PROTECTIVE MARKING

This standard review application follows on from a summary review application submitted by Police on 16/02/2022 that did not progress owing to a Council administration oversight that saw the second hearing not take place within the legal time limit on 17/03/2022.

Police concerns re the multiple and grave failings in the standards of management and training at the premises that holds a 24hrs licence still remain re the premises following these proceedings not being able to be progressed.

The Holloway Food Centre is a 24 hour licensed off licence and grocery store based on Seven Sisters Road N7 . The current licence is LN/2537-041120.

The offence which initially triggered the summary review application occurred on Sunday 13th February 2022 at 0449hrs following the stabbing of a member of the public/customer outside the premises by a staff member who was a relative of the designated premises supervisor and premises licence holder [subsequently arrested] armed with a commando type knife [from CCTV images] resulting in significant knife inflicted injuries injuries after a disagreement at the premises. Of 2 other staff on duty that evening one is seen to self arm with a pole and the other is found in possession of class B drugs on police arrival after the victim calls police. The premises do not contact police. The male with the knife and stick do not wait for police after the assault and flee the scene.

A further incidence of violence was reported to police at the premises at 0009 hrs on Monday 14th February 2022 where a male reported he had his teeth knocked out after being punched by someone known to shop staff directly outside the premises and that shop staff witnessed this event before he fled in fear of further injury.

Police respectively request that the Committee give consideration to all options available under the Licensing Act .

Please provide as much information as possible to support the application: (please read guidance note 3)

PROTECTIVE MARKING

At 0449hrs on Sunday 13th February 2022 Police receive a call from a male stating he needs Police as there is 'too much blood'. Police arrive on scene at 0503 hrs to a male standing in the road outside the premises initially presenting with a deep cut to his forearm. The male states he has been attacked by 2 men who work inside the shop who have injured him with a machete [from CCTV later obtained it appears to be a silver bladed combat type knife with a black sheath]. The male also had a slash to his face approx 5cm long and a slash wound to his stomach that was 12cm long.

After administering first aid, Police entered the shop spoke to the one remaining staff member on scene. He was found in possession of cannabis for which he was dealt with by way of community resolution. He could not access or show the premises CCTV to officers as he could not work it. A crime scene was set up due to the amount of blood outside the premises, injuries sustained and the allegation made. A further witness approached police and stated 2 shopkeepers from the premises had attacked both him and the male with knife wounds.

When Mr Kavak was able to attend at 0600 hrs to work the CCTV it became apparent that the CCTV was out by 1 hrs on timings and had started as early as 0429 hrs before the victim was able to call at 0453hrs.

The limited footage available would indicate that one shopkeeper [nephew of licence holder] approaches the victim whilst holding the unsheathed knife and makes a slashing and thrusting movement towards him at stomach height at 0429 hrs after having pushed him into the roadway and is clearly not in self defence. One shop worker also appears to be armed with a wooden pole or large stick during the incident. It is not clear if the knife injuries evident when police are notified and attend are sustained at 0429hrs or in prolonged periods off of CCTV view prior to police arrival.

At no stage did the venue or staff contact either an ambulance or the Police.

The limited CCTV the premises was able to provide has been made into a presentation by specially trained officers for viewing at the review and access details remain the same as previously.

The documentation provided for the summary application will be resubmitted for this review application with my statement detailing a timeline of engagement with the premises documenting the interactions and events that have led up to the decision to submit a review. An itinerary of the documents supporting the review will also be submitted.

Respectfully submitted for members consideration , PC 3472CN Tim Livermore, Islington Police Licensing team.

The following THRIVE+ provides the current threat, harm and risk assessment. It also sets out the initial investigatory actions taken by attending officers and the perceived vulnerability of any victims/witnesses. It will also set out the actions that have been taken at this early stage to prevent risk of harm recurring and set out any opportunities to address apparent harm and risk.

As the reporting officer I am mindful of the statutory requirements and responsibilities for disclosure and an investigation planning will consider all reasonable lines of enquiry leading either towards or away from an individual or suspect.

Initial Investigation

ON SUNDAY the 13TH of FEBRUARY 2022, CAD1346/13FEB22 - Injured party at venue with multiple stab wounds. Stated that it was shop workers who had inflicted these injuries on him and a machete had been used.

