------------------------------	--------	------------

SUBJECT: Quarter 3 Performance Report: Housing
1. Synopsis

- 1.1 The council has in place a suite of corporate performance indicators to help monitor progress in delivering the outcomes set out in the council's Corporate Plan. Progress on key performance measures is reported through the council's Scrutiny Committees on a quarterly basis to ensure accountability to residents and to enable challenge where necessary.
- 1.2 This report sets out Quarter 3 progress against targets for those performance indicators that fall within the Housing outcome area, for which the Housing Scrutiny Committee has responsibility.

2. Recommendations

- 2.1 To note performance against targets in Quarter 3, 2020/21 for measures relating to Housing.

3. Background

- 3.1 A suite of corporate performance indicators has been agreed for 2018-22, which help track progress in delivering the seven priorities set out in the Council's Corporate Plan - *Building a Fairer Islington*. Targets are set on an annual basis and performance is monitored internally, through Departmental Management Teams, Corporate Management Board and Joint Board, and externally through the Scrutiny Committees.
- 3.2 The Housing Scrutiny Committee is responsible for monitoring and challenging performance for the following key outcome area: Housing: Delivering decent and genuinely affordable homes for all

4. Quarter 3 performance update – Housing

4.1 Key performance indicators relating to Housing.

Yes	Indicator	2018/ 19 Actual	2019/ 20 Actual	2020/ 21 Target	2020/ 21 Q3 YTD	On target?	Q3 last year	Better than Q3 last year?
H1	Number of genuinely affordable new homes (social rented or shared ownership) completed by the Council	70	63	111	0	No	39	No
H2	Number of genuinely affordable new homes (social rented or shared ownership) completed by Developers	174	89	118	106	Yes	89	Yes
H3	Number of planning permissions agreed for new council housing	109	0	43	3	Yes	0	Yes
H4	Total number of new council homes (net growth taking into account new homes and homes sold through right to buy)	99	25	54	-10	No	14	No
H5	Number of severely overcrowded households assisted to relieve their overcrowding	133	144	150	137	Yes	111	Yes
H6	Number of under-occupied households that have downsized	161	152	160	74	No	118	No
H7	Percentage of LBI repairs fixed first time	81.2%	87.7%	85.0%	93.7%	Yes	87.4%	Yes
H8	Major works open over three months as a % of Partners' total completed major works repairs	14.0%	17.0%	15.0%	21.0%	No	17.5%	No
H9	Rent arrears as a proportion of the rent roll - LBI	2.86%	3.92%	3.75%	4.84%	No	3.6%	No
H10	Rent arrears as a proportion of the rent roll - Partner properties	2.95%	3.71%	3.25%	5.08%	No	3.4%	No

H11	Number of households accepted as homeless	203	348	400	203	Yes	264	Yes
H12	Number of households in nightly-booked temporary accommodation	390	316	350	386	No	336	No
H13	Number of street homeless supported into accommodation	69	155	45	144	Yes	105	Yes

4.2 *H1: Number of genuinely affordable new homes (social rented or shared ownership) completed by the Council*

This indicator is behind target: new homes expected to be completed this quarter have been pushed back to Quarter 4 or early in 2021/22, primarily due to the constraints on the number of people who can be on site at a time. All on site schemes will complete but due to a revised timetable due to the pandemic. The council is still on track to meet its 2022 new homes target.

4.3 *H2: Number of genuinely affordable new homes (social rented or shared ownership) completed by Developers*

This indicator is on target, with 36 new homes completed on the Almeida Post Office site. A 12-home project at Hyde Village has slipped to Q4 completion.

4.4 *H3: Number of planning permissions agreed for new council housing*

This indicator is on target: Three new planning permissions have been agreed this year, in line with the anticipated schedule. The main bulk of planning permissions for this year are expected to come through in Quarter 4.

