3. Background

- 3.1 The Public Services Pensions Act 2013 requires the establishment of local pension boards for each Local Government Pension Fund. Each administering authority must establish a pensions board no later than 1 April 2015.
- 3.2 Local Government Pension Scheme (Amendment) Governance Regulations 2014 (the Governance Regulations) provide that Pensions Board will have responsibility for assisting the 'scheme manager' (the Pensions Committee in Islington's case) in relation to the following matters:

To ensure compliance with:

- the Local Government Pension Scheme Regulation (LGPS),
- other legislation relating to the governance and administration of the LGPS, and
- the requirements imposed by the Pensions Regulator in relation to the LGPS to ensure the effective and efficient governance and administration of the scheme.

3.3 The Pensions Committee is the decision making body of the Fund and the Pension Board can only advise or make recommendations to the Pensions Committee

The Pension Board should therefore be mindful;

- Its work plan should take account of the Fund's own work programme and seek to add value
- Servicing the Pension board will consume Fund management resources and time
- Senior Fund officers servicing the pension Board may on some fund performance issues be personally compromised and conflicted
- Some work items required may need the use of specialist external consultancy resources rather than using the officers servicing the Fund.