Only one shop worker remained on scene, the rest had left prior to police arrival. SUS1 S&S under Section 1 of PACE 1984 - no weapons found. However, during search a small bag of cannabis found. SUS1 stated this was for personal use. SUS1 was not linked to GBH w/intent.

I am trained in the use of Community Resolutions. I have investigated this matter which I consider to be a low-level offence of possession of cannabis (class B controlled substance) and

[REDACTED] capable of proof. I am is experienced and can confirm the substance found in SUS1's possession is Cannabis.

Suspect fully admits having committed the offence and his identity was confirmed. The suspect, is over the 18 years and not considered vulnerable, has had the Community Resolution process of explained to him, fully understands and is willing to participate in it.

The suspect has not been previously charged / issued a caution / issued a PND or issued with a Cannabis Warning / Community Resolution for possession of Cannabis since 2009.

I therefore believe that Community Resolution is the most appropriate means of disposal in this case because:

- Offence/incident CR suitable
- Not in public interest to prosecute
- Offender fully admits offence/behaviour
- Sufficient evidence of involvement – full admission by SUS1
- Offender understands the process
- Offender agree to participate in process
- Offender accepts responsibility
- Identity of Offender confirmed
- No relevant offending history

Following reparation agreed with SUS1:

- Provide officers with cannabis for its destruction
- Read cannabis information form on the rear of comm. resolution form

Details of Investigation

14/02/2022 16:16

Immediate & fast track actions:

CAD: 2738/14FEB22

First Aid: VIW was taken to the Whittington Hospital

Named suspects or active leads: No known suspect

Warrant No's/Names of all officers attending scene:

Victim account. Police were made aware of a male who had been a victim of assault on 14/02/22 by LAS who had been called after the VIW had called them complaining of pain. CN72E attended this call, on the way to the VIW's H/A we were updated by LAS that the VIW was being taken to the Whittington Hospital. And that we were to meet them at the hospital. When we arrived at the hospital the VIW was still in the ambulance waiting to be taken into the assessment area at the Whittington Hospital. The VIW's story did not make much sense as to where the incident occurred. The VIW stated that he had been at the ADMIRAL CASINO prior to the incident and believed that he was being followed. The VIW was outside of a "24 hour" shop which is believed to be the HOLLOWAY FOOD CENTRE based on where he was, when a male that he believed that was following him walked into the store. The VIW then states that the male and a shop worker then came back out of the store. Before the member of staff asked the VIW why he pushed his friend. The VIW alleged that the VIW said back to the shop worker that the male that had just come out was following him. At this point the male that VIW1 stated was following him punched him in the face. This has allegedly knocked out several of the VIW's teeth. The VIW has then started to chase the Male, before the male has turned and attempted

Details of Investigation

to hit the VIW again.

The VIW stated that at this point the male ran off after seeing the VIWs "skills".

The VIW was not making a huge amount of sense at the time of taking the report. He had several injuries to his face, and was missing teeth.

The VIW is happy to give a statement and support police action, however he did not wish to give the statement at the time he was making the report and wanted medical attention first.

CID SUPV

From these DETS it appears he was assaulted o/s a 24hr shop by a male unknown to him, no weapon seen/used. The injuries suffered by the victim would be ABH charging standard, regardless of HOCA. The earlier linked CAD 58/14FEB22 from 00:09 hours, shows the venue to be o/s TESCO EXPRESS, 268-270, SEVEN SISTERS ROAD and he initially said he was robbed, then there is mention he has been attacked with a bottle. The victim needs to be spoken to so it can be established what has happened so screened to CN00001 for allocation. If further CID review required once the victim has been spoken to, Team 2 were core team at the DETS relevant time.

CAD set up to cover and closed when resulted . Visit at 2140 hrs after Nightsafe briefing at 2100 and camera collected . Nightsafe officer attended with PC [REDACTED]

Knife was not present and ready for collection . Nothing was awaiting collection . Owner [REDACTED] was there and working behind till . [REDACTED] says they don't have any knife from the incident . He gathered the working shop knives he said shop had while officers present . There were 13 knives found on the first sweep at the premises that [REDACTED] collected up that apparently staff use of all shapes and sizes but mainly small kitchen ones . None were anything similar to that seen on the shared footage screened and available to Licensing Committee at hearing . None had or looked like they would have sheaths . No clear benefit or evidential use in seizing any of them . They have all been in use this week by various members of staff apparently anyway . Licensing officer to categorise the BWV with cris ref when the camera is deployed .