4.5 *H4: Total number of new council homes (net growth taking into account new homes and homes sold through right to buy)*

This indicator is behind target, due to the delays in completion as a part of H1. The indicator takes the number of council homes sold through right to buy away from the total number of new council homes completed. This therefore indicates that 10 homes have been sold under right to buy up to and including Q3.

4.6 *H5: Number of severely overcrowded households assisted to relieve their overcrowding*

This indicator is ahead of target – 137 households have been helped to relieve their overcrowding so far this year, which is ahead of the same position last year and the total annual performance from 2018/19.

4.7 *H6: Number of under-occupied households that have downsized*

This indicator is slightly below target. The profiled target for this point in the year was 120 households supported to downsize. This is linked to the challenges of helping people to move homes during the pandemic.

4.8 *H7: Percentage of LBI repairs fixed first time*

This indicator is on target: Performance against this indicator continues to be high, with a completion rate of 93.7% ahead of the target and the same point last year. This is partly due to the prioritisation of emergency repairs, and these have a higher first time fix rate than the average repair.

4.9 *H8: Major works open over three months as a % of Partners' total completed major works repairs*

This indicator is below target at 21% is below the target of 15%, this is due to the challenges of conducting major work during the latest lockdown.

4.10 *H9: Rent arrears as a proportion of the rent roll - LBI*

This indicator is below target: Rent arrears is one of the areas that have been hardest hit during the pandemic, with households losing income, more households moving on to Universal Credit, and a freeze on recovery activities.

Income recovery work resumed during the summer has brought the proportion down to 4.5%, but the combination of Christmas and the latest lockdown have pushed the figure back up again.

4.11 *H10: Rent arrears as a proportion of the rent roll - Partner properties*

This indicator is below target: As noted above, rent arrears is one of the areas that have been hardest hit during the pandemic, with households losing income, more households moving on to Universal Credit, and a freeze on recovery activities.

4.12 *H11: Number of households accepted as homeless*

This indicator is on target: 203 households have been accepted as homeless up to the end of Quarter 3, which is lower than last year's figure and better than the profiled target of 300.

4.13 *H12: Number of households in nightly-booked temporary accommodation*

This indicator is slightly below target. This indicator has been affected by the need to move rough sleepers in to temporary accommodation during the pandemic, and the difficulties around organising household moves. However, it is still ahead of the same point last year, despite these challenges.

4.14 *H13: Number of street homeless supported into accommodation*

144 people who were street homeless have been supported in to accommodation so far this year, ahead of the annual target and the same period last year.

5. **Implications**

Financial implications:

5.1 The cost of providing resources to monitor performance is met within each service's core budget.

Legal Implications:

5.2 There are no legal duties upon local authorities to set targets or monitor performance. However, these enable us to strive for continuous improvement.

Environmental Implications and contribution to achieving a net zero carbon Islington by 2030:

5.3 There are no environmental impact arising from monitoring performance.

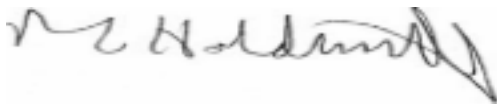

Resident Impact Assessment:

- 5.4 The council must, in the exercise of its functions, have due regard to the need to eliminate discrimination, harassment and victimisation, and to advance equality of opportunity, and foster good relations, between those who share a relevant protected characteristic and those who do not share it (section 149 Equality Act 2010).
- 5.5 The council has a duty to have due regard to the need to remove or minimise disadvantages, take steps to meet needs, in particular steps to take account of disabled persons' disabilities, and encourage people to participate in public life. The council must have due regard to the need to tackle prejudice and promote understanding.

6. Conclusion

- 6.1 The Council's Corporate Plan sets out a clear set of priorities, underpinned by a set of firm commitments and actions that we will take over the next four years to work towards our vision of a Fairer Islington. The corporate performance indicators are one of a number of tools that enable us to ensure that we are making progress in delivering key priorities whilst maintaining good quality services.
