Dear Sirs

**Summary Review of Fabric, 77A Charterhouse Street, Islington, London, EC1M 3HN  
Premises Licence**

We act for Fabric Life Limited the Premises Licence holder for Fabric, 77A Charterhouse Street, Islington, London, EC1M 3HN.

The final review hearing is listed for Tuesday 6<sup>th</sup> September 2016 at 6.30pm.

Please find herewith the following:

1. Schedule of documents in support of the Premises Licence holder;
2. Documents detailed in the schedule of documents; and
3. Conditions offered as remedial action to the Summary Review.

We would suggest that the essential reading for the committee members prior to the hearing would be the witness statements of Cameron Leslie, Luke Laws, Professor Fiona Measham and Darrell Butterworth and our schedule of conditions offered.

We appreciate there are difficulties in relation to time scale and scheduling for this matter. However we estimate that it will take an hour for the Premises Licence holder to answer the criticisms raised in the police review documentation.

We would respectfully request therefore that we are given an hour to highlight the issues which are needed to be considered by the Licensing Authority Sub-Committee. As we are sure you will appreciate with the request being for revocation there are a significant number of jobs (250) at risk and also the loss of a huge investment and part of the London night life and music scene. At the previous appeal before District Judge Lucie, she highlighted that it had taken her three days to fully grasp the evidence and in the circumstances we would ask to ensure that we are given the appropriate amount of time to deal with this matter properly.

Yours faithfully

**Woods Whur**