OIC is currently on AL. OIC to update upon his return with result of request to VIIDO re footage downloaded from scene. Not all the CCTV footage was available at time of arrest and interview and this is essential for charging decision to be made.

Noted that licencing officers have attended the venue, and contrary to information provided by solicitor for suspect, no knife matching description of the knife seen in the footage was available for collection by police.

I am the above named person and my details are known to police. The following statement refers to the incident which I was assaulted by two members of staff at Holloway Food Centre, 59 Seven Sisters Road, on 13/02/2022. I was out drinking in a pub in the area of Holloway Road with some friends. We were there for approximately 2 or 3 hours. When the pub closed I then

left. I don't remember if I was with anyone at this point. I then walked to Holloway Food Centre, so I could buy some water. I was with my friend in the shop. I only met them on this night. We were in the shop for 5 to 10 minutes. There were 3 people working in the shop. One member of staff was working behind the till, the other two were on the shop floor. I was speaking to one of the staff on the shop floor asking him for water. This man then started shouting at me "you go outside." He was being aggressive gesticulating with his arms for me to go outside. He was also pushing me in my chest towards the door. I then went outside and the man followed me out. He didn't say anything.

Signature: [REDACTED]

To me but he then went
back inside. I was outside
for around 5 minutes when
the same man then came
back outside holding a large
knife. I don't remember specifically
the man attacking me, the
next thing I remember was my
friend saying to the other man
at staff on the shop floor
"Saying to me "WHAT HAPPENED
FRIEND. THERES TOO MUCH BLOOD"
I had a jacket on which I
could see a lot of blood coming
out from underneath of. The blood
was coming down over my hand
and piling on the floor. I
then lifted my sleeve and saw
the injury of my arm. I then
called the police straight away.
This was around 10 minutes to
5. Police then arrived and the
next I remember I was on

my way to hospital.

The man with the knife
I had never met before. He was
white, he might have had an
east european accent. He was
a little shorter than me with
a larger stocky build. I can't
remember what he was wearing
but he might have had on a
jumper.

The knife was a silver blade
and a black handle. It was
around two feet long.
After attacking me, the man
has gone back into the shop.
The whole incident lasted for
approximately 15 minutes. If I
saw him again I would
recognise the man who attacked.

WITNESS STATEMENT

(CJ Act 1967, s.9; MC Act 1980, ss.5A(3)(a) and 5B; MC Rules 1981, r.70)

Statement of Tim Livermore PC 3472CN URN:

--	--	--	--

Age if under 18 **Over 18** (if over 18 insert 'over 18') Occupation: Police Officer.....

This statement (consisting of: 7 pages each signed by me) is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated anything in it which I know to be false, or do not believe to be true.

Signature: T. Wiermae PC 3472 CN Date: 07/03/2022

I am PC Tim Livermore. I have worked for the Metropolitan Police for 14 years. I am currently a licensing officer for Central North Borough Command Unit working on Islington Borough.

The role involves undertaking patrols of licensed premises; offering assistance to patrons and management on all related matters; assisting with the investigation into, and prevention of, crime on licensed premises; and ensuring that venues fully uphold the licensing objectives.

I submit this further statement in addition to my initial application dated 16/02/2022 to provide a current update as to circumstances and background checks around the premises licence review at :

Holloway Food Centre, 59-61 Seven Sisters Road N7 6BH [Licence number LN/2537-041120].

An application was earlier submitted by myself for summary licence review under S53A of the Licensing Act 2003 dated 16/02/22. This application was accompanied by a certificate signed by Supt Rowlands certifying that in his opinion, the premises is associated with serious crime.

That matter was put before the committee on 18/02/2022 and having received advice around the circumstances it was the determination of the committee that there be interim steps applied pending a full review hearing, now scheduled for 17/03/2022.

Again, and as submitted in my initial statement, this matter revolves around an allegation of serious violence involving weapons by staff members at the venue and the actions at the time of staff at the venue in question and standards of management there . A subsequent report has also now been received for a separate incident of violence associated with the premises at 0009 hrs on 14/02/2022.

The criminal investigation into both these matters is ongoing.

Incident Outline:

- During the early morning of 13th February 2022 the Police receive a call at from a male giving the shop location which is a 24hr licensed convenience store stating there is 'too much blood'. Police now know this male to be the victim of the stabbing.

