1. RECOMMENDATION

The Committee is asked to resolve to **GRANT** planning permission: subject to the conditions set out in Appendix 1

2. SITE PLAN (site outlined in black)

3. PHOTOS OF SITE/STREET

Image 1: View of application site.

4. SUMMARY

- 4.1 Advertisement consent is sought for the installation of a free standing self-illuminated advertisement display panel (6 sheet) on the west side of St John Street outside Finsbury Library.
- 4.2 The application is brought to committee because it is a Council-own development.
- 4.3 The proposed advertisement display panel will neither harm the character or appearance of the adjacent buildings nor the wider street scene, nor will it materially affect the amenity of adjacent residents or have a detrimental impact on pedestrian and highways safety.
- 4.4 It is recommended that advertisement consent be granted subject to conditions.

5. SITE AND SURROUNDING

- 5.1 The proposed advert is to be sited on the pavement on the west side of St John Street outside Finsbury Library. The immediate area is characterised by two storey library buildings on the same side as the application site with a large residential block of flats located behind a single storey shop front on the eastern side of St John Street.
- 5.2 The surrounding buildings adjacent to the site are not listed and the site is not located within a Conservation Area, but within 50 metres of the Clerkenwell Green and Northampton Square Conservation Area.

6. PROPOSAL (IN DETAIL)

- 6.1 Advertisement consent is sought for the installation of a freestanding self-illuminated advertisement display panel (6 sheet) on the west side of St John Street outside Finsbury Library.
- 6.2 The proposed sign will measure a maximum of 2.6 metres in height, 1.3 metres in width and 0.2 metres in depth. The visible area of the digital screen display will measure 1.1 metres in width and 1.7 metres in height. The proposed display will be internally illuminated and the LED backlit display brightness will be fully adjustable to distinguish between day and night ambient levels.

9. RELEVANT POLICIES

Details of all relevant policies and guidance notes are attached in Appendix 2. This report considers the proposal against the following development plan documents.

National Guidance

9.1 The National Planning Policy Framework 2012 and Planning Policy Guidance seek to secure positive growth in a way that effectively balances economic, environmental and social progress for this and future generations. The NPPF and PPG are material considerations and have been taken into account as part of the assessment of these proposals. Development Plan

9.2 The Development Plan is comprised of the London Plan 2015 (Consolidated with Alterations since 2011), Islington Core Strategy 2011, Development Management Policies 2013, The Finsbury Local Plan 2013 and Site Allocations 2013. The policies of the Development Plan that are considered relevant to this application are listed at Appendix 2 to this report.

Designations

9.3 The site has the following designations under the London Plan 2015, Islington Core Strategy 2011, Development Management Policies 2013, and Site Allocations 2013:

- Finsbury Local Plan Area
- Local ViewsL Local view from the Angel
- Mayors Protected Vistas- Alexandra Palace viewing terrace to St Paul's Cathedral
- Within 50 metres of Clerkenwell Green Conservation Area
- Within 50 metres of Northampton Square Conservation Area

Supplementary Planning Guidance (SPG) / Document (SPD)

9.4 The SPGs and/or SPDs which are considered relevant are listed in Appendix 2.

10. ASSESSMENT

10.1 The main issues arising from this proposal relate to:

- Amenity
- Highways Safety

Amenity

10.2 Islington's Planning Policies and Guidance encourage high quality design which complements the character of an area. In particular, policy DM2.1 of Islington's adopted Development Management Policies requires all forms of development to be high quality, incorporating inclusive design principles while making a positive contribution to the local character and distinctiveness of an area based upon an understanding and evaluation of its defining characteristics. Furthermore, Development Management Policy DM2.6 requires all advertisements to be of a high standard and contribute to a safe and attractive environment. Any new sign should not cause a public safety hazard or contribute to a loss of amenity and should be appropriate to the building,

10.3 The application site is not located in a conservation area, although it is located in close proximity to the Clerkenwell Green and Northampton Square Conservation Area. It is important to ensure that any new signage would not have a detrimental impact on amenity of the surrounding area.

10.4 The proposed advertisement sign will be positioned on a wide pavement between two telephones boxes. The pavement also has a line of trees and an information board. Whilst the sign will be located on the pavement, it will be seen against the backdrop of a two storey buildings to the rear and on the other side of the road is a will be located adjacent to existing street signage.

