following general issues have been highlighted and, in line with good governance arrangements, will be monitored during the year ahead. These include:

Covid 19

- Covid-19 is a new strain of the coronavirus that was first identified in Wuhan City, China in December 2019. The virus has spread rapidly prompting the World Health Organization's declaration that this is a public health emergency of international concern. The UK Chief Medical Officers have raised the risk to the UK to high. The government published its coronavirus action plan on 3rd March 2020, detailing a four-stage response to the outbreak (Contain, Delay, Research and Mitigate). On 12th March, the UK moved from the Contain to the Delay phase. On 16th March, the Prime Minister announced a series of further, far-ranging measures to achieve social distancing for everyone in the UK, whilst protecting older people and vulnerable adults. The measures are in response to disease modelling that shows further action is imperative to slow the current increase in cases and reduce the estimated death rate. On the 17th of March, a £350 billion financial support package was announced by government. The Council continues to monitor and follow national guidance (from central government, the Department for Education, Department of Health and Social Care and Public Health England) with regards to the Covid-19 outbreak, signposting staff to information, guidance and advice pages. We are also launching a communication campaign for Schools, Care Homes and other key services to ensure they are reviewing preparations and following the government guidance. Covid-19 has unsurprisingly had a significant impact on business as usual in service delivery. However, the Council quickly initiated a model that continued to meet the needs of our most vulnerable residents adequately at a time of uncertainty and unrest. Business continuity plans for critical services were developed with clear trigger points, ensuring there was a clear approach towards the risk

management and mitigation of these services, be it increasing operational hours, deploying staff from non-critical services or cross-training where possible. An initial equalities impact assessment does demonstrate the disproportion impact on certain groups with protected characteristics. Further analysis and engagement is being quickly undertaken to enable immediate response, some of which has already come into action (e.g.: bereavement offer).

In maintaining resilience in responding to our most vulnerable residents, the 'We are Islington' programme developed a holistic approach in ensuring the most vulnerable groups are adequately supported through measures such as a new Covid-19 response centre and food distribution hub. Revisions were made to adequately manage new response needs to safeguarding, hospital discharges and the care in domiciliary and homes, with the provision of PPE supplies where required. The enforcement of social distancing measures and revised models to manage excess deaths framework have been in place since early April.

The council has undertaken forecast planning of estimated financial pressures from when the Covid-19 impact commenced in March 2020 until September 2020. We have also undertaken financial monitoring through the period and highlighted the financial effects of the pandemic as part of the total variances. An MTFs refresh is underway which will result in a formal revision of savings position and revised timelines and aims in plugging this gap.

The Council has commenced a framework in planning for a 'new normal, which focuses on a process of rebuilding, restoring and rehabilitating services through an extended process. Impacts are being considered on strategic priorities, projects and programmes with an understanding of the extent to which we begin to restore, reinvent and retain services. The MTFs refresh will bring us to a position of understanding the fiscal challenges resulting from Covid-19 with clear plans to address this.

During the Covid-19 crisis, the Council is utilising the powers in the 'Local Authorities and Police and Crime Panels (Coronavirus) (Flexibility of Local Authority and Police and Crime Panel Meetings) (England and Wales) Regulations 2020' to hold remote committee meetings. To date the Council has held a number of meetings of the Planning and Licensing Committees and the Executive. Audit Committee is meeting on 18 May and we are currently bringing further meetings back on line.

Other areas

- Uncertainties and emerging implications surrounding Brexit will be considered, however this monitoring will be driven by the timeline attached to Brexit and may therefore change.
- The delivery of the savings and Capital programmes will rely on these programmes being well managed and monitored. A project is underway to review the governance mechanisms in place, to ensure they appropriately support the delivery of these programmes.
- The Council continues to support the delivery of the Information Governance Strategy that sets out its commitment to ensuring the Council's continued compliance to legislation and this will continue to be tracked in the coming year.

- In recognition of the change in local NHS commissioning arrangements to move to one Clinical Commissioning Group governed at a 5 borough level (from 1 April 2020), and the impact of commissioning budgets and operations; we have included Health and Social Care Integration risk as a new Principal risk.

We propose over the coming year to take steps to address the above matters to further enhance our governance arrangements. We are satisfied that these steps will address the need for improvements that were identified in our review of effectiveness and will monitor their implementation and operation as part of our next annual review.