- Officers attend the address and an allegation is formally made to them by a male with multiple injuries that he has been attacked by shop staff at the location one of whom was armed with a knife, another was armed with a pole or a stick. Initial actions are undertaken by both Police and Ambulance Services. Only 1 of the 3 staff members on duty remains on scene upon police arrival. The staff member remaining is searched for weapons but was found to be in possession of class B drugs.
- Following footage of the assault being obtained it is clear that the incident is ongoing for some time. None of the 3 staff at the venue call Police at any stage during or after the incident. This action would likely have diffused the situation. Police were only notified as a result of a call from the victim. The response from a responsible operator would have been to call the Police when the incident was occurring instead of taking matters into their own hands. The collective actions of staff was wholly unacceptable, criminal and disproportionate to the circumstances. Furthermore, staff chose to flee the scene in order to avoid the consequences of their actions.
- Following the initial investigation, Police conduct a man hunt for the staff member involved in the knife assault owing to the fact he fled the scene. Numerous enquiries at known addresses are conducted to no avail.
- In the days following the incident, the suspect for the knife assault is arrested when he attends a police station. He is the nephew of the premises licence holder and his jacket is seized by officers as it is believed he was wearing it at the time of the stabbing from CCTV recovered by officers attending. The knife was a silver bladed black handled commando or Rambo type knife with a large blade that seems to have had a sheath from footage of the assault. A knife of this type has no place in a retail venue.
- The Police investigation is ongoing into the knife incident. A separate report the following evening 14/02/22 when a different male states that he was assaulted and had his teeth knocked out by someone known to shop staff in front of the venue. From information received by Police, the suspect attends the venue and meets with a staff member. The staff member is present with the suspect when he assaults the victim. Staff at the venue again failed to call Police to this incident.
- The premises has not been able to demonstrate that staff on duty have been trained or are able to operate and produce CCTV or to keep the records required by the current premises licence during engagement since the knife incident. The manager, Mr Kaykusuz who stated it was 'his licence' on a subsequent visit to the premises has stated that he can not operate or use the CCTV system sufficiently to download CCTV if requested and police should attend to do it if they want it. The premises did not have an incident log book as required either.
- Mr Kaykusuz although regularly at the premises as the leaseholder and manager is not believed to be a suitable premises licence holder or designated premises supervisor due to a

conviction in February 2017 at the premises for possession of an offensive weapon and a public order offence after chasing a customer from the premises with a hockey stick police indices state.

- The venue offered evidence at the summary review hearing that the knife involved was at the venue and Police were welcome to collect it. This is not case. Police have attended and to date the knife has not been recovered.

Background Timeline : Timeline of events/engagements March 2022-present

Engagement

Date: 16/03/2020

Visit under taken with colleagues from Trading Standards. Council 'No Knife Shop' campaign re premises that do not need to be stocking knives as part of their core offer agreeing to stop stocking them in interests of public safety and immediate availability. The PLH and DPS for the premises were shown as Mustafa Atici but he was not present and told he is rarely there. Idris stated the premises would not stop stocking knives now as they had a large stockholding and kitchen products were a best selling line for them especially in the evenings. Scheme leaflet left with Idris. Idris was told Mustafa would have to be contacted as he was the PLH and DPS and after initially saying that the premises would continue selling knives Idris then said it might be that they would stop once current stocks were sold.

Engagement

Date: 09/06/20

Return visit as part of Islington Trading Standards led No Knife initiative. Previously stated premises would consider no longer stocking knives once stock sold down. Licensing queries made still re who owns or runs as DPS/PLH [Mustafa Atici] was still absent. Staff stated owner was Idris Kaykusuz but was not present and premises still stocked knives. Letter re initiative left and police licensing card left.

Report to police that male staff member in his thirties with a beard had made homophobic remarks and verbally assaulted a customer and then thrown items of stock at them until they had left shop. Crime report closed after informant stated they did not wish to speak to police or progress as a crime.

Visit conducted on 18/06/2020 at 1330 hrs. Visit conducted and paperwork completed with store manager, Idris Kaykusuz as DPS/PLH not present. Idris stated he believed complainant was a regular customer who regularly purchased K cider and he and staff member involved had made up after a misunderstanding over a 'joke' and customer had been in since. week as per licence and had a 16 camera CCTV system installed with a recently newly fitted hard drive. 3 cameras covering front of store, 1 covering rear delivery area and other 12 sited in store.

