prepare, publish and maintain a statement of compliance against a set of six principles for pension fund investment, scheme governance, disclosure and consultation.

3.3. The Myners principles and compliance forms part of Islington Pension Fund's published Statement of Investment Principles. 3.4 The key objectives of the five-year business plan agreed at the September 2020 Pensions sub-committee:

- To achieve best practice in managing our investments in order to ensure good long-term performance, sustainability of the Fund, value for money and a reduction in managers' fees wherever possible and pursue new investment opportunities" plus an expectation of strong business ethics from fund managers also"
- To continually improve our administration and governance in order to deliver an excellent and cost effective service to all fund members

To engage with companies as an active and responsible investor with a focus on good corporate governance and environmental sustainability, whilst achieving a financial return for the fund and addressing societal impact and a focus on strong business ethics and reputation to ensure the safeguarding of the Fund and its members

- To actively monitor and challenge poor performance in managers and to pursue new investment opportunities
- To develop collaboration opportunities with other funds for sharing of services and pooling

3.5 The five-year business plan with progress to June 2021 is attached as Appendix A. Members are asked to consider and note progress made and undertake a review of the plan's objectives for any amendments for the next 4 years.

It is envisaged that a good business plan with effective actions as a whole will lead to efficiencies in running the fund and cost savings.