10.5 The proposed sign will measure 2.65 metres in height and 1.3 metres in width and will be set on the existing pavement. It is considered that when viewed against the back drop of the large property to the rear the proposed advertisement sign will not create an overly dominant feature that would have a detrimental impact on amenity. Immediately adjacent to the site existing street signage exists and other street clutter in the way of telephone boxes. It is therefore considered that the proposal will not result in unnecessary and additional clutter to the detriment of the existing landscape. Furthermore, as the sign is not located immediately adjacent to any neighbouring residential windows, it is not considered that the signs, by reason of their illumination, would have a detrimental impact on residential amenity. Furthermore, given the size and siting of the sign immediately in front of an existing brick wall, it is not considered to have an impact on crime. The proposed sign will be located on an existing hard surfaced area and will therefore not impact on the health of any existing trees.

10.6 Given the above, the proposal is considered to be consistent with the aims of Council objectives on design and in accordance with policies 7.4 (Character) of the London Plan 2015, CS8 (Enhancing Islington's character) of the Core Strategy 2011 and Development Management Policies DM2.1 and DM2.6.

Highways Safety

10.8 It should be ensured that all new advertisement signs do not cause a hazard to pedestrians or road users, as a result of their visual dominance and method of illumination, in accordance with policy DM2.6 of the Islington Development Management Policies 2013.

10.9 The proposed sign will be internally illuminated, will not have flashing illumination and will have an LED backlit display brightness which can be adjusted to suit the day/night ambient levels. The sign will be set immediately adjacent to the pavement to ensure there are no public safety hazards and maintain the free flow of pedestrian traffic. It is therefore considered that the proposed sign would have a detrimental impact on highways safety, as such the proposal is therefore not considered to cause a hazard to pedestrians or road users in line with policy DM2.6 of the Islington Development Management Policies June 2013.

11.0 SUMMARY AND CONCLUSION

11.1 The proposed advertisement display panel is considered to be acceptable with regards to amenity and highways safety.

11.2 In accordance with the above assessment, it is considered that the proposed development is consistent with the policies of the London Plan, the Islington Core Strategy, the Islington Development Plan and associated Supplementary Planning Documents and should be approved accordingly.

Conclusion

11.3 It is recommended that advertisement consent be granted subject to conditions as set out in Appendix 1 – RECOMMENDATIONS.

APPENDIX 1 – RECOMMENDATIONS

RECOMMENDATION A

That the grant of advertisement consent be subject to conditions to secure the following:

List of Conditions

1	Standard advertisement conditions
	<p>CONDITION: Any advertisement displayed and any site used for the display of advertisements, shall be maintained in a clean and tidy condition to the reasonable satisfaction of the Local Planning Authority.</p> <p>Any structure or hoarding erected or used principally for the purpose of displaying advertisements shall be maintained in a safe condition.</p> <p>Where an advertisement is required under these Regulations to be removed, the removal shall be carried out to the reasonable satisfaction of the Local Planning Authority.</p> <p>No advertisement is to be displayed without permission of the owner of the site or any other people with an interest in the site entitled to grant permission.</p> <p>No advertisement shall be sited or displayed so as to obscure, or hinder the ready interpretation of any road traffic sign, railway signal or aid to navigation by water or air, or so as otherwise to render hazardous the use of any highway, railway, waterway (including any coastal waters) or aerodrome (civil or military)</p>
2	Luminance
	<p>CONDITION: The advertisement display(s) shall be statically illuminated and the illumination shall not exceed a maximum steady brightness of 300 candelas per square metre during the hours of darkness consistent with the guidance set out in the Institute of Lighting Professionals (ILP) publication: "The Brightness of Illuminated Advertisements" (PLG05, January 2015).</p> <p>The advertisement displays shall be carried out strictly in accordance with the details so approved and shall be maintained as such thereafter.</p> <p>REASON: In the interests of visual amenity and highway safety.</p>
3	Display time
	<p>CONDITION: The minimum display time for each advertisement shall be 10 seconds, the use of message sequencing for the same product is prohibited and the advertisements shall not include features/equipment which would allow interactive messages/advertisements to be displayed.</p> <p>REASON: In the interests of visual amenity and highway safety.</p>
4	Special effects
	<p>CONDITION: There shall be no special effects (including noise, smell, smoke, animation, exposed cold cathode tubing, flashing, scrolling, three dimensional, intermittent or video elements) of any kind during the time that any message is displayed.</p> <p>REASON: In the interests of visual amenity and highway safety.</p>
5	Display functions