Licence breaches identified on visit were no general incident log book kept or clear age verification policy. Letter send to DPS/PLH as premises has been invited to engage re breaches and give assurances and evidence of steps taken to address and comply with their current licence conditions and provided with police recommendations in regard to their dated Council premises licence. Letter returned on 06/07/2020 PLH and DPS Mustafa returned as not known at address. Idris supplied a different address for him in Enfield. Letter reposted, Council licensing support manager informed and response sent to Idris asking him to have Mustafa officially inform the council of his change of address to correct licence. This letter also latter returned as not known at this address. Checks made after visit following queries from Idris found he was arrested at the premises in 2017 and convicted of offensive weapon and public order offences after chasing customer from store with a hockey stick [the premises does not stock sports goods]. Idris had asked for advice as stated he had a recent conviction for a weapons enabled assault at a nightclub that meant he might not be able to be the DPS but the premises arrest was not mentioned. It was not clear that the above ever came to attention of then police licensing team at time or if council licensing were aware as no other incident references found.

Engagement

Date: 30/09/2020

Return visit made due to lack of engagement since last visit and clear PLH does not reside at licence address and no contact details for him with post being returned to Police. Spoke with manager Idris who stated he and his new business partner Eshabel Kavak will be transferring the licence to themselves as Mustafa Atici is stepping down and that also Eshabel Kavak who has a personal licence with Haringey Council will be applying to be the designated premises supervisor at the premises. Confirmed that once he is the PLH police looked forward to engagement re the recommended conditions for 24 hrs licence there as discussed and passed on in earlier emails after the crime related visit police made in June 2020. Mr Kaykusuz was still aware that it would likely not be before MAR2023 that he would be line for a personal licence or to become the designated premises supervisor at this store or elsewhere himself following earlier convictions.

Application

Date: 04/11/2020

Summary: Premises Licence Transfer & DPS Transfer received and processed for Eshabel Kavak changing from Mustafa Atici who had never been able to be traced or contacted. Now Mr Kavak has formally taken over after police crime visit in JUN20 noted he would be approached to progress the recommendations to 24 hrs licence discussed and agreed in principle then after breaches and management lapses.

Engagement

Date: 09/11/20. Visit made to speak with new PLH/DPS, Eshabel Kavak. He wasn't present but a letter was left for him. He later called and confirmed receipt and gave an email address for his daughter to have it emailed to also so that she could explain it to him as she helps him with writing and reading English he stated. Police notified on 16/11/20 that Council had declined minor variation from premises

Date: 14/02/2022

Time: 0009 hrs

Police received a report of an assault the following day with a different victim to the previous stabbing incident. When uniformed officers were able to locate the victim subsequently at hospital he stated that the suspect for the assault had come out of the venue in the company of staff who he appeared to know and the suspect has made an allegation to the victim but before he can respond the suspect has punched him in the face causing serious facial injury including knocking out teeth and the victim fled in fear of further injury. No call, intervention or welfare evidenced from premises and staff complicit from details known to date. No incident pack yet provided by premises.

Engagement

Date 16/02/2022 – Police attend with Council Licensing to deliver notice re summary review application. As Mr Kavak was not present officer fully explained to Idris who had questions the reasons

and procedure and advised him to have Mr Kavak to consider consulting and instructing a solicitor with licensing experience.

18/02/22 – Licensing Sub-Committee hears submission and issues interim steps following first hearing. Solicitor representing stated that his client had the knife used from the stabbing incident secured at the premises.

Engagement

18/02/22 – Police returned to secure the knife from the stabbing at 2140 hrs on the evening of the hearing as evidential having been informed it was present. The knife wasn't there and wasn't awaiting collection. Eshabil Kavak was present and did not know about any knife awaiting collection or why this would have been said. There were 13 working knives found at the premises which Mr Kavak collected up on the first sweep of all shapes and sizes that he said staff used but were mainly all small kitchen ones. None were anything similar to what was seen on footage viewed of the stabbing incident. None appeared evidential and none were seized for the investigation. They had all been in use by staff since the incident it was stated and Mr Kavak confirmed the male arrested in relation to the incident was his nephew, Ali.

Engagement

24/02/22 – At 1305 hrs Police accompanied the Council Licensing Officer to premises for him to assess current compliance with licence and for Police to collect incident pack collated by premises for 14/02/22 incident after premises had said that it was ready on 23/02/22. No pack was ready and CCTV had not been downloaded. Manager and owner/boss [according to day shop staff] Mr Idris Kaykusuz attended the premises to open the managers office at rear after a phone call. He knew nothing of any pack. He opened the locked manager's office and stated that even though it was a current licence condition and had been part of discussions in earlier years he could not work the CCTV and there was no general incident log-book still. He had been able to work the CCTV when police attended in June 2020 records indicated.

Engagement

03/03/22 – Police have contacted the solicitor who represented the premises at the first hearing to see if they are planning to ask for any engagement or meeting before the second hearing re the premises implementing the previous recommendations and/or, bolstered licence conditions, personal licence holder on duty while open, staff training measures, management checks or CRB checks on staff in future. Response still awaited.

Recommendations:

The incidents of concern are highlighted above and speak for themselves;

- The presence of a Rambo knife in a retail environment
- Staff arming themselves to deal with a disruptive members of the public

- Staff continually failing to call Police to incidents of violence and disorder
- Staff fleeing the scene following a GBH
- Staff being found in possession of drugs
- Continued failure to adhere to the conditions of the premises licence (ie

Police have made efforts to engage with Mr Kavak since the incident on the 13th February. The venue have been unable to supply basic information formally requested via 'incident pack' requests. This includes incident reports and CCTV as detailed.

Both Police and the Local authority have engaged with the venue over recent years. Conditions have been suggested that would assist in safeguarding against such incidents have not been acted upon.

Although the suspect for the knife offence remains under investigation, the Police view remains that the grave severity of the initial incident as evidenced by the footage viewed and the weapons availability and willingness to use it at the venue constitute a continuing risk of serious crime and risk to the public. The further report received and a staff member in charge being found in possession of drugs are also of concern. Police checks indicating there have previous violence and weapon related convictions at the venue also cause concern re leadership, training, staff supervision and management standards.

The sale of alcohol brings with it additional risk and the need for responsible control and management. This is even more the case for a premises with a 24 hrs licence. It is clear that this responsible management is simply not present at this venue and the licensing objectives are not being upheld. Police are concerned as to the safety of the public as and when future incidents occur.

Police respectfully request that the committee give serious consideration to all options available under the licensing act.

Good Afternoon,

Trading Standards supports this review.

Licensing Objective

The prevention of crime and disorder

Licensing Policy Considerations

Licensing Policy 17 – “Illicit Goods”

Licensing Policies 7 & 8 – “Operating Schedule & Management Standards”

The premises was visited twice by TS as part of our illicit alcohol and tobacco project in 2021. On 24th January 2022, they were found to be selling illicit Polish Debowe and Perla Black beers that were non UK duty paid. They were asked to remove them from sale by attending officers. The premises has been uncooperative with TS officers and refused to take part in our No Knife Shop scheme when approached.

As illicit goods have been discovered at these premises, it is questionable whether the applicant is able to run their businesses lawfully and in accordance with good business practices. This also demonstrates a lack of compliance with legal requirements.

The Trading Standards Service is therefore of the opinion that this undermines the Licensing Policy and objectives and should subsequently be revoked. Alternatively, Trading Standards would welcome the addition of the following conditions:

- The licensee shall adopt a ‘Challenge 25’ policy and promote it through the prominent display of posters.
- The licensee shall put arrangements in place to ensure that before serving alcohol to persons they believe to be less than 25, staff ask to see accredited proof of age: that is, proof of age cards carrying the ‘PASS’ logo (and no others), a Passport, or UK Driving Licence bearing the photograph and date of birth of the bearer.
- The licensee shall ensure that staff are trained about age restricted products and ensure that they sign to confirm that they have understood the training. The licensee shall keep records of training and instructions given to staff, detailing the areas covered, and make them available for inspection upon request by the licensing team, police or trading standards.
- The licensee shall require staff to note any refusals to sell to young people in a refusals log. The refusals log shall be made available for inspection upon request by the licensing team, police or trading standards.

Trading Standards would also welcome the addition of a condition on the licence prohibiting the sale of knives and other bladed articles, if the committee deem this appropriate.

Subject: Premises Licence Review: Holloway Food Centre

Dear Sir/Madam,

We have received the attached application for a **Premises Licence (Review)**:

Licence Holder: Eshabil Kavak

Premises Name: Holloway Food Centre

Address: 59-61 Seven Sisters Road

Application received: 24/03/22

Last date for representations: 22/04/22

Reference: N/A

This application to review relates to the following licensing objective(s):The

**Licensing Authority Representation
Licensing Act 2003 – Premises Licence Review**

Premises: **Holloway Food Centre
59-61 Seven Sisters Road N7 6BH**

Licensee: **Premises Licence number:
LN/2537-041120**

Applicant: **Metropolitan Police Service**

I am submitting a representation on behalf of the Licensing Authority in support of the application for a Premises Licence Review submitted by the Metropolitan Police Service. This representation relates to the prevention of crime and disorder and promotion of public safety licensing objectives.

Background

The licensed premises is on the ground floor of the property. The premises have been licensed since at least January 2006 for the off sales of alcohol for 24 hours per day. At the time of the Review being applied for, the licence was held by Eshabil Kavak, who transferred on to the licence and became the Designated Premises Supervisor in November 2020.

The review application

This review application presents the recent serious incident at the premises that took place in the early hours of the morning.

The review application shows disregard for the safety of customers, the Police and the licensing objectives. Staff were un-cooperative and obstructive. No calls were made to the emergency services. We have serious concerns regarding the management of the premises and have no confidence that they can operate without posing a risk to public safety.

During a Trading Standards project, the licensee was found to be selling illicit alcohol that was not duty paid. They were un-cooperative with the officers and refused to take part in the No Knife scheme.

Trading Standards officers question whether the licensee can operate the business lawfully or promote the licensing objectives.

Licensing Policy considerations:

The following Policies, determined by the Licensing Authority as being appropriate to promote the licensing objectives, are relevant to this application:

Licensing Policies 5 and 6 - Licensing Hours

Licensing Policy 8 - Management Standards

Licensing Policy 14 - Alcohol Induced Crime, Disorder and Antisocial Behaviour

Licensing Policy 29 - Review of Licensed Premises

Standards of Management:

When assessing the licensee's ability to demonstrate a commitment to high standards of management the Licensing Authority will take into account whether the applicant or licensee:

- can operate the business in compliance with the licensing objectives
- is able to understand verbal and written advice and legal requirements
- can demonstrate knowledge of the licensing objectives, relevant parts of the Licensing Policy and their responsibilities under the Licensing Act 2003
- is able to run their businesses lawfully and in accordance with good business practices
- can demonstrate a track record of compliance with legal requirements

Where there is a history of non-compliance associated with the management of the premises, the Licensing Authority is unlikely to permit premises to continue to operate without further restrictions on

review, unless there is evidence of significant improvement in management standards.

The Licensing Authority is committed to promoting high standards of management in all licenced premises and expects licensees to demonstrate this through their management practices. Experience indicates that where these standards are not met, the licensing objectives are likely to be undermined.

Licensing Hours

The Licensing Authority may impose limitations on hours upon review of the licence, particularly where the premises are shown to be the focus or cause of nuisance or anti-social behaviour.

The premises is in Finsbury Park Ward which has become saturated with late night premises selling alcohol, where there is a high level of crime and anti-social behaviour such as noise, street drinkers and disturbance to local residents, that continue through the early hours of the morning.

Additionally there is an alcohol and drug dependency service very close by, catering for vulnerable people who are attracted to shops open early in the morning and selling hi strength beers and ciders.

Review of Licensed Premises

The Licensing Authority will apply the full range of powers available to it when a review of a premise licence becomes necessary, including:

- Restricting hours of operation
- Removing licensable activities from the premises licence
- Imposing additional conditions
- Require the removal of a designated premises supervisor
- Suspending a licence
- Revoking a licence.
- The Licensing Authority believes that the promotion of the licensing objectives are best achieved in an atmosphere of mutual co-operation between all stakeholders. Reviews are therefore mainly reserved for circumstances where early warnings of concerns and the need for improvement have gone unheeded by the management of the licensed premises.

Recommendation

The Licensing Authority has submitted this representation, having considered all the evidence presented by the Metropolitan Police and the Trading Standards Service. It is recommended that the Licensing Sub-Committee consider imposing additional restrictions on the licence and fully support the Police recommendations.
